**E. President's Report to the Board of Trustees (PR 1)**

President Wethington called attention to the following items in PR 1:

1. UK had another record-breaking year for fund raising: a total of \$37 million in the 1994-95 fiscal year. The number of donors also increased by 24 percent to a record 40,413.
2. A team of UK engineering students, members of UK's chapter of the Society of Women Engineers, has won a national championship for the second time in three years.
3. Soy Protein Research by the UK metabolic research team, headed by Dr. James Anderson, appeared in the August 3, 1995, issue of *The New England Journal of Medicine*.
4. The National Institute on Aging has renewed the Alzheimer's Disease Research Center program at UK's Sanders-Brown Center on Aging with a \$6.4 million grant award.

5. A UK College of Law scholarship program named in honor of the late Governor Bert T. Combs has exceeded its \$1 million goal more than a year ahead of schedule.
6. William T. Uzzle of Birmingham, Alabama, has been elected 1995-96 president of UK's National Alumni Association. Hank Thompson of Louisville was selected president-elect.
7. New UK faculty members participated in a week-long "Our Kentucky" tour that began August 4 with an orientation to state government.
8. Hilary J. Boone, Jr. has donated 16 works of art to the UK Art Museum for display in the Boone Faculty Center named in his honor.

President Wethington asked the members to read the other items in the report at their leisure.

F. Personnel Actions (PR 2)

President Wethington recommended that approval be given to the appointments, actions and/or other staff changes which require Board action; and that the report relative to appointments and/or changes already approved by the administration be accepted. Mrs. Plattner moved approval. Her motion, seconded by Mr. Chellgren, carried. (See PR 2 at the end of the Minutes.)

President Wethington called attention to the retirement of G. Bruce Miller, Jr. who has been Director of the Employee Benefits Program for many years. Mr. Miller will be retiring September 30, 1995 after 25 years of service to the University.

He noted that Judith R. James has been appointed Assistant Vice Chancellor for Student Affairs in the Community College System. Ms. James was in the audience and President Wethington asked her to stand and be recognized, following which she received a round of applause.

G. Lees College Actions (PR 3A)

President Wethington said that PR 3A is a recommendation that the Board take the following actions with respect to the proposed acquisition of Lees College in Jackson, Kentucky, by the University of Kentucky:

1. that the Board endorse a plan under which the University of Kentucky would acquire Lees College and operate it as a campus of the Hazard Community College,
2. that the Board endorse a plan to use \$1.1 million during 1995-96 and up to \$1.5 million in 1996-97 and 1997-98 from the Robinson Forest Quasi-Endowment to operate Lees College as a campus of the Hazard Community College, and
3. that the Board authorize the President to negotiate with the Board of Trustees of Lees College for the acquisition by gift of the College and to execute contracts and take such other actions as shall be necessary and appropriate to complete the acquisition by gift of Lees College.

He asked Chancellor Ben Carr to comment on the recommendation.

Chancellor Carr reported that the President of Lees College, the Chairman of the Lees Board, and another Board member had met with UK administrators to discuss the future of Lees College. He provided historical information about the College and said that in the past several years, Lees College had continuing financial problems which were beginning to threaten the future of the College and its accreditation. Lees College representatives have expressed interest to become a branch of Hazard Community College. The University of Kentucky is interested in exploring the possibility and a transition team, consisting of administrators and faculty from both institutions, have been working on acquisition of the private college into the Community College System. He said that an agreement could be finalized this fall between the two institutions that would allow the Lees College Board to transfer to the University of Kentucky all assets, including land, buildings, and the remaining endowment funds. UK might then assist with the management of Lees College as early as January 1, 1996, with completion of the transaction no later than July 1, 1996. He explained that the acquisition is contingent on the funds that UK must have from the Robinson Trust to make up the difference in tuition levels of the two institutions. Dr. Carr commented that this is an opportunity for Hazard Community College, the Community College System and the University of Kentucky to continue serving Breathitt County, the surrounding counties, and other students who might wish to attend a nearby community college. UK would continue to cooperate with Morehead State University to offer junior and senior level courses in Jackson

