

Alcott, Louisa May (b. 1833, d. 1888),
an American authoress. She began early

to write, but met with no marked success
till the publication of *Little Women*
in 1867. She wrote many other books, the
material for her first volume, *Hospital
Sketches*, being gathered during her expe-
rience as nurse in the military hospital at
Washington, where she went in 1862.

Dr Brigham,

I have written
to Miss Carroll as you directed
some days ago, but have
had no reply.

I am anxious to secure her
if possible. Can you tell me
any other way of getting
at her? My present nurse
will leave soon & I want
a strong, able woman who
has had experience in
nursing paralytics.

Respectfully

L. L. Alcott

"Little Women" etc
