Nineteen hundred  
and sixteen

Dear Ernest :

About that proposed dinner of  
yours, we could make it in New York on  
Wednesday evening, December sixth. How  
will that do ? Let me know, and if  
it is satisfactory to the other people,  
we will come with all lights lighted and  
with the bands playing, if you will tell  
me when and where.

Very sincerely yours,

*E. B.*
