

Note Death of Mark Lemon
Crawley = May 23, 1870

My dear Mr. Webster
My father died
this morning at $\frac{1}{4}$
to eight rather suddenly
God knows the
grief we all
suffer but he
died so calmly
and seemed so
happy in death
that we all believe
him to feed from

crack?

the small trouble that has been
so long tormenting him

Dear Mr. Webster I need not
say more I leave no doubt but

that you have heard it long since now but
thankful that a letter from me would have
pleased the good man who has left us

Ashton 2/27

Yours very truly
Harvey Lemon
