

Kewick. 1 March 1842

My Dear Sir.

Thank you for the Population -
book: - & for looking after the volume of the Agr-
-cultural Survey. I find much remarkable inform-
-tion in them, & shall be very glad to have the set
complete, - till which they cannot be put in our
family living.

Have the goodness to charge a copy of Woodward's
selection to my account, & send it with the
two volumes of my own to my brother in Harley
Street, directed for John May Esq^r. The price
is a well-looking book, & if it can find its
way into schools will I doubt think to be thought
an entertaining one.

The Essays have been ready more than three
months, & I know not why they have not been
published - I am pushing the last hand to the
Penshaw's War, & shall finish it in a very few
days -

Yrs very truly

Robert Southey.