President Wethington said that he strongly believes that the University of Kentucky and the Community College System have a responsibility to serve Breathitt County, Jackson and the surrounding areas. He stated that everyone is concerned about the future of Lees College because it has existed

since 1883 and has served a very useful role in the education of students, particularly those in the mountain region. President Wethington stated that the proposed affiliation with the University of Kentucky would be an excellent way to insure that educational opportunity at the college level be provided in the Breathitt County, Jackson and surrounding region. He said that this proposal could not be made were it not for the possibility to use the proceeds of timber and mining in Robinson Forest, and it is contingent upon the Board approving the use of proceeds from the mining and timber in Robinson Forest in PR 3B. He expressed his appreciation to everyone involved in the process, especially those from Lees College. He recognized Mr. Robert Garbesi, Chairman of the Board at Lees College, and Dr. Ed Hughes, President of Hazard Community College, who were in the audience.

President Wethington said that upon the Board's approval the proposal would be taken to the Council on Higher Education for their review and approval at the September meeting in order for the University to have this plan in place by January 1, 1996 and a final transition of Lees College into the University of Kentucky by July 1, 1996. President Wethington reiterated that the proposed plan has two key conditions: 1) that Lees College is to come to the University of Kentucky as a gift and 2) that it is to come to UK without debt.

President Wethington recommended that PR 3A be approved. After receiving comments and questions from the members of the Board, Dr. Meriwether moved approval. Mr. Grayson seconded the motion and it carried. (See PR 3A at the end of the Minutes.)

#### H. Robinson Forest Quasi-Endowment (PR 3B)

President Wethington said that PR 3B is a broader action in regard to the use of the proceeds from the mining and timber in Robinson Forest. The recommendation is that the Board approve the allocation of \$3.3 million of Robinson Forest coal and timber income to support the projects shown on the attachment to PR 3B. These projects support the purposes of the Mountain Fund Trust and have been recommended by the Robinson Trust Advisory Committee and approved by the E. O. Robinson Mountain Fund Board of Directors. He asked Mr. Carter to present the background and specifics of the recommendation.

Through a series of slides, Mr. Carter gave a brief history of Robinson Forest. He reviewed the events leading up to the establishment of the Robinson Trust and explained the purpose of the Trust and the areas of emphasis. He said that the Board of Trustees authorized the creation of a Robinson Forest Quasi-Endowment at the September 1992 meeting. He reported that the Robinson Trust Advisory Committee had met several times to develop guidelines and criteria as well as to review proposals and develop

recommendation for E. O. Robinson Mountain Fund Board and the UK Board of Trustees. After reviewing the grant guidelines and the grant criteria for selection, he recommended that the Board approve PR 3B.

Governor Breathitt called for questions from the Board.

Mrs. Weinberg commented that she felt Mr. Robinson would have appreciated the wise and judicious stewardship that the University has attempted to make of the resources that he gave to the University. The scholarship portion of the plan, she stated, is an attempt to help Eastern Kentucky plan for the generations to come and to keep residents in the region. She said that the young adults are leaving every day. She urged the Board to do what it can to turn that tide and find productive jobs and endeavors for the people in Eastern Kentucky.

President Wethington recommended the approval of PR 3B. On motion made by Mr. Wilcoxson, seconded by Mr. Shoop and carried, PR 3B was approved. Governor Breathitt said that PR 3A was contingent on the approval of PR 3B; therefore, PR 3A was approved. (See PR 3B at the end of the Minutes.)

President Wethington said that he believes that the opportunity to use these funds from mining and timber in Robinson Forest is a wonderful opportunity for the University. The administration is proposing that these funds be spent in Eastern Kentucky in support of the betterment of the people in the mountain region, which is extremely important to the state. He expressed appreciation for the work that the Committee has done in getting to the point to make this recommendation and for the fine cooperation that the University has had with the Mountain Fund Board. The Mountain Fund Board has participated in the development of these proposals and has acted on them prior to their coming to the Board for consideration. He thanked the members of the Board for their approval.

