## TERRY HALL

After two outstanding seasons at Kentucky and possessing a career winning percentage of .657 in eight years as a collegiate coach, Terry Hall is now regarded as one of the top coaches in the women's collegiate ranks.

Hall guided the 1981-82 edition of the Lady Kats to their finest season ever, a 24-8 campaign that ended in the Midwest Regional championship, where Kentucky fell to No. 1-ranked and eventual National Champion Louisiana Tech on the Lady Techsters' home floor.

By the end of the season, the Lady Kats were playing so well that Hall proclaimed, "If we had been in any other region, we would have been in the Final Four."

That Kentucky performed so well is largely credited to Hall, who at the start of the season was faced with the task of rebuilding a team that lost two starters off the front line while adding only one player—a guard—to the roster. But somehow Kentucky improved. The Midwest Regional final was one step farther than the Lady Kats had advanced the previous year, in Hall's rookie season at Kentucky. That year UK finished with a 25-6 record after losing at Maryland in the AIAW's round of 16 finalists. Following that season, Hall was honored as the Kentucky Women's Intercollegiate Conference Coach of the Year.

Hall now has a 49-14 record at UK for a winning percentage of .777. Her career record is 142-74 over 8 years. The highlight of her career at Kentucky came toward the end of last season, when the Lady Kats defeated favored Tennessee 80-74 to capture the Southeastern Conference championship on their home floor.

# Coach Terry Hall

Before coming to Kentucky, Hall coached for five seasons at Louisville, where her teams compiled a 79-54 record. In her final season at U of L, she guided the Lady Cardinals to their first Metro Conference title as they defeated a tough Memphis State team in the tournament finale. Hall also coached tennis and softball while at U of L.

Hall's initial coaching job was a one-year assignment at Eastern Kentucky University, where the Lady Colonels produced a 14-6 record and a KWIC title for the rookie coach. Her experience up to that point had been in the high school ranks, where she coached Louisville Butler to a 69-33 record and two Jefferson County titles in five seasons.

A native of Salem, Ind., Hall attended Indiana State University, where she starred in basketball, field hockey and volleyball before graduating in 1966. She was honored with the "I" Woman Award in 1965, and received the prestigious Hillman Award in 1966 as the most outstanding female athlete at ISU.

Also an outstanding softball player, Hall enjoys competing in a fast-pitch league in Louisville. She has been named to several softball all-star teams and is an exceptional pitcher.

Hall earned a degree in Health and P.E. from ISU in 1966, and received a Master's Degree in P.E. from Eastern Kentucky University in 1974.

## DR. OTIS A. SINGLETARY President, University of Kentucky

Dr. Otis A. Singletary, the eighth president of the University of Kentucky, assumed that office in August 1969. He had previously served as chancellor of the University of North Carolina at Greensboro, executive vice chancellor for academic affairs in the University of Texas System and director of the Job Corps for the Office of Economic Opportunity.

Dr. Singletary, a native of Gulfport, Miss., holds degrees from Millsaps College and Louisiana State University.

As president of the principal institution of higher learning in the Commonwealth, Dr. Singletary is greatly concerned with the University's role as a land-grant institution, a "people's university" accessible to all who can profit from education.

In the 12 years he has been president, the University has grown to where there are now more than 23,400 students on the Lexington campus and about 21,000 students in UK's 13 community colleges, and the University has become one of the major research institutions in the country.

Great strides toward academic excellence have been made during Dr. Singletary's presidency at UK. Two professional schools—dentistry and pharmacy—have been ranked among the best in the nation. Departments such as political science, history and mathematics have gained national attention. The UK Library now ranks among the best in the Southeast, and a large portion of the world-wide research related to tobacco and health is now done at UK.

Under Dr. Singletary's guidance, strong efforts have been made to meet the needs of minority groups including the establishment of an office of vice president for minority affairs.

Recognition of his service to the University was evidenced by the UK Alumni Association which presented to Dr. Singletary its Alumni Service Award—an honor rarely bestowed upon a non-alumnus of the University.

Dr. Singletary has been actively involved in a number of professional organizations and has served as president of the Southern Association of Land-grant Colleges and State Universities,

vice president of the American Council on Education and vice chairman of the Southern Regional Education Board.

Among his many awards and honors, he most recently received the Department of Army's Outstanding Service Medal.

He entered higher education in 1954 as a member of the history faculty at the University of Texas and twice was awarded the University Student Association's Teaching Excellence Award.

Dr. Singletary is the author of two books and several monographs. He is a member of Phi Beta Kappa Senate.

