V. Interim Financial Reports (FCR 1)

Mr. Clay, Chairman of the Finance Committee, reported that the Committee had met on the morning of December 11, 1984 and reviewed the eight items to be presented for action, the first of which was the interim financial report for the four months ended October 31, 1984 and the summary report of revenues and expenditures of the University of Kentucky Research Foundation for the three months ended September 30, 1984. After noting that the University is "on target," Mr. Clay moved acceptance of the reports. His motion was seconded by Mr. Griffin, and it was so ordered. (See FCR 1 at the end of the Minutes.)

W. Disposal of Personal Property (FCR 2)

On motion made by Mr. Clay, and seconded by Mr. Brereton Jones, the Board approved the disposition of obsolete and surplus equipment as recommended in FCR 2. (See FCR 2 at the end of the Minutes.)

X. Disposal of Surplus Property (FCR 3)

Noting that none of the three leases in FCR 5 exceeded \$20,000 in value, Mr. Clay moved that the Board accept the report as recommended. The motion was seconded by Mr. Black, and it was so ordered. (See FCR 5 at the end of the Minutes.)

AA. Designation of Depository Bank (FCR 6)

Mr. Clay reminded the Trustees that in accordance with House Bill 622 enacted by the 1982 General Assembly, the Board must designate depository banks serving the University of Kentucky and its affiliated corporation. He then moved that the Board designate the Citizens State Bank, Owensboro, Kentucky, to serve as a depository bank. Mr. Clay's motion was seconded by Mr. Griffin and passed without dissent. (See FCR 6 at the end of the Minutes.)

BB. Agreement with Julius Marks Board of Directors (FCR 7)

Mr. Clay stated that the next item on the agenda was a proposed agreement with the Board of Directors of the Julius Marks Home. He called on Chancellor Bosomworth who emphasized the value of the nursing home for education programs of the University.

Mr. Louis E. Hillenmeyer III, Chairman of the Board of Directors of the Julius Marks Home, emphasized the close working relationship in the past between the Julius Marks Nursing Home and the University, and emphasized the need for a new facility. He pointed out that a location on the University campus would meet their patient care needs and certainly improve the ability to establish a stronger relationship with the University. The facility would be built by the Julius Marks Corporation and they would be responsible for the patient care function. The University would be concerned with the educational aspect of the program.

Following discussion, Mr. Clay stated that he wished to amend the recommendation in FCR 7 to read as follows:

Recommendation: that the Board of Trustees authorize the President of the University or his designated representative to negotiate and execute an agreement with the Board of Directors of the Julius Marks Home (a not-for-profit corporation) to lease approximately four acres of land on the southcentral campus of the University of Kentucky to allow construction of a teaching/nursing home in support of the teaching, research, and patient care needs of the University of Kentucky Medical Center, with said agreement to be approved by the Finance Committee and by the Board of Trustees prior to execution.

On motion duly made, seconded, and carried, the amended agreement with Julius Marks Board of Directors was authorized. (See FCR 7 at the end of the Minutes.)

CC. Execution of Deed and Agreement of Easement (FCR 8)

The Finance Committee so recommending, Mr. Clay moved that, in connection with the purchase of 314 Rose Lane, Lexington, Kentucky, the Board authorize the execution of a deed and agreement of easement whereby the University will construct a parking lot on said property for University uses during normal business hours but will grant exclusive use of said property, for parking purposes, at night and on weekends to the Roman Catholic Bishop Diocese of Covington in connection with the operation of the Newman Center. He explained that the property is sorely needed for parking in connection with the William B. Sturgill Development Building and that joint use of the property will facilitate its acquisition.

On motion made by Mr. Bell, seconded by Mr. Rose and passed, approval was given to the execution of a deed and agreement of easement as recommended in FCR 8. (See FCR 8 at the end of the Minutes.)

DD. Report of Investments (ICR 1)

Mrs. Hayes so moved. Her motion was seconded by Mr. Ramsey, and it was so ordered. (See ICR 1 at the end of the Minutes.)

Members, Board of Trustees:

## PROPOSED AMENDMENTS TO THE GOVERNING REGULATIONS

Recommendation: that the following proposed amendments to the Governing Regulations of the University of Kentucky (March 1983), which were received by the Board of Trustees for preliminary consideration at its September 1984 meeting, be approved.

