Dear Mr. Benjamin

That is one of the best menu decorations
I've ever seen.

No [] them

No dinner for me.

I'm also [] however [?] this northern
slavery, a feast at [] on Friday, given to the
Eng Brit.folk. But as I am in a condition of
g-stc - c c-t [] (or something of the kind)
perhaps it's best that feasts & I should be kept
asunder.

I've not seen the Dictionary. To do it well would
as you say be a tremendous business: but if
a person who had himself a [] ian touch,
ever carried it out - it would be a []
delectable as well as useful.

I disobey you, as a pleasing interlude to
preparation of [] on the one side & preparations
of [] & opinion on the other.

Yours sincerely
