My dear Carr,

Here are drawings  
of 2 Fables with 'applications'  
& slips explanatory of the said  
applications. Also a rough  
draft of translations of the Fables  
which I will have polished up  
at once on hearing from you; &  
if you wish, I will accompany  
the finished translations with  
initial-letter designs. I

should like the rough  
draft returned.

The clergyman  
was in another drawing of  
the country J. P. which I have  
kept back.

If you send  
these drawings to be engraved,  
I think Cooper would take  
great interest in them. I  
should like him to have

them.

Yours truly  
R. Radecott.