A Navy veteran of World War II and the Korean Conflict, he is a commander in the U.S. Navy Reserve. He and Mrs. Singletary, the former Gloria Walton, have three children: Bonnie, Scot and Kendall.

### Athletics At Kentucky

Kentucky's athletic program, a well-balanced and ambitious activity featuring intercollegiate competition in 20 different sports, is organized under the Department of Athletics and a corporation known as the University of Kentucky Athletics Association.

The program is conducted without overemphasis or sacrifice of educational objectives and in strict compliance with the rules of the University, the Southeastern Conference and the National Collegiate Athletics Association.

A board of directors, headed by the President of the University in the capacity of chairman, maintains overall policy supervision of the athletic program.

In addition to the UK President, board officers include the Vice-President for Student Affairs as vice-chairman and Dr. W. L. Matthews in the capacity of secretary. Seventeen other members, drawn from the University faculty and the general public, also serve on the board as appointees of the president as do two student representatives.

Supervising the steady growth and balanced development of the athletic program is Director of Athletics Cliff Hagan.

## CLIFFORD O. HAGAN

### Athletics Director

The hiring of new football coach Jerry Claiborne and presentation of a record budget of \$6,397,685 to the UK Athletics Association Board of Directors are two more recent developments in the career of Cliff Hagan, now in his eighth year as Wildcat athletics director and 11th year with the Athletics Department.

Accompanying Hagan's budget report was a statement by UK president Dr. Otis A. Singletary stressing the need for a first-rate swimming facility and a fieldhouse, which were long-range goals for the department.

In other related news, Hagan said the University is free to televise all its December basketball games on a live basis and that the possibility exists to televise UK's road conference football games provided the telecasts don't do "appreciable damage" to other games within a 125-mile limit.

Continued growth in practically all phases of UK athletics has been a hallmark of Hagan's seven-year reign as Wildcat athletics director, with fine attendance at football and basketball games, increased attendance at Lady Kat basketball and men's baseball, and a steady upgrading of facilities.

Recent physical improvements include a new baseball grandstand behind home plate, a new office area for the academic advisory staff, new locker rooms in the football dressing rooms and construction of a new equipment shed for track.

On the institutional side of the ledger, the University was host to both the men's and women's Southeastern Conference basketball tournaments earlier this year and will host the NCAA Championship Finals in 1985, along with renewal of the UK Relays in 1980.

Hagan, who has seen and overseen vast improvements in all phases of the UK athletics program since returning to his alma mater as assistant athletics director in 1972, has under his command a total of 20 sports ranging from football and men's basketball in Level I, to women's basketball in Level II, and a baker's dozen sports in Level III.

A few of the recent improvements that signify the continuing progress of UK athletics under Hagan include:

- Expansion of the football training room and addition of a beautiful players' lounge at Shively Sports Center.
- New food service equipment in the press box at Commonwealth Stadium.
- New basketball offices in Memorial Coliseum for both the men and women.
- Re-arrangement of the baseball fences and a complete revamping of the track facilities at Shively Sports Center.

The indoctrination of Hagan into the UK athletics administrative structure came in 1972, when he was named assistant to Harry C. Lancaster and given the task of implementing the Blue & White Fund for 57,600-seat Commonwealth Stadium and later for Rupp Arena.

Hagan replaced Lancaster as athletics

director in July, 1975; during the ensuing school year, Wildcat teams compiled one of the best records in the school's history, with the basketball Wildcats winning the National Invitational Tournament, the wrestling and rifle teams winning SEC titles and the baseball team winning the SEC Eastern Division.

The wrestling team repeated as conference champion the following year, the basketball team finished with a 26-4 record and the football team won seven of 11 regular season games and defeated North Carolina in the Peach Bowl. It was the best UK football record in 23 years and the Wildcats first post-season appearance since the 1952 Cotton Bowl. The next year, the football team finished 10-1 (6-0 in the Southeastern Conference) and the basketball team won the NCAA championship.

With both the football and basketball teams playing to sellout crowds and drawing a big on-the-road following, Hagan has not been content, but has made Wildcat games even more enjoyable by personally designing and selecting the Wildcat Mascot, which has captured the fancy of UK fans everywhere, and by granting permission for publication of "The Cats' Pause," a unique weekly tabloid devoted strictly to UK sports.

Physical improvements during Hagan's regime as athletics director include a 110-yard Astro-Turf football practice field, modern equipment in both the Shively Sports Center and Memorial Coliseum weight rooms, open-type lockers, a new pressbox and new dugouts at the baseball field, and a revamped tennis complex with additional seating and modernized offices. He has also added a strength coach to work with all sports and funds for the popular Parcourse Fitness Trail.

