Reigate.  
Jan 5. 1872.

My dear Mr. Parke, I am under the  
greatest obligations to you for the  
books you have so kindly entrusted  
to me. I will take the greatest  
care of all the valuable little  
scraps and engravings. I should  
wonder when I see them that you  
do not wish them out of your own  
keeping, but they are safe with  
me. I have found all I want,  
and much that I searched for  
in vain.

in Green's History of Worcester.

You wish me to  
introduce "Forest Wile Legge".

I do not find any allusion to  
him - My attention, for  
the name, is directed entirely  
to Worcester. Again accept  
my hearty thanks, and believe me

Yours faithfully & obliged

fortunate in securing such a residence.
