My Darling. Sweetest Little Wife:

Remember, I use to address your letters as my wife etc, but now we really need it. It is the grandest feeling to know you have a dependant and a wife. Darling, I felt so bad last when we were saying good bye. I just couldn't hardly keep my self from crying. After you left I did a little bit. You have no idea how much you mean to me and how much I love you. I suppose you are up by this time getting ready to get the train for home. I sure wish that I was going with you. Darling you are the most wonderful thing that ever happened to me or that ever will. You'll never know how much I love you and want you. It won't be long before I'll be sending for you only in a few days. Keep your chin up and pray real hard and we will be together again in a few weeks. Tell every one at home hello and how much in love we are. I know your family must be so glad to see you for I know what it is to be loved by you and have you too. Just think about your poor old soldier husband once in a while. I'll be thinking of you all of the time. I sure wish I could have one of your big kisses and hugs right now. Well, we have to go up to the classification board now and will have to stop for now. We went up there but they don't want us until this afternoon. Well, by this time you are waiting for the train to pull up in the Sta. (I am) I can guess all of the things that are running through your mind while waiting for the train. Darling my cold is much better today and it will be gone in a few days. Don't worry about me for I'll be okay and will make it okay.

Sweets you will have to excuse my writing for I haven't any desks any more. I just lay in my bunk and write. In all of my spare moments I will write you. I love you so damn much and can't see how I am going to carry on without you. Last nite I stood and watched you until I couldn't see you any more and then some. I miss you so much and am just living until the day when we can be back together again. We've been married 6 weeks today and now are apart. This is a cruel damn war and world. Maybe in our 8th weeks anniversary we will be back together again. Enjoy your visit at home as much as you can for I assure you it is going to be a very short one. All that I can think of and want is you. You are the very breath of life to me. I thank God for 6 weeks of Heaven and want more. You are the most wonderful thing that has happened to me and I want more and more of you. Your love and kisses are wonderful. I long for you to play with my ears and for your caresses. Darling, don't you think married love making is so wonderful? I can't get enough of you. We'll have a whole lot to catch up on when you are with me again. I'll let you know in advance so you can be prepared to come to me. I'll stop writing for a while and just lay here thinking of you. I hope I don't just mope away. Will write you another page tonight. Please write me real long letters too. I just got back from being class president and will be a monitor as I want to. I'll go to some armaments school in a few days. They tell me that if you work real hard you have a chance to get three bars. So keep your fingers crossed and say some prayers that I can make. I'm not counting on anything in this damn army unless I see it for you know how I feel. Darling, when we were falling in for noon mass a train passed by and I

(3)

UNITED STATES ARMY AIR FORCE

think it was yours. I looked all over it but couldn't find
you ought. When the train's whistle blew, Boy did it make
me feel blue. I knew that it was taking you away from me.
Honey, I love you so much and can't ever get enough of
you. In a few short days we will be together again. I wish
it was right now. I might be sent to Denver Colo. Colorado
for Armament school. How would you like that. I've been
in Denver and it is a swell town. It's not so far from
Colo. Springs were like Peak is. It is a mild temp there
and you would like it very much. We could have so damn
much fun there (in any place) Also might go to Florida.
I would like Florida better because it is closer to home
but Denver is a much nicer place. I don't know just
when I'll be moving but will be in a few days. As soon as
I get paid I'll send for you and will have a apt. room to
fix up waiting for you. So don't think you can evade
your old husband very long. How does it feel to be home
again. You are a lucky person. Poor little old me has
to stay here in this damn Army and be with out you for awhile
tell every one hello for me and maybe sometime in the near
future I can get a furlow. Tell Johnson hello and I will
be a Lt anyway and it is still possible for me to get my
wings. Darling, you won't like this so hold on to your seat.
In order to be a Armorer you have to be a Aerial gunner
also, but will only use armorers in a grave emergency
as a Aerial gunner. Armorer is ground work all of the
time. Handling bombs, loading planes with them, repairing

machine guns, Clew in the plane etc. So don't worry about the aerial gunner. If I go to aerial gunner school before armaments, I'll have the rank of master sarge and get a pay of \$125 a month plus flying pay. I hope that I go to gunner school first so when I'm going to armorer school I'll have a master sarge rank and pay. And that would help me to get my bars even much faster. So you can see it's a pretty good deal all around. I think that is best for us. All of the Cadets has to take aerial gunner. If they take radio or mechanics with gunner (that has to) then they will see combat in a very short time. So that's why I took armorer. Even if you do go into combat you will be at the field and on the ground taking care of the arms etc.

They would only use you as a gunner in a grave emergency which doesn't happen very often. So don't worry. Sweets, all that I know is that I love you and can't wait until we are back together again. Will finish this tonight and tell you how much I miss you and want you. Tonight I walked up to the gate at 5 PM just like I did when you were still here.

When you weren't there so I went in. I walk up to the service club like we use to do pretending you were walking along with me. Then I sat down on the bench we use to sit on. I wasn't any good though. I miss you so damn bad and feel so awful without you. I can't go on without you much longer. I felt so damn bad last nite when you left. I must admit I cried a little bit. You know how much I love you and how I feel about you. All day long when I went past the gate I looked up and down the street looking for you. And each time I go around the service club or walk along the streets I've walked along together and pretend you are with me. I also pretended all day long that you were coming out here tonight. Maybe I'm nuts and foolish. But all I know that I sure do love you and want you.

