Dear Henry Wood

Nothing could be more  
interesting to me than the attending a  
Committee in any way connected with  
the Bible, but I find it impossible  
to resume my work (to-day & week  
in the Upper Committee of the Board) with  
any other paid work. I require  
time for judgements. & I require  
time for editing (the latter will prevent  
my attending the other Committee & shall  
for human one. I am too much  
occupied by public duty & shall

has a special claim on me  
Yours faithfully  
Anthony
