

Sir

Cockerm<sup>o</sup> 2<sup>d</sup> Feb. 1777.

I have this day the names of the people who want the 300 £ on Bond Mr Barnes writes they are a Company of very reputable Callico Printers in Carlisle. That he is very well convinced the Bond of any one (or most of em) singly, would be a good Security they are  
James Mitchell of the City of Carlisle Callico Printer  
Wm Donald of Caldew Gate in the parish of St Mary Cuthbert  
Wm Bell of the City of Carlisle Callico Printer  
Mussgrave Ellwood of Maryport Brewer  
Tho. Jemay of Newcastle upon Tyne Merchant  
Rich<sup>d</sup> Stephenson of the same place Linen Draper  
&  
Lambert of the same } These 2 are partners at Newcastle  
& their Firm is Stephenson  
& Lambert.

I sh<sup>d</sup> think the money very safe in ~~the hands~~ notes of those at Carlisle & M. Ellwood till the Bond comes from Newcastle.

I have rec<sup>d</sup> the Abstract of the Title of M<sup>r</sup> Bell of Wood. Ind who wanted £200 - Tho' the sum is small the at a distance I would advise you to load it as a Security & pledge soon unexceptionable.

If you have no Objection to Bowmans Affair than what John Bowman says about the old peoples Capacity, - The Office cannot pass unless the Commissioners find em capable, & one of the Commissioners makes Aff<sup>id</sup> that they are capable, & such Aff<sup>id</sup> being made the Office passed the conclusive & final - In short I cannot see the least Objection if we find em capable -  
D<sup>y</sup>e Your most obed<sup>t</sup>  
M<sup>r</sup> Woodworth
