Dear Sir Having heard that you were so kind
as to speak favorably of my Son's
performance at the Society of Arts,
Manufactures, & Commerce, I take
leave to return you my best Thanks
and to show that in consenting to his
becoming a Candidate at so early an
age I was actuated by something
more than the common partiality of
a Parent, I would request the favour
of your inspection of a drawing from
a plaster figure principally done while
I was in the country. I beg to add it
has always been my purpose that when
my children become claimants they should
be able to produce something on the day
of trial better than the picture sent us

a claim the premium. I have seen
the pictures and only beg to say that
I always understood it was an undoubted
fact that the copy should be
different in size from the original.

I saw the original Infant Hercules
not long since at the house of an artist
exactly the same size as the picture
claiming. Apologizing for troubling
you with this

I am Sir with great respect
Your most obedient Servant

Sam. Drummond
