My dear Scott,

I send Oxford for you -
What must you have the Theatrical
article? It will of course be short
as you in your kindness take up the
tragedy -

I confess I think Oxford on the
whole ~~the~~ my best article; - if you wish
you can put a short note in the first
page (perhaps it will be as well) saying that
"as you understand your correspondent is
"jesting only, you have no objection to
"introduce his apparently splenetic matter
to your readers" - a fine old thing.
I hope you Mr. Scott are well
Believe me very truly yours
