Mr. Robert Underwood Johnson:

Dear Mr. Johnson:

Will

You or Mr. Buel tell me
the name of the woman
who foresaw the necessity
of cutting the Confederacy
in two by commanding
the Mississippi? I
think I remember that she
went to Washington to

tell Lincoln and (?) Admiral
Posters her plan.

Was her name Ellen
Conway or Conwall?

I want to mention her
in a book now in proof.

Sincerely Yours
Tudor Jenks,
