By the way I've got here
a well-bound copy
of Holbein's facsimile
drawings engraved
by Bartolozzi
originally printed
by W. Bulmer & Co
London

Shakespeare Printing Office
Reproduced from the
original plates. Hamilton
Adams & Co. London
1884.

Could you give me some
notion of what this is
worth, as unless it
was worth while to
sell it I think as to
such a nice-looking
book I'd rather give
it as a present?

Dear Mr. Peckey

All right; I'll
accept your offer
for \$12 $\frac{45}{100}$ for

those two lots of
books.

Don't forget to check
carefully in your possession
that George Sand volume
until I come in in a
week or so.

With all good personal
regards & wishes, I am yrs sincerely J.C. Pows