I. Candidates for Degrees - Community College System (PR 4A)

President Wethington recommended that the degrees specified in PR 4A be awarded to the persons named, upon certification that the requirements for those degrees have been satisfactorily completed. Mr. Welenken moved approval. His motion was seconded by Professor Miller and carried. (See PR 4A at the end of the Minutes.)

J. Appointment of President, Jefferson Community College (PR 4B)

President Wethington said that PR 4B recommends that Dr. Richard Green be named President of Jefferson Community College effective August 15, 1995. He asked Chancellor Carr to comment on Dr. Green's appointment.

Chancellor Carr reviewed the search process and Dr. Green's superb credentials. He said that Dr. Green was strongly supported by the Search Committee and expressed pleasure in recommending Dr. Green's appointment.

President Wethington said that he was pleased to recommend the appointment of Dr. Green as President of Jefferson Community College. On motion made by Professor Miller, seconded by Mrs. Sims and carried, PR 4B was approved. (See PR 4B at the end of the Minutes.)

Dr. Green was asked to stand and be recognized, following which he received a round of applause.

K. Naming of University Building - Elizabethtown Community College (PR 4C)

President Wethington said that PR 4C involves the naming of a University building. He noted that PR 4C and 4D are for Elizabethtown Community College and asked Chancellor Carr to comment on them.

Chancellor Carr expressed pleasure in recommending that the Board approve the name of James M. Collier Learning Resource Center for the Learning Resource Center at Elizabethtown Community College. He said that Dr. Collier, founder of the North Central Kentucky Education Foundation in Elizabethtown, was instrumental in bringing the community college to the Elizabethtown area. The Foundation continues to provide invaluable financial support and community support for Elizabethtown Community College. This recommendation has the approval of the faculty, the Advisory Board, the North Central Kentucky Education Foundation, and the Naming University Buildings Committee. He recommended approval of PR 4C.

President Wethington recommended approval of the name James M. Collier Learning Resource Center for the Learning Resource Center at Elizabethtown Community College. On motion made by Professor Miller, seconded by Mr. Grayson and carried, PR 4C was approved. (See PR 4C at the end of the Minutes.)

L. Naming of University Building - Elizabethtown Community College (PR 4D)

Chancellor Carr reported that Dr. James S. Owen served as director/president of Elizabethtown Community College from the fall of 1964 through the spring of 1987. Under his leadership, the college acquired a talented and dedicated faculty and staff and a reputation for producing some of the finest college graduates that continued their education at the University of Kentucky and other four-year institutions. He said that many of the programs and initiatives that Dr. Owen started are still hallmarks of distinction at the College. Under Dr. Owen's guidance, the institution went from a few hundred students to over 4,000 students at the time of his retirement. He reported that the recommendation has the support of the faculty, the Advisory Board and the North Central Kentucky Education Foundation. He recommended that the Administration Building be named the James S. Owen Administration Building at Elizabethtown Community College.

President Wethington said that he could not think of a more appropriate recommendation to bring to the Board than the naming of this building for Dr. James S. Owen. He noted that Dr. Owen has been retired for several years, and this recognition is extremely well deserved. He said that he was delighted to recommend the name James S. Owen Administration Building.

Mr. Reed moved approval. Mr. Shoop seconded the motion and it passed. (See PR 4D at the end of the Minutes.)

M. Candidates for Degrees - University System (PR 5A)

President Wethington said that PR 5A is a recommendation regarding degrees for the University System. The recommendation is that the President be authorized to confer upon each individual whose name appears on the list presented in PR 5A the degree to which he/she is entitled, upon certification by the Registrar and approval by the University Senate, that the individual has satisfactorily completed all requirements for the degree for which application has been made. Professor Powell moved approval. Her motion, seconded by Mr. Chellgren, carried. (See PR 5A at the end of the Minutes.)

