Dear Doctor, -

Your pamphlet sd. to
you First Essays in Banking
has come to hand very
acceptably; ^{as} but I am
to take up in a chapter
on the Provincial History
of New England, this
bank-phase, and I
see that it will be of
the first importance
to me.

We shall trust to see
you at the spring meeting
of the Anti-Corn Law
Society here in Britain,
and trust that your
health will not pre-
vent our having the
opportunity

Very truly
