To

My dear Pinkie

What a dustcover is Huppie's!

The splendour of it staggers me. Mon dieu!

Mon dieu! I'm envious. Compared with this my own dustcover (many thanks for the six author's copies safely to hand) is a modest affair. Now you will ~~scarcely~~ understand why America is it big enough to hold us both at one time. Many thanks for sending the cover. It has given me delight.

Mr Spalding fell under his desk when I said the words '£5000' this morn. So that's all right. Vets sal-sap.

Yours always

J.B.