N. Appointments to University of Kentucky Mining Engineering Foundation (PR 5B)

President Wethington recommended that approval be given to the appointment of Mr. Dennis Hatfield and Mr. Kevin Crutchfield as members of the Board of Directors of the University of Kentucky Mining Engineering Foundation for four-year terms. He noted that these appointees were unanimously elected to the Board of Directors at their May 1995 meeting. Mr. Reed moved approval. Mrs. Sims seconded the motion, and it passed. (See PR 5B at the end of the Minutes.)

He noted that the report contained two new leases and one renewal of lease. He said that the leases did not exceed \$30,000 in value and moved approval of FCR 1. Mrs. Weinberg seconded the motion, and it passed. (See FCR 1 at the end of the Minutes.)

P. Capital Construction Report (FCR 2)

Mr. Hardymon said that FCR 2 is the twelve month report on capital construction, and these reports are received quarterly. He noted that this gift is for the student scholarship endowment at Madisonville Community College. Mrs. Sims seconded the motion, and it passed. (See FCR 6 at the end of the Minutes.)

U. Establishment of David I. Carter Professorship in Cardiology Research (FCR 7)

Mr. Hardymon noted that Mr. Carter, who was an Associate Vice President for Facilities Planning and Management at the University of Kentucky prior to his retirement, had been instrumental in assisting with a gift to the University to endow a chair. Z. Resolutions

Professor Powell presented the following Resolution to the Board in appreciation of the service of Professor John Sistarenik:

John served from July 1992 to June 30, 1995 as the elected representative of the faculty of the Community colleges. During

that time he worked hard to ensure that the interests and concerns of the faculty he represented were made known to members of the Board. During his tenure on the Board, John was steadfast in his devotion to the interests of faculty and students and to balancing these with the goals and aspirations of the leadership of the University. We admire him as our colleague and wish to thank him for his service to the University of Kentucky as we welcome the new representative from the Community College System to the Board of Trustees.

Therefore, be it resolved that the members of the University of Kentucky Board of Trustees offer their appreciation to Professor John Sistarenik for his meritorious service as a member of the Board from 1992 to 1995 and for his continued dedication to the goals and programs of the University of Kentucky.

WHEREAS, on issues before the Board of Trustees, he articulated student views and concerns tactfully and factually, and

WHEREAS, he worked diligently and effectively for the good of his constituency within the policy-making and administrative systems of the University, and

WHEREAS, he has proven himself an excellent listener as well as an eloquent and effective speaker on matters at issue before the Board, and

WHEREAS, he has, in all matters, conducted himself with decorum, thoughtfulness, and consideration of the opinions and feelings of others,

NOW, THEREFORE BE IT RESOLVED that his colleagues on the University of Kentucky Board of Trustees do formally declare their deep appreciation and gratitude to

MR. SCOTT A. CROSBIE

for his meritorious service and dedication to duty as a member of the UK Board of Trustees and for his exemplary service to the University of Kentucky during the 1991-92 and 1994-95 Academic Years.

Members, Board of Trustees:

## LEES COLLEGE ACTIONS

**Recommendation:** that the Board of Trustees take the following actions with respect to the proposed acquisition of Lees College in Jackson, Kentucky, by the University of Kentucky:

1. That the Board endorse a plan under which the University of Kentucky would acquire Lees College and operate it as a campus of the Hazard Community College, as described in the "Background" below.
2. That the Board endorse a plan to use \$1.1 million during 1995-96 and up to \$1.5 million in 1996-97 and 1997-98 from the Robinson Forest Quasi-Endowment to operate Lees College as a campus of the Hazard Community College.
3. That the Board authorize the President to negotiate with the Board of Trustees of Lees College for the acquisition by gift of the College and to execute contracts and take such other actions as shall be necessary and appropriate to complete the acquisition by gift of Lees College, as described in the "Background" below.

