RESOLUTIONS ON THE DEATH OF PROFESSOR GREHAN
the University of Kentucky

The Board of Trustees of Kentucky in session on December 14 learned with much sorrow of the death of Professor Enoch Grehan December 11, 1937.

For twenty years Professor Grehan served the University. During that time he brought to his work a seasoned judgment, a ripe experience, and an understanding of his profession. By his pleasant attitude and appreciation of the students he endeared himself to them. His colleagues liked and respected him, alumni remembered him gladly and his newspaper friends hailed him as comrade.

The University is indebted to him for his business-like conduct of his department. In the last fifteen years he established a printing plant for THE KERNEL that was valued at the time of his death in the sum of thirty thousand dollars. In the classroom he was clear and helpful. Professor Grehan will be greatly missed. This altogether too brief recognition is placed on the minutes of the Board as a small indication of their valuation of an able and efficient member of the University staff, whose death is greatly mourned.

The Secretary is instructed to send copies of this resolution to his family and to the press.

D. H. Peak
Secretary of the Board
