Hôtel des Etrangers  
Rue Vivienne No 2

My dear William

May I trouble you to forward to me  
 as above £30 for which you will find upon the other  
 side an order upon Rogers & Co. We only arrived in  
 Paris yesterday so that I cannot say how we shall like  
 it, but with Rome, where we stayed two days, and Delft  
 we were highly delighted. As I should like to know  
 whether I am wanted or not perhaps you will write  
 immediately, and if you have any thing to send independent  
 of what I have written for, your best plan will be  
 to make up a parcel & forward it by Coach.  
 The moment I hear from you I will write again, so  
 with Emma to be Aunt, should have seen Mr Rogers  
 tell him not to forget to remember me most kindly.  
 With our loves Mary & the Child should you see him.  
 ever yours most affectionately

My dear Sir  
I had no choice, if by post in a thirty pound note, in  
By coach is 3 times. Because my writing is short in  
letter after seeing so much for I really have almost  
how to write.
