My dear Mr. North

Thanks for your
Very kind letter. I am beginning
to believe in "Tom" myself.
Sometimes as I reread, at
Scrib's own good length to
begin send me New Fred's
works - I thought that they wanted
me to see how the other fellow
had written his introduction

But they keep coming and
so I began to see that
it is mean me to keep
them - Will you please see
that the ~~first~~ proper person
receives my heart thanks
- He is awfully good for
them. But for the music
& the train I had another
sketch - a humorous one
for Summit
May 11.
