Dear Sir Baldwyn Leighton

I am very much obliged
to you for your hospitality
in visiting from since that
Mr. Chamberlain proposed to
enjoy a visit to Shropshire.

We are however very anxious
in our movements as it shall
be tied to London his fact
is proposed - others if I
can manage it I shall try

Chamberlain

to get a holiday abroad as
I find that I can get no
^{rest}
rest from letters & politics
work as long as I remain
in England.

At this time my wife's
parents are here from the
United States & they will
not leave us till some time
in September. As yet
I feel there is not much
chance of us being able
to leave this season, but

I am equally obliged to
you for your kind thought.

I have heard nothing of
the report you mention - but
with my opinion of the Society's
members I should not be
at all surprised to learn that
they had been bought by anybody.

I should not be disposed
to give medals for the lot
myself.

Believe me
yours very truly
J. Chamberlain
