

74  
Dear Mr. Drew.

I have today put the Trustees  
of your father in order and I  
will send it off to you at once.

I hope you are well, and that  
all success may attend you  
in your new religious activities.  
The monument is advanced  
in marble, all the angles  
are cast, the front part is  
carved and I hope that early  
in the summer it will be in the  
place; But please give an  
idea of the chapel, it should  
go into the Church at the West End.  
If you put it into the chapel you  
as well as I will regret it,  
I believe it would be to ruin  
what is I believe the best  
work of Art I have done, and

one of the most important & rich  
monuments which have been  
executed for many years.