(Note: Proposed additions are underlined; proposed deletions are bracketed.)

Amendment #1 - Change Part I.B, first paragraph, to read:

The University of Kentucky Community College System consists of a system of community colleges located in various parts of the state at points established by statute (KRS 164.591; 164.593). KRS 164.580 directs that each community college shall provide: (1) a general two-year academic curriculum with credits transferable to two-year and four-year colleges and universities; (2) technical and semi-professional programs of two years or less; and (3) within a two-year college curriculum, courses in general education, including adult education, not necessarily intended for transfer nor technically oriented.

Rationale: This amendment inserts an important phrase contained in KRS 164.580 which previously had been omitted unintentionally in the early development of the Governing Regulations.

Amendment #2 - Delete second paragraph of Part I.B:

[The Community College System also includes the Lexington Technical Institute operated as authorized by KRS 164.125.]

Rationale: At its meeting on December 13, 1983, the Board of Trustees approved the name change of Lexington Technical Institute to Lexington Community College, effective July 1, 1984. Hence, this paragraph previously providing clarification about an institution without "Community College" as part of its name is no longer needed.

Amendment #3 - Change Part II.A.2, first paragraph, first sentence and the parenthetical expression at the end of the paragraph, to read:

The Board of Trustees of the University of Kentucky consists of sixteen competent citizens of Kentucky appointed by the Governor, three members of the [teaching] faculty of the University (two from the University System and one from the Community College System) who shall have the right to vote on all matters except that of faculty compensation, and one member of the student body of the University of Kentucky. ...(KRS 164.130 as amended by the General Assembly [in 1972 and 1980])

Rationale: This amendment in the Governing Regulations is necessary because of the amendment in Section 1 of KRS 164.130 which was approved by the General Assembly of the Commonwealth of Kentucky on March 2, 1984.

Amendment #4 - Change Part II.A.2, third paragraph, first part, to read:

The two faculty members representing the University System of the University of Kentucky shall be [teaching or research] members of the faculty of the University System of the rank of assistant professor or above, elected by secret ballot by all faculty members of the rank of assistant professor or above in the University System. Faculty members shall serve for terms of three years and until their successors are elected and qualify. They are eligible for re-election but are ineligible to continue to serve as members of the Board if they cease to be members of the [teaching staff] faculty of the University System. ...

Rationale: Same as that for Amendment #3.

Amendment #5 - Change Part IV, fifth paragraph, second sentence, to read:

In academic years beginning with an even number (e.g., 1982-1983, 1984-1985), this group shall be composed of the following: Chancellor for the Medical Center, Vice Chancellor for Research and Dean of the Graduate School, Director of Libraries, [Associate] Vice Chancellor for Academic Affairs for the Lexington Campus, and Deans of the Colleges of Allied Health Professions, Architecture, Communications, Dentistry, Education, Engineering, Law, and Social Work.

Rationale: When the appointment of the Vice Chancellor for Academic Affairs for the Lexington Campus was approved by the Board of Trustees on March 6, 1984, effective immediately, the position of Associate Vice Chancellor for Academic Affairs for the Lexington Campus was discontinued and the responsibilities of the Associate Vice Chancellor's position were transferred to the Vice Chancellor's position.

Amendment #6 - Change Part IV, sixth paragraph, first sentence, to read:

The ex officio non-voting membership shall include the President, all [other] vice presidents, [Dean of Admissions and] University Registrar, Dean of University Extension, Dean of Students, Professor of Military Science, Professor of Aerospace Studies, and, if they are not already

elected members of the Senate, the University System faculty members of the Board of Trustees, the Academic Ombudsman, and the chairmen of the University Senate Committees, including University Senate Advisory Committees.

Rationale: Through an administrative reorganization, the functions previously handled by the position of Dean of Admissions and Registrar have been reassigned to the positions of University Registrar and Director of Admissions. In view of this organizational change, the University Senate Council has recommended this proposed amendment. The deletion of "other" is a needed editorial change since all vice presidents are included in the ex officio non-voting membership.

Amendment #7 - Change Part IV, ninth paragraph, second sentence, to read:

The [Dean of Admissions and] University Registrar shall serve as ex officio secretary.

