

To Mrs Noyes

My dear Madam

The enclosed paper paper was drawn up ~~in consequence~~ in consequence of a letter from Genl William Williams of Norwich suggesting the proposed appeal.

I thought it was proper to present it first to yourself as being well acquainted with the affectionate & reverential feelings which my brother your late husband cherished towards our grandfather.

I hope it may meet your approbation & that of your son Mr Scumbull.

Mrs Noyes

I regret to have missed your
call last week and I would
have returned it had it been
possible before your leaving
New Haven

Mr Stillman united
with me in very kind
regards to yourself & to
Mr & Mrs Drumbull &
the young people -
I remain my dear Madam
very respectfully &
affectionately

your friend

B Stillman

New Haven July 26 1862

Perhaps you will show the
paper to Mrs Stillman
altho I have not included
her in the plan
