(Kensington)

Dear Henry

It's no favor to ask of me  
and if it were the greatest  
who should have it sooner  
than you - also American are  
very welcome to me because of  
some lucky friendships I have  
made there. Only my studio  
is very desolate - will you say this  
and what I have needs a  
long description before a longer  
apology after showing it.  
-after 4 any afternoon is best  
for me, & I shall look for  
you every day till you come

Very yours truly  
Mame Jones.