Rationale: Refer to first two sentences of rationale for Amendment #6.

Amendment #8 - Change Part IV, twelfth paragraph, third function, to read:

Adopt policies for the University System academic calendar and approve the annual calendar as prepared by the [Dean of Admissions and] University Registrar.

Rationale: Refer to first two sentences of rationale for Amendment #6.

Amendment #9 - Change Part V, second paragraph, first four sentences, to read:

The elected faculty membership shall consist of and represent proportionately the full-time faculty in the various community colleges [and the technical institute], except that no college [or the technical institute] shall have fewer than three senators. Moreover, each community college [and the technical institute] shall elect an additional senator for each twenty-five (or major fraction thereof) full-time faculty members above the first twenty-five. At least one of the three senators shall have responsibility in the occupational program area and at least one shall have responsibility in the general education area[, except for the senators from the technical institute]. The faculty of each community college [and the technical institute] shall nominate candidates for senator(s) and elect the senator(s) by secret ballot during the month of April preceding the term of office beginning on August 15.

Rationale: On December 13, 1983, the Board of Trustees approved the name change of Lexington Technical Institute to Lexington Community College, effective July 1, 1984. As a result of this, there is not presently any technical institute in the Community College System.

Amendment #10 - Change Part V, third paragraph, first sentence, to read:

The ex officio membership shall include the Chancellor for the Community College System, the Vice Chancellor for Academic Affairs for the Community College System, the chairman of each advisory committee to the Senate, and the president of the student body at each community college [or technical institute].

Rationale: Same as that for Amendment #9.

Amendment #11 - Change Part V, fourth paragraph, first sentence, to read:

The appointed membership shall consist of three community college [or technical institute] directors and three other administrators, each of whom shall be appointed by the Chancellor for the Community College System.

Rationale: Same as that for Amendment #9.

Amendment #12 - Change Part V, eighth paragraph, first part of first sentence, to read:

The Community College Council shall be composed of one duly elected senator from each college [or the technical institute] to serve a two-year term; ...

Rationale: Same as that for Amendment #9.

Amendment #13 - Change Part V, thirteenth paragraph, seventh function, to read:

Recommending to the President all candidates for degrees and certificates from the community colleges [and the technical institute]. The Senate may delegate this function to the faculties of the community colleges [and the technical institute].

Rationale: Same as that for Amendment #9.

Amendment #14 - Change Part VI, first paragraph, fourth sentence, to read:

The [Dean of Admissions and] University Registrar shall be secretary of the Assembly and shall be responsible for adequate notice of meetings, including a statement of subject or subjects to be discussed.

Rationale: Refer to the first two sentences in the rationale for Amendment #6.

Amendment #15 - Change Part VII.A.1, fourth paragraph, first sentence, to read:

Members, Board of Trustees:

## PROPOSED AMENDMENTS TO THE GOVERNING REGULATIONS

Recommendation: that the following proposed amendments to the Governing Regulations of the University of Kentucky (March 1983), which were received by the Executive Committee of the Board of Trustees for preliminary consideration at its October 1984 meeting, be approved.

(Note: Proposed additions are underlined; proposed deletions are bracketed.)

Amendment #1 - Change Part VII.A.4, third paragraph, to read:

Consistent with the Governing Regulations, the Administrative Regulations, and the Rules of the University Senate, the faculty of each college shall establish its own rules, including a committee or council structure necessary for the performance of the faculty's functions. After approval of these by the appropriate chancellor, copies of the rules of the faculty and a description of its committee structure shall be made available to its members and [a copy] copies filed with the secretary of the University Senate and the Senate Council Office.

Rationale: This amendment is related to a memorandum from President Singletary to Academic Vice Presidents, Deans, Directors, and Chairmen dated April 2, 1974, on the subject of establishing rules of procedure and structures of committees and/or councils in educational units. Since the date of this memorandum, documents dealing with rules of procedure and organizational structures for educational units have been forwarded through regular approval channels to the Office of the President for final approval. In view of the reorganization of the University of Kentucky effective July 1, 1982, this delegation of authority to the appropriate chancellor for final approval of such documents is consistent with placing responsibility for operating decisions closer to the educational units of the University.

