

Kingscote
12th April 1843

J. L. Liley

I assure you that if, in any way, I have been useful to you, it will be gratifying to me, as a lover of the Arts, & as feeling a strong desire for your prosperity. Our return to Wootton is fixed for next Monday, and as soon after as I can, will call in Newmarket Street.

I am very glad your account
of the Engraving has proved
satisfactory. Mr. Colnaghi
has not, I think, studied his
interest in the delay he gave
to the undertaking - several
of the subscribers are dead
& gone ...

Believe me

Yours very faithfully

Bloomfield
