My dear Sir

We had a fire

here the other day

which burned up the

Keeney's barrowed

street and so made

way, I think, for you

to fulfil, what I

suppose you admit

to be obligatory on

your father's estate

the opening of that

Don't let the Keeney's barrowed street

you

Street. I have been told that you reserved a few inches of land on the north side of the street (that is to be) to be used in such a contingency as inducement to the owners to clear the south line of the street. This may be managed

now as to carry out such a purpose I think they would clear front on the north side and will for in clear the south, only reserving a right for their stone to stand where it is, for 10 years.

We are talking of petitioning the

Council to open the
street when of course
you will be assessed
with others (and I
shall reassess you
you for myself) but
I have thought that
perhaps you can
do better for us all
by acting for your
self before such
petition. Let me
hear.

Yours truly
Harold D. Hubbell
