Dear Mr North:

Enclosed is the information you asked for, in your letter which went to Burlington. My aged hostess there has been so kind as to send me the details which, I doubt not, are all you need.

In the Outlook!

Also, I sent a specialled man
of articles relating to Lamb, & his
unsigned papers, - all, doubtless,
known to you. Babson was the
"Jan Dolio" of the Transcript, &
in its columns he published
many of his papers about C.

You know Ireland's
Bibliography, I don't doubt;
a rare book now, & how valu-
able, I know not.

No need to reply to this,
for I leave to-morrow night for
Lawrence - Yours Bill
