DUNHAM, WHEELER SECRETARY.

My Dear Lord. How are you?

We are very pleased
to see you for the summer
in this Catskill Colony.
We had a sharpish at-
tack of pleurisy which
will keep me out of
the Club for a while.

cut me off from some
of the out-door pleasure
of county life. But his
giving strength every day.
How about the Parapets?
I'd like to see them & by
the way my doctor says
I should make an effort
to get a cut in weight
of 10 or 15 lbs. I
have had each
of the Parapets for
years. Live
me

my own share in the matter. So just
bring the right kind of food
for me how to make
the most of it.
The studies for me in regard
to the Parapets are the same as
before if you estimate them
as before.

Yours
John A. ...
