My dear Lady James.

I want you to do me a small service —  
To accept the Cupid & Psyche that has  
been so many years in our room — It is only  
Plaster — but I thought you could put it  
on the top of your Brook. case .. I wish  
it were Marble. —

The hook case upon which it stands  
will be taken away on Tuesday. —

I have given up the lodging in  
Stanhope Terrace. Mr Cocherell advised  
me against it.

Yr aff<sup>r</sup> old friend

Anne B. Procter

Of course you will have no hesitation  
in saying you have no place for it.
