My dear Allsop,

I thank you for thinking of my recreation. But I am best here, I feel I am. I have tried town lately, but came back worse. Here I must wait till my London has its natural cure. Besides that, tho' I am not very sanguine, yet I live in hopes of better news from Fulham, & can not be out of the way. 'Tis 10 weeks to-morrow.

I saw Mary a week since, she was in excellent bodily health, but otherwise far from well. But a week or so may give a turn. Love to Mrs & children, & fair weather accomplish you

Yours

Tuesday
