Saturday 8. P. M.

My dear Papa:-

Your letter
was received yesterday and of
course I was very glad to get it.
Taffy has gone down to the
reading room so I am all alone
now and guess I wont be inter-
rupted in my writing.

Well we have gotten pretty well
started into to study again tho
it goes awfully hard after our
two weeks vacation.

It took us all day Wednesday
getting our trunks unpacked
and our rooms fixed up.
Our room was papered while
we were away and is improved
very much. We have very pretty
paper I think, but we are not

allowed to put any tacks or pins in the walls at all so we have everything hung from the molding by strings and they look a little shaky. Most of the girls are back now tho some of them didn't get here till yesterday. Dr. Crawford inquired for you when I came back. We had quite an argument in Christian Evidences to day with him, but he couldn't get any of us to agree with him. When he gets started on an argument he forgets all about the lesson and of course we always keep it up as long as possible. We are going to have an examination in C. E. on Tuesday. Don't think it will be very hard. We have such an easy little book. Our new ones from Europe have not arrived yet.

Am afraid they³ wont get here
this term. Lillian Lee gave an
afternoon tea this afternoon for
our class and we had a lovely
time. We went in about 4 o'clock
and stayed till after five.
We had grand things to eat.
Chocolate, wafers, macaroons,
fruit cake, ice-cream, rice,
and candy. Our whole class was
there, then Cleve & Blanche
Trimmer helped Lil receive.
After we were through eating
we danced a while, and then
came out to the College. We missed
our supper but we were not
very hungry. I had quite a
misfortune. I thought it was going
to rain when I started in and
~~my~~^{my} umbrella was loose at one
of the corners, so - I thought I
would borrow one of the girls

we were back & I didn't hear the
rising bell at all & nearly
missed my breakfast.

It is quite a change from
7.30 to 7.15.

I forgot to bring my skates back
with me but from the looks
of the weather now I'm afraid
we won't have much skating
this winter. Poor Don will be
disappointed if he doesn't get
a chance to use his skates.

Well I can't think of any more
news to write about now so
will stop for to-night. I may
write some more before I mail
it. Taffy sends very kind
regards.

With lots of love

Your affectionate daughter
Clementine.

Write soon & send Clarence &
Siri's letters. Tom's letter is more than
I could find. This is a former one

It had a fancy top⁴ & here on
the way home I let it fall
and broke it. Of course I
will have to get a new top
for it. I don't know whether
I can get it in town or not.
I don't know how much it
will cost 50 or 75 cts at least.
I was awfully worried about
it, havin' seen Ella to tell her
about it.

I gave Dr Full Mamma's glasses
yesterday & he said he would
fix them. He thought perhaps
he would have to get a whole
new frame.

Tell Mamma I took the water hya-
cintk over to Miss Bird & she
was very much pleased. She
had never seen the flower at
all. We enjoyed the cake and
apples very much indeed. We
finished the cake yesterday and

I think I still⁵ have a few apples. Nearly all the girls brought something back to eat so we have been feasting all week.

Hardly any of the girls wrote their poetry while they were home and they are all in an awful fuss about it now for they have to have it next week.

I'm so thankful that mine is done. Our reports came out yesterday evening. I am 2 in class tho my average is just the same as it was last time when I was 6. I have ~~19~~ 19 (you know that is the highest mark we can get) in everything except Biology & I got 18.9 in it. You must have been lonely the night Maria & Mary were both away. Did Eugenia get back in time to get your breakfast? The first morning

Monday. 10.30 a.m.

I'll write a little more this morning before I start to town. Pappi and I are going in in about half an hour to do some shopping. I've been studying my English Literature ever since chapel. We take such long ~~ser~~ sones in it & it's so hard to remember. We usually recite it on Tuesday but we won't have it this week till Wednesday on account of our exam - to-morrow.

Went to church yesterday morning as usual. I thought Mr Schuck preached a better sermon than usual. They will have services all week in town both morning & evening. Dr said he would try & arrange it so we could go in in the evening if we want to. Our exams begin in

Three weeks from last Saturday.
They usually begin Friday & end
on Monday but this year we have
Saturday then have Monday
free then exams on Tuesday
& Wednesday & Thursday we have
vacation & the reception in the
evening. I think Dr must have
arranged it that way so the girls
couldnt go away.

I wish Mama would send for
samples of light blue pink &
yellow silk if she has not done
so.

Must stop now & go to town
or I wont get back in time for
dinner. I havnt heard from
Clarence yet.

With love of love

Clémentine
If you have a supply of stamps
with you would send me
some.