Offices in Memorial Coliseum have been modernized and Hagan is looking forward to the day when he can put on the drawing board an Olympic swimming pool, and plans for the expansion of Commonwealth Stadium.

Hagan also has been an advocate of a strong scholar-athlete program, feeling "a genuine commitment to provide all the academic support and encouragement we can to help our athletes leave our campus with a college education and a degree."

On the personal side, Hagan received one of his highest individual honors in 1978 when he became the first University of Kentucky basketball player to be installed in the Naismith Memorial National Basketball Hall of Fame in Springfield, Mass.

The road to that honor began at Owensboro, Kentucky, where he established a then state high school tournament record of 41 points, which was recently voted the greatest individual performance by anyone in the history of that tournament, in leading the Red Devils to victory over Lafayette in the 1949 championship game.

At UK, he played on teams that won 86 of 91 games and an NCAA championship (1951). The 1954 team, undefeated in 25 games, elected not to participate in the national tournament.

Hagan set a dozen Southeastern Conference records and an NCAA record of 528 rebounds as a junior. He averaged 24 points a game, led the nation in rebounding, and

scored a UK record of 51 points against Temple in 1954.

He was a member of Sigma Nu Fraternity, Student Government, Baptist Student Union, Fellowship of Christian Athletes and twice was selected among the top ten students in the College of Education.

After graduating from UK in 1954, Hagan served two years at Andrews Air Force Base, Washington, D. C., as a commissioned officer. He led the base to two World Wide Air Force championships and won All-Service honors both years.

During ten years with the St. Louis Hawks, he ranked high among 11 players on the league scoring charts with 12,433 points in 672 games for an 18.5 mark and was selected to play in five East-West All-Star games and was named to the NBA second All-League team twice. He hit over .790 from the free throw line seven years in a row and held the NBA record for most field goals scored in a single quarter (12).

The Hawks won the Western Division six times during Hagan's playing career there and defeated the Boston Celtics in 1958 for the world championship. Hagan was All-Pro in the NBA in 1957-62, inclusive.

He received his M.S. in education from Washington University in 1958.

In 1965, a Herbert Hoover Boys Club of America was organized in Owensboro and named the Cliff Hagan Boys Club of America.

He then joined the Dallas Chapparals as player-coach and was selected as the 1958 Texas Professional Coach of the Year. When he left Dallas, he was only 92 points shy of a regular-season career total of 15,000 points.

In 1974, he was named to the Hall of Fame Magazine's All-America second-team for the 1951-1973 period, to the Orlando (Fla.) Sentinel Star's All-Time Southeastern Conference first team, and the All-Time top collegiate player in the State of Kentucky by Inside Kentucky Sports Magazine. In 1975, he was named to the Kentucky Athletic Hall of Fame, was inducted into the UK Alumni Association Hall of Distinguished Alumni and was a recipient of the University of Kentucky Centennial "K" Medallion tendered by the UKAA for past athletic accomplishments, during UK's Centennial Year observance.

He is married to the former Martha Milton of Owensboro. They have four children: Mrs. Barry "Lisa" Thaxton of Lexington, Mrs. Jim "Laurie" Hill of West Liberty, and Amy and Kip, both of Lexington.

## TODAY'S GAME

### Kentucky vs. Cincinnati

Records: First game for both teams

Series Record: UK leads, 4-0

Last Meeting: Kentucky won, 79-66, last season

Three starters return from a Cincinnati squad that finished with a 19-10 record last season. Headlining the returning crop is 6-0 senior Joy Roberts, a two-year starter in the pivot who led the team in scoring (12.9) and was second in rebounding (7.6) last year. Stasia Kissel, a 5-11 junior forward whose stellar freshman season was curtailed by a knee injury, came back from surgery to lead the team in rebounding (9.0) and finish fourth in scoring (10.8). The other returning starter is 5-10 sophomore guard Cheryl Cook, a former Indiana Miss Basketball and High School All-American who was Cincinnati's third-leading scorer last season with an 11.3 average.

Cincinnati is coached by former Lady Kat Ceal Barry, who graduated from Kentucky in 1977. A standout athlete at Louisville's Assumption High School, Barry earned four varsity letters in basketball at UK, and captained the Lady Kats in both her junior and senior seasons.

After serving as a graduate assistant for one season and a staff assistant for another at UC, Barry was offered the challenge of reversing the trend of three straight losing seasons. In three seasons as head coach, she has done just that, with her squads posting records of 18-12, 27-9 and 19-10.

For Kentucky, today's game means an end to a long preseason filled with hard practices and high expectations. Four starters return to a squad expected to be the best ever at Kentucky. With preseason polls ranking the Lady Kats as high as fifth nationally, fans and players alike have eagerly awaited this first game.

