Dear Sir,

I am very much obliged
your flag club I have read with
great interest and pleasure, and
for which I participate as blended
sacred as the present state of West India
will allow. In that state, I am glad
you have obtained the assistance of
Mr. Currier; when I have known
ever since he performed say the part
of Jon at Aford on the first appearance
of that flag, when he used or yung as
the hero in ^{the character} ~~the character~~ to her, and look
and played ^{the character} ~~the character~~ better than our selves,
since; and I believe him to be
a gentleman of fine taste and feeling

with a true sense of the practicality of
his career than many fall
to the lot of the highest theorists.
I regret that I am unable to visit
the first opportunity to visit; but
I hope to use one of the numerous
opportunities which will occur;
before I leave town for the winter.

With best wishes for your success

I remain Dear Sir,

Your Obedient Servant

Th. Telford