Amendment #2 - Change Part VII.A.5, second paragraph, first part, to read:

Within the limits established by the regulations of the Board of Trustees, the policies and rules of the University Senate, and the policies and rules of the faculty of the college of which it is a unit, the faculty of a school shall determine the educational policies of the school. It shall be responsible for functions and duties assigned to it by the faculty of

the college. For these purposes, it shall establish its own rules and determine its own committee structure. After approval of these by the dean of the college and the chancellor, copies of the rules and a description of its committee structure shall be made available to its members and a copy filed with the college of which it is a unit. ...

Rationale: Same as that for Amendment #1.

Amendment #3 - Change Part VII.A.6, second paragraph, first part, to read:

The departmental faculty has jurisdiction[, with the approval of the dean and the appropriate chancellor or chancellor's designee,] over matters concerning its internal educational policies, insofar as these do not conflict with those of other departments or with the rules of the University Senate or the faculties of the school or college of which the department is a part. It should hold regularly scheduled meetings and is authorized, with the approval of the dean of the college and the appropriate chancellor, to establish rules for procedure and a committee structure to deal with matters over which it has jurisdiction, copies being filed with the secretary (secretaries) of the school and/or college of which the department is a member. ...

Rationale: Same as that for Amendment #1.

Amendment #4 - Change Part VII.A.8.a, third paragraph, to read:

Consistent with the Governing Regulations, the Administrative Regulations, and the Rules of the Senate of the Community College System, the faculty of each community college shall establish its own rules, including an organizational structure necessary for the performance of the faculty's functions. After approval of these by the Chancellor for the Community College System, copies of the rules of the faculty and a description of the faculty's committee structure shall be made available to faculty members and a copy filed with the Office of the Chancellor for the Community College System.

Rationale: Same as that for Amendment #1.

Amendment #5 - Change Part VII.A.8.b, second paragraph, to read:

The rules of the Faculty Assembly of a community college shall be consistent with the Governing Regulations, the Administrative Regulations, and the Rules of the Senate of the Community College System and shall be adequate to allow the Assembly to perform its responsibilities. Copies of the rules shall be submitted to the director of the college, the Community College Council, and the Chancellor for the Community College System for review and approval before being made operational.

Rationale: Same as that for Amendment #1.

Amendment #6 - Change Part VII.A.8.c, second paragraph, first part, to read:

The division faculty[, with the approval of the director and the Chancellor for the Community College System,] has the responsibility for internal policies of the division, insofar as these policies do not conflict with those of other divisions, with the rules of the faculty of the college of which it is a part, or with the Rules of the Senate of the Community College System. It should hold regularly scheduled meetings and is authorized, with the approval of the director of the college and the Chancellor for the Community College System, to establish rules for procedure and a committee structure to deal with matters for which it has responsibility.

Rationale: Same as that for Amendment #1.

Members, Board of Trustees:

Acceptance of Gift from Marion Thomas Brooks Estate

Recommendation: that the Board of Trustees accept the gift of \$644,262.24 from the Marion Thomas Brooks Estate.

Background: Marion Thomas Brooks graduated from U.K. in 1922 with a Bachelor of Science degree in Agriculture. He and his wife, Elinor Messer Brooks, resided in Birmingham, Alabama where Mr. Brooks was a successful landscape architect. According to the terms of his will, the University's bequest is to be divided as follows: "Eighty percent (80%) is to be used for payment of all or part of the cost of erection of one or more permanent structures at said University, as the governing body of said University shall, in its sole discretion, direct. I suggest (without requiring) that a building, entrance gates, a carillon, a fountain and a pool would be appropriate structures. I direct that a suitable bronze plaque bearing the inscription, "In memory of Elinor Messer Brooks and Marion Thomas Brooks, Birmingham, Alabama", shall be affixed to said structure or structures. A recommendation will be made subsequently on the use of the eighty percent. Twenty percent (20%) is to be used for the establishment of a scholarship trust fund for the benefit of students who are academically qualified, in need of financial assistance, domiciled in Northern Kentucky, and enrolled or attempting to enroll for classes at said University. Said share shall be known as "The Marion Thomas Brooks Memorial Scholarship Fund", in perpetuity. The principal of said trust shall be invested, and the income from said trust shall be used for granting scholarships or for reinvestment."