**Background:** Lees College is an accredited private college that has operated as an educational institution in Jackson, Kentucky since 1883. It is a two-year residential institution that offers a liberal arts curriculum and a program of study leading to the Associate of Arts and Associate of Science degrees; additional courses beyond these levels are offered on the campus by Morehead State University. The College operates from tuition, endowment income, and private donations. It has operated at a deficit in recent years, which has threatened its accreditation. The College has indicated that it will not be able to operate in the future as a private institution and has taken the initiative to explore the possibility of "merging" Lees into the University's Community College System.

The College has proposed to transfer its property and assets to the University, free of debt, in return for a commitment by the University to provide a two-year academic program on the Lees College campus as a part of the community college program at Hazard Community College. The proposal includes provision for the continuation of activities presently conducted by Morehead State University at the College. The details of the proposal are subject to negotiations between Lees College and the University.

After careful review, it is believed that there is need for a community college program in Jackson (if Lees College ceases operations as planned) and it is believed that such a program could be operated effectively as a part of Hazard Community College. It is further believed that such a program would enhance and benefit Hazard Community College and would simultaneously serve important-if-not-critical educational needs of the people of Breathitt and surrounding counties in the mountain region. It is estimated that the recurring cost of operating such a program (above and beyond revenues from tuition and other charges) would be approximately \$1.5 million annually. The E.O. Robinson Mountain Fund Board of Directors and the Robinson Trust Advisory Committee have recommended that Robinson Forest Quasi-Endowment Funds be used to cover this operational cost.

The merger of Lees into the University's Community College System would be fully compatible with the University's statewide mission and with the well-established objectives of its statewide Community College System. Thus, the University has had comprehensive discussions concerning the proposal with Lees College officials, and in July of this year, President Wethington, the President of Lees College, and the President of Morehead State appeared before the Council on Higher Education for a full discussion of the proposal. The Council took no formal action but indicated interest in and support for the proposal; it expects in due course to receive from the University a formal request for approval of the acquisition. Subject to CHE endorsement being obtained, it is contemplated that an agreement for acquisition of the College by the University would be executed by the end of 1995 and that implementation of the College's merger into Hazard Community College would occur at or toward the end of the 1995-96 academic year.

The items listed in this recommendation include actions of the Board of Trustees needed to implement the proposal described above. Item 1 involves an endorsement of the proposal by the Board, Item 2 involves an endorsement of the plan to use \$1.1 million in 1995-96 and up to \$1.5 million in 1996-97 and 1997-98 from the Robinson Forest Quasi-Endowment to operate a campus of Hazard Community College in Jackson, and Item 3 authorizes President Wethington to execute contracts and take other appropriate actions as needed to implement the proposal described above.

## ROBINSON FOREST QUASI-ENDOWMENT

**Recommendation:** that the Board of Trustees approve the allocation of \$3.3 million of Robinson Forest coal and timber income to support the projects shown on the attached summary. These projects support the purposes of the Mountain Fund Trust and have been recommended by the Robinson Trust Advisory Committee and approved by the E.O. Robinson Mountain Fund Board of Directors.

**Background:** A Robinson Trust Committee was appointed by President Charles T. Wethington Jr. in 1991 to advise on use of income from coal and timber in Robinson Forest. The Committee was composed of President Charles T. Wethington, Jr., Chair; Mr. Edward A. Carter, Vice-Chair; Dr. Peter P. Bosomworth; Dr. Ben W. Carr; Dr. Robert Hemenway; Dr. Oran Little; Honorable N. Mitchell Meade; Mr. Harold Mullis; and Mr. Bill Weinberg. The Policy on the uses of resources generated from the Robinson Forest, as approved by the Board of Trustees on April 7, 1992 in FCR-7, is attached for informational purposes.

The Robinson Trust Committee developed guidelines and criteria by which to review proposals and develop recommendations for the E.O. Robinson Mountain Fund Board and UK Board of Trustees.

## GRANT GUIDELINES

1. First and foremost, all grants must be consistent with the purposes of the Robinson Trust and with the Robinson Forest Income policy adopted by the Board of Trustees April 7, 1992.
2. Grant support will be used for the primary benefit of the 29 county mountain region as identified by the E.O. Robinson Fund Board of Directors.