All-American center Valerie Still (24.8 ppg, 14.3 rpg) heads the list of returnees. Also back are the two starting guards, Lea Wise (11.6 ppg) and Patty Jo Hedges (10.1 ppg). Lisa Collins, a 5-10 junior who averaged 7.7 points and 4.3 rebounds, is back at her starting forward position. The game also marks the anticipated debut of freshmen Leslie Nichols and Karen Mosley. Nichols, a 6-foot forward from Lexington, had an outstanding series in Japan this summer and stepped right into the other starting forward spot. Mosley, a 6-3 forward-center from Toledo, has great potential and scored 29 points in an intrasquad scrimmage two weeks ago.

## Lady Kat Feature

### Karen Mosley: Look Out Potential, Here She Comes!

When Karen Mosley first arrived at the University of Kentucky this summer, Lady Kats Coach Terry Hall described her as a player of immense potential. "We don't know how long it will take," Hall said, "but Karen could become one of the best players ever at Kentucky."

An excellent leaper with good speed, quickness and a nice shooting touch, Karen was selected to Parade Magazine's second-team All-America squad. At 6-3, she was just what Kentucky needed: someone to add depth to a solid front line.

So it really wasn't a surprise when Karen, a native of Toledo, Ohio, emerged as the star of the Lady Kats' first preseason intrasquad scrimmage two weeks ago at Franklin County High School. The only thing that was surprising was that the impressive outburst came so early in her career.

"We knew she was this kind of player," said Hall. "But we didn't think she would show it so soon. She's been looking good in practice, but learning two positions had slowed her down."

What Karen did was pour in 29 points, hitting 12 of 16 field goal attempts, five of six free throw attempts, and pull in 11 rebounds. Her team won the scrimmage, 94-83.

Karen will play both forward and center for the Lady Kats. In her successful scrimmage debut, she was playing forward against a zone defense, two factors that apparently were favorable to her. However, Coach Hall hopes she will be valuable also as an occasional back-up to Valerie Still at center.

Karen, in the meantime, is simply happy to be at Kentucky. "I feel like I'm fitting in pretty well here," she said. "Everyone has been very nice and we always seem to have a great time together as a team. I also feel I'm adjusting well to the college game because the veterans have been so helpful. The seniors provide a lot of leadership. I can see the tradition they've helped establish here and I want to see to it that it keeps going on after they're gone."

## MEET THE PLAYERS

### 14 LEA WISE

5-7 Sr. Guard  
Lexington, Ky.

**Coach Hall's Comments:** "Lea is a terrific outside shooter. I depend on her shot in clutch situations. Lea plays hard every game and plays under control. One aspect of her game that is usually overlooked is that Lea is a good passer. She has matured greatly in the past two years and I expect her to have her best season in 82-83."

### 13 PATTY JO HEDGES

5-7 Sr. Guard  
Louisville, Ky.

**Coach Hall's Comments:** "Patty Jo is one of the finest point guards in the country. She is unselfish and a great floor leader. She sees everyone on the court. Patty Jo plays her best games against the best competition. She has the ability to control the tempo of a game, and I depend on her to do that for the team."

### 12 VALERIE STILL

### THE COACH TERRY HALL SHOW

"The Coach Terry Hall Show will be something fresh and innovative—not your standard coach's show," promises Channel 36 Sports Director Kenny Rice. Believed to be one of two weekly women's coach's shows in the nation, the Terry Hall Show will be seen on Sunday afternoons at 5:30 p.m., with the time slot subject to change after the first of the year.

Channel 36 Station Manager Bill Service saw the growing interest in Lady Kats basketball and decided the time was right to initiate the show. "We think the team has a good shot at making the Final Four," said Rice. "And we want to be right there with them."

Rice, a 1980 graduate of UK who hails from Eastern, Ky., joined the Channel 36 staff in October of 1980, and was named Sports Director in March of 1982. While serving as sports anchor on the weekend newscasts, Rice helped his station from third place to first in the local weekend ratings. "We had a really good weekend staff," he said.

The Terry Hall Show will not be just a studio production. "We plan to go on location a lot, do profiles on players, and maybe take a look at the women's NCAA, give people not real familiar with women's basketball a better idea of what's going on in the sport," said Rice. "And, of course, we'll look at upcoming opponents, show highlights and the like."

Rice, 26, is in his 11th year in the sportscasting business, having worked for eight years at WDOC radio station in Garrett, and for two years as Sports Director for a cable television station in that town. He also does correspondent work for ESPN, Cable News Network and ABC.
