

ONE HUNDRED AND THIRTY-SEVEN
EAST SIXTY-SIXTH STREET

Jan. 5. 1915.

My dear E. D. N.:

I am just in from an arduous three
days in New England with the gas turned
on twice a day, and find you well etc.

I will join you on Thursday about 4.15,
and stay with you until we have reduced
the Atheneum to a complete state of altera-

naia, & then return to my own bailiwick.
I'd like mighty to spend the night at
Summit, but I can't manage it. I am
terribly busy and my mornings are all I
have for making the loose ends in
order.

Cordially

J.H.B.