Bell	Breathitt	Carter	Clay	Elliott
Estill	Floyd	Harlan	Jackson	Johnson
Knott	Knox	Laurel	Lawrence	Lee
Leslie	Letcher	Magoffin	Martin	McCreary
Menifee	Morgan	Owsley	Perry	Pike
Powell	Rockcastle	Whitley	Wolfe	

3. Projects that increase employment and enhance economic development in the mountain region will be a priority.
4. Projects that aid in the education of people in the region to prepare them for life in the region will be a priority.
5. No awards will be made to individuals other than through approved student financial aid programs, and ordinarily no awards will be made to organizations which are not educational, charitable or otherwise hold tax exempt status.
6. The applicant is to provide for an annual audit, and to provide an annual report explaining in concrete and specific terms how the project has contributed to the purposes of the Robinson Trust.
7. Each project funded will be reviewed annually and funding may be terminated or reduced based on: (a) the lack of progress toward meeting the project's goals; or (b) loss or reduction of royalty income or change in endowment income.
8. Financial commitments to projects at any one time shall ordinarily be limited to a five year period. Exceptions may be made in the following circumstances: (a) broad based scholarship programs supported by the Trust; (b) projects pertaining to the Robinson Forest itself which are operated and carried out within the Robinson Forest, at the Quicksand Substation or the Wood Utilization Center; and (c) annual operating support for Lees College as a part of the University of Kentucky Community College System.
9. Capital construction projects will not be a high priority.
10. Preference will be given to projects for which there is demonstrated strong commitment from the people of the region and where that commitment to the project is manifested by financial support within the region itself.
11. Proposals should be received by the University no later than March 1 of the year in which the grant period begins in order to be considered for the next fiscal year.

#### GRANT CRITERIA FOR SELECTION

1. How is the project related to the Robinson Forest or to agricultural and reforestation programs to be conducted within said forest?
2. How will the funds requested "tend to the betterment of the people of the mountain region of Kentucky"?
3. Is the project urgently important or merely desirable? If the former, indicate why.
4. Does the project have community/regional support?

5. Does the project demonstrate involvement with other organizations in the region and will the project promote cooperation and teamwork within the region?
6. Is the project unique or innovative? If so, indicate how.
7. Can proposed projects demonstrate efficiency and effectiveness? Indicate the amount and percentage of the funds requested for a project which will go for administrative costs, if any.

Members, Board of Trustees:

ROBINSON FOREST INCOME POLICY

Recommendation: that the following broad policy statement, areas of emphasis, and expenditure plan be adopted to guide the University administration in the use of funds received from the leasing of coal reserves and logging of timber in the outlying tracts of Robinson Forest.

Background: In August of 1991, President Wethington appointed a committee to advise him on the appropriate utilization of the proceeds from Robinson Forest coal and timber. President Wethington chaired the committee which had representation from the Lexington Campus (including College of Agriculture), Medical Center, Research and Graduate Studies, Community College System, the Mountain Fund Board of Directors, and the Eastern Kentucky Leadership Conference.

The committee was asked to develop broad goals for the utilization of these funds within the requirements of the Robinson Trust and to periodically assess the efforts undertaken to fulfill the goals established by the committee. The committee was also asked to assist in developing an expenditure policy for the proceeds from the coal and timber to ensure that the funds available will be managed consistent with the purposes of the Trust and will best support the accomplishment of the major long and short term goals. Funds will be expended in accordance with Board of Trustees budget policies and approvals.

The use of the funds from the coal and timber resources in Robinson Forest offers an opportunity for the University to further contribute to the educational and economic development of Eastern Kentucky.

PURPOSES OF ROBINSON TRUST

The uses of any funds derived from the operation of the Robinson Forest by the University are subject to the provisions of the Robinson Trust under which the University received the property. The deliberations of the committee were guided by the language from the Trust Agreement. A concise statement of the purpose of the Trust is the following:

" . . . for the purpose of agricultural experimental work and teaching, and for the practical demonstration of reforestation. (UK) will institute and maintain upon said lands such model farm or farms, orchards, and such experimental farm development as may be desirable within its judgment."