Under the policy adopted by the Board of Trustees on November 19, 1965, gifts in excess of \$100,000 are required to be accepted by the Board of Trustees.

NAMING OF UNIVERSITY BUILDING

Recommendation: that the Board of Trustees approve the name THE GAINES CENTER FOR THE HUMANITIES for the new Center for the Undergraduate Studies in the Humanities.

Background: John R. Gaines, thoroughbred breeder and owner of Gainesway Farm in Lexington, has an outstanding record of public service in the horse industry, in the state, and in the community. He is a director of the National Museum of Racing; the Kentucky Economic Development Council; Keeneland Association; a former trustee of the University of Kentucky; and a curator of Transylvania University. Both the Kentucky Horse Park and the new Breeders' Cup Series were established under Mr. Gaines' leadership.

However, it is Mr. Gaines' love of the arts and humanities which has caused this action today. Mr. Gaines is actively involved in the art world as an authority and a collector. He is a director of the National Gallery of Art in Washington, D.C.; the Fogg Museum at Harvard University; the Morgan Library in New York City; and the University of Kentucky Art Museum. Last year the establishment of the Joan B. and John R. Gaines Fellowships in the Humanities gave life and momentum to the innovative concept of concentrated undergraduate study of the humanities at a major public university. The center is now in operation even as its new quarters are being renovated. It is indeed fitting to commemorate these contributions by naming the new humanities center THE GAINES CENTER FOR THE HUMANITIES.

In accordance with University policy on naming buildings, the Committee for Naming University Buildings has made its recommendation to the Chancellor of the Lexington Campus who recommends to the President and Board of Trustees that this building be named THE GAINES CENTER FOR THE HUMANITIES.

NAMING OF UNIVERSITY BUILDING

Recommendation: that the Board of Trustees approve the name HARRY C. LANCASTER AQUATICS CENTER for the new aquatics center on the Lexington Campus of the University.

Background: Harry Current Lancaster was involved in sports education throughout his entire career; first as player, then as coach, and finally as athletic director. He joined the University as a physical education instructor in 1942. Following duty in World War II, he returned to UK as a coach in baseball and basketball. He was Assistant Basketball Coach under Adolph Rupp from 1946 until being named Athletic Director in 1968, the position he held until retirement in 1976.

Harry Lancaster is recognized as one of basketball's master strategists and designer of offenses and defenses. With the 1964-65 freshmen he refined the 1-3-1 defense. While he was Athletic Director the University's major athletic teams outgrew their quarters: the football team moved from Stoll Field into Commonwealth Stadium and the basketball team prepared for the move to Rupp Arena. Because of his contributions to the University's sports programs as coach and athletic director, it is fitting that the aquatics center be named the HARRY C. LANCASTER AQUATICS CENTER.

In accordance with University policy on naming buildings, the Committee for Naming University Buildings has made its recommendation to the Chancellor of the Lexington Campus who recommends to the President and Board of Trustees that this building be named the HARRY C. LANCASTER AQUATICS CENTER.

CLEAVER CONSTRUCTION CO. MURRAY	PADUCAH COMMUNITY COLLEGE STUDENT SERVICES PHASE II	2	+ 10,278.95
NATURE OF CHANGE: 1. Pressure grouting of foundation walls & slabs at east end of existing building. 2. Extension of cast iron storm drains, replacing clay tile drains.			
REASON FOR CHANGE: 1. Phase I building is settling and sinking at the east end of the building. This is the location where Phase II will connect to Phase I. Without the pressure grouting Phase II wall may eventually break loose causing major problems in the future. 2. Two clay pipe storm drains were encountered when footers were being dug. These drains were out of position according to as-built drawings. Building codes require cast iron storm drains to be placed under structures.

NATURE OF CHANGE: 1. Install new facing stone, East & West walls. 2. Remove and replace unsuitable material at both ends of East wall. 3. Extension of time.			
REASON FOR CHANGE: 1. Several pieces of stone were damaged during removal. Method of anchorage made removal difficult. 2. Additional masonry infill and masonry work is required to provide proper jamb at existing wall side of expansion joint. 3. An extension of 30 calendar days was allowed due to the delivery of the stone in item #1.

