(Alvados, Aug. 26. '72

Dear Sir,

Pray believe me very grateful for
your kind feeling towards me and mine.
I shall probably remain on the continent
for some five or six weeks longer, but on
my return I will endeavor to furnish
you with such a photograph as may
serve your purpose. I remember very well
the occasions of our meeting, which you
are good enough not to forget.

Very truly yours

Robert Browning.