"The proceeds of the sale of said property or any part thereof and the net revenues derived from the operation of said property by the University shall be used to further the purposes of the trust hereinabove defined, and for such other purposes as will tend to the betterment of the people of the mountain regions of Kentucky as may be agreed upon by the parties thereto (UK and the Mountain Fund)."

#### POLICY STATEMENT

The committee adopted and recommends for approval the following broad policy statement:

The resources generated from the coal and timber leases should be adequate, within the conditions of the Trust, to support improvement and expansion of current programs and new initiatives in the areas of agricultural experimentation and reforestation as well as programs for the benefit of the people of the mountain region. The resources generated from coal and timber leases will not be used to replace existing financial support of University programs.

#### AREAS OF EMPHASIS FOR USE OF COAL AND TIMBER INCOME

The committee adopted and recommends for approval the following areas of emphasis for the utilization of the coal and timber income.

To ensure the Forest's infrastructure, operations and management are adequately funded.

To support multidisciplinary research, instruction, and service activities particularly those that are directed at creative resource recovery and reclamation techniques which protect and enhance the Eastern Kentucky environment.

To improve and expand practical agricultural experimentation and reforestation programs.

To support economic development programs which benefit the mountain region.

To provide adult workforce training and support programs which are focused on job creation to enable Eastern Kentucky residents to find work.

To support programs which contribute to the betterment of the lives of the people of the mountain region, including programs which improve their health and educational attainment levels.

To support programs which provide environmental education.

To provide financial aid to mountain region students to attend the University of Kentucky, including the University of Kentucky Community Colleges.

EXPENDITURE PLAN

The committee adopted and recommends for approval the following set of assumptions and expenditure plan regarding the proceeds from the coal and timber to ensure that the funds available will be managed consistent with the purposes of the Trust and will provide the greatest opportunity to address the areas of emphasis:

- \* Mining and logging will be complete in approximately 10 years;
- \* Tons mined will not exceed 16 million;
- \* Royalty payments to the University will not exceed \$3 per ton;
- \* Only expenditures to support the Forest's infrastructure, operations and management will be made until 1994-95;
- \* In 1994-95 and each year thereafter income from mining and logging will be expended to address the areas of emphasis consistent with the provisions of the Robinson Trust;
- \* An endowment of approximately 20% of the anticipated revenue to support purposes of the Mountain Fund Trust will be created from coal and timber income; and
- \* Investments of the endowment principal and expenditures from the endowment income will be managed to maintain through time the real value of the original principal.

## APPOINTMENT OF PRESIDENT, JEFFERSON COMMUNITY COLLEGE

**Recommendation:** that Dr. Richard Green be named President of Jefferson Community College, effective August 15, 1995.

**Background:** Following the announcement of Dr. Ronald Horvath that he wished to retire as President of Jefferson Community College, a Search Committee was appointed by the Chancellor to seek qualified candidates for the position of President, Jefferson Community College. The Committee, composed of faculty representatives, a staff representative, a student representative and the interim Chair of the Advisory Board, screened applications, interviewed candidates and recommended three candidates to the Chancellor. Dr. Green was strongly supported by the Search Committee.

Dr. Green has a bachelor's degree from Concordia College in Moorhead, Minnesota, a master's degree from North Dakota State University in Fargo, and a doctorate from the University of Louisville in Louisville, Kentucky. Dr. Green is employed with Honeywell, Inc., and since 1984 has held several positions with that firm, including his present position, Director of Human Resources. Prior to joining Honeywell, Dr. Green held several higher education positions as professor of chemistry, college dean and vice president for academic affairs. From January 1993 to September 1993, he was on leave from Honeywell to serve as Interim President of Metropolitan State University.

Dr. Green brings successful higher education experience to the position of President. He has an excellent understanding of the role of a comprehensive community college and has demonstrated the leadership skills needed for the President's position at Jefferson Community College.