Designation of Depository Bank

Recommendation: that the Board of Trustees designate Citizens State Bank, Owensboro, Kentucky, to serve as a depository bank for the University of Kentucky and/or its affiliated corporations.

Background: To comply with House Bill 622 enacted by the 1982 General Assembly, the Board of Trustees must designate depository banks serving the University of Kentucky and its affiliated corporations.

With the opening of the Owensboro campus of the Henderson Community College, a need has arisen for depository services within close proximity of the campus. On November 12, 1984, the University of Kentucky Division of Purchasing Services invited bids for depository banking services from four banks within the Owensboro corporate city limits. Based on a combination of the interest paid on collected balances and the charges for services performed, the bid was awarded to Citizens State Bank, Owensboro, Kentucky.

Members, Board of Trustees:

## AGREEMENT WITH JULIUS MARKS BOARD OF DIRECTORS

\*Recommendation: that the Board of Trustees authorize the President of the University or his designated representative to negotiate and execute an agreement with the Board of Directors of the Julius Marks Home (a not-for-profit corporation) to lease approximately four acres of land on the southcentral campus of the University of Kentucky to allow construction of a teaching/nursing home in support of the teaching, research, and patient care needs of the University of Kentucky Medical Center, with said agreement to be approved by the Finance Committee prior to execution.

Background: Approval of this recommendation will place a high quality nursing home in close proximity to the Medical Center and provide increased access to a geriatric patient population in support of the University's academic program objectives. Affiliation with such a facility will give the University Hospital priority in the admission of patients and improve the Hospital's stepdown care capabilities, while providing a clinical base for the development of roles for health professionals which will lead to improved patient care services for older persons in the Commonwealth. It will further enhance the services that Medical Center faculty provide to older patients and make available to the University a facility which will support research opportunities related to health systems of significance to the Commonwealth.

The academic program objectives of the five Medical Center colleges are not being properly met in the area of health care for geriatric patients. Specifically, there are deficiencies in access to patient care situations for health professions students at a time when there is a growing national concern relating to health care for this segment of society.

For the past two years, the Medical Center has had an effective but very limited teaching and service relationship with the Julius Marks Home. The old physical plant of this facility seriously limits the ability to meet both the objectives of its patient care program and those of the University's teaching program. Although the quality of care at the Home is high, the location, multiple small facilities, lack of skilled-care beds, problems of transportation for students and faculty, and the lack of teaching space have seriously limited the Medical Center's involvement

and opportunities. If located in proximity to the Medical Center, with facilities designed to support teaching and related academic objectives and to enhance patient care services, the facility would represent an outstanding and unique opportunity for the University to significantly strengthen its academic program in geriatrics not only for medical faculty, residents, and students, but also for students and faculty in Dentistry, Nursing, Pharmacy, and selected Allied Health areas. Additionally, opportunity will be provided for the Medical Center to seek and obtain grants and foundation support for program development in this area and materially strengthen the University's gerontology programs.

In concert with the Julius Marks Board, private funding will be sought to finance construction of the teaching component of the proposed facility. Cost of this element of the facility would not lead to an increase in the recharge to patients and third-party carriers. It is not expected that this relationship would lead to an encumbrance of University educational funds in order to subsidize the care of patients accepted to the facility under the auspices of the Julius Marks Board which, in fact would have ultimate responsibility for this particular liability. Medical Center resources would be utilized to support the teaching and research activities. The affiliation agreement which would be negotiated would define the specifics of the University's relationship with regard to patients, costs, student access, and staff privileges. The lease will be similar to other University leases to not-for-profit organizations.

Preliminary negotiations with reference to the development of this relationship and opportunity have been under way between the administrators and representatives of the Julius Marks Home and the University of Kentucky for a period of 12 months and preceded the most recent Board request to the University administration related to land use. Timing of the Certificate of Need application requires consideration of the matter at the December Board meeting if the University and its Medical Center are to take advantage of this unique opportunity.

\*Amended prior to approval to read:

Background: This property is sorely needed for parking in connection with the William B. Sturgill Development Building and is within the acquisition plan previously approved by this Board. The joint use of the property will facilitate its acquisition.
