Dear Sir,

I am sorry,
(and I believe so do
some of the readers)
of the Live Stock Journal
that you discontinued
my Natural History notes.
I think you had in type
would not suit now
without some little
alteration.
Would it be asking too
much for you to
direct me of your
stuff to send me

Miss. Mayne Reid.

a lot of the found
contain these notes -
big of the numbers
which have them.
include the first
edition "A Naturalist's
Paradise". I will
read papers there
as soon as the account
can be ascertained. I
ask this favor, as I
have mislaid many
of the "notes" and
cannot recover them.

Many friends who have
read them compliment

me on their interest,
and Mr. Anthony purports
of the Herpetological Series
to ask
why they were discontinued
saying that they were
not of great local
but general interest.

However, I suppose
was volumes are too
crowded with matter
of more importance

Believe me
Very truly
Yours
Edw. D. S. Fernald
