Mar 18. 1886.

Dear Dr Westcott,

I first thought I carried out a former intention to write to you, but if so, please excuse a second letter.

I understood from Mr Clay that the Synod had decided rather to adopt our Teachers with kids than to follow the example of Oxford in any way; and I should be glad to know whether

There is any one with whom
I could confer as to
proposed improvements and
as to the views of the
Syndics. I have been
without prospecting
improvements of our Walk
I have some ready, but
I should be glad to
be put in communication
with some one who could
represent the Syndics & help

the usefulness of the Walk.

I am such a creature
from the claims of business
& want of superabundant
strength, that I see no
one handy - I hope
however that I may ask
for you & yours without
my imperfect information
making the inquiry one
to be regretted in any way

Yours &c

J. S. Briscoe Esq
