My very dear Parents

The ride down the Rhine was most beautiful — between rich mountains covered with beautiful vineyard & steep craggy rocks — Mr Coblenz has been most diligent in my inquiries after a letter but I had not the good pleasure to find one I hope & trust however to find one at Paris & that you are all well — We reached Bingen on Saturday afternoon and on Sunday afternoon left for Paris and reached this for this evening

We are now going to bed tired after a long journey & as we must start

early tomorrow morning - We travelled all
the 'last night - The country too
has not been very fine -

My fondest love & best wishes

Love Dear & Loving

Your affectionate son