AVIATION GADGET CENTER
SAN ANTONIO, TEXAS

Honey, I have your picture here right beside me and I look at it between each line. You have no idea how much I love you and how much you mean to me. Didn't we have a lot of fun during our six weeks of married life? I sure want a whole life time of happiness with you. I was so damn sorry to give up our apt. in Sweetwater. I'll always remember it. Remember the first week end that we had together in our apt. Oh. Boy how I love you and can't wait until you come back to me. Remember in San Antonio how much fun we had on our wedding nite this time six weeks ago today. We have been married (right now) 6 weeks and 30 minutes. Boy how much I wish we were together right now in our own little home some where. This damn war can't last much longer and soon I'll be home again. Honey don't forget your duty lies with your husband and when I send for you, you are to come a flying as soon as you can. It will only be a few weeks until then. They say our stay here is about over and all we are wanting for now is official assignment to some command school. I would like to be out of here by Monday, so just as soon as you pair I'll send for you. I can't hardly wait it will be like getting married all over again. Boy the last time we loved, we almost had it down to perfection and a couple more times would of been perfect. So don't forget what we have learned and all of that sort of thing. All that I can do or think about is how much I love you. Darling it's

not right for one person to love another like I love you. I know that you feel the same as I do and hated to lose your old husband. I'm thinking real hard about our marriage 8 weeks ago and will be especially thoughtful each Thurs into at 6:30 until you are back with me and then we can celebrate together. Oh! My Sweet little Angel Wife how I miss you and how I need you. I can't go on over 2 weeks without you. When you left all of my spirit and life went with you. You have no idea how you mean to me and how much I need you. My Cold is much better now and feel fine (physical) I feel rather than hell with out you here with me. Darling have a good time while you are at home and do all of the things that you want to. It might be last time you will be home again in a long time. So make the best of it and have a good time.

Kum, I sure love you more than anything in the whole world. I know you feel the same way about me and miss me as much as I do you. Well, I better quit awhile and write a letter to Mom, we just had mail call and no mail for me. Well, I better close now and go to sleep so I can dream of you again tonight. I love you more than life itself and can't wait until you arrive. It won't be long for we will be quire around the 1st and I'll send for you wherever I am. Good Sweetness. God Bless you and all my love. Think of your husband while having fun

Fri Nite Mar 19

My Sweet Little Angel Wife!

You are home by now and are having a wonderful time. you lucky thing. Here I am in a place locked up with nothing to do since my life left me and went back home (namely you) I got two letters from Mom today and she said she was going to meet you at the train. Honey, what kind of a trip did you have? Did you have any trouble in any way? I've been worried all yesterday, last nite and today. I kept on guessing what you were doing on the train. And at 7 this morning I could see you getting off the train and being greeted by our two mothers. Oh! Gosh, I miss you so much. There is no use kidding you. I can't stand it with out you. Darling, I am so miserable with out you and feel just the same as dead. I have no life or pep about me. Oh! I need you so bad and want you something awful. I am afraid I will die of loneliness before you come back to me. Honest, Sweetness, I am lost with out you and unhappy as a human can be. You have no idea how I feel about you and how much you mean to me. I can't last much longer than a week or two. Oh! My little wife! How I love you and need you! I have been in this place for a week now. Boy, I hate it 4 times as much now with you gone. Tonight I have to go to the dentist to have my choppers checked over and fixed up if needed. My whole squallor has been going there all day and nite

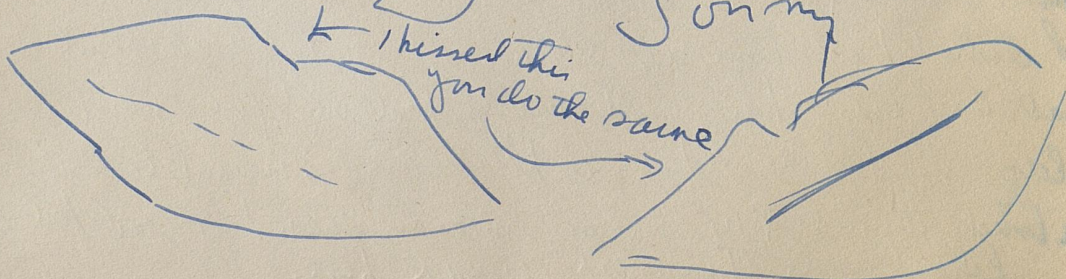

You have to have a dental check up before you can clear this field and be shipped out of here. So that means that in a few days I'll be on my way to Annonterre school and that I can send for you just as soon as I'm paid. Maybe we can scrape up enough dough before then and then you can come to me sooner (if you want) I'm afraid you will like home again too much instead of being with me. Let me know how you feel and want to do. I bet your Dad was glad to see you and your whole family. Honey, I miss you so much and love you so damn much. I hope you feel a $\frac{1}{3}$ of the way that I do. Please write me each day and tell me how much you love me and miss me. It is almost time for me to go to the dentist, so I'll have to stop for now. Mom sent me a buck today, so now I have \$1.75. Keep the money you have I'll have enough to last me a week or so. Be a good girl and think of your soldier husband sometime. I love you more than anything in the whole damn world. Well, damn it, they pulled two of my teeth tonight and I know damn good and well they were alright. This Army is dumber than hell. They do things they want it and don't give a damn about the little guy (like me) I'm so damn mad I'm spitting fire and brimstone. I'll sure be glad when I get out of this damn place and go some place where a man is a man. Oh, Honey, I miss you so much and can't wait until we are together again. I need you so bad and want you something awful. Get to together again as soon as possible for you know how I feel. I know you feel the same way and want to be with me.

It won't be long before we are together again. Have a lot of fun while you are at home. Drink a couple of X.L. beers for me next time you are in a bar. (Bar fly) I love you so much and want you more than my next breath of air. You are my whole life and the power that makes me go on from day to day. Go to the old places we use to and think of me. Tell me what the 4th street looks like. Eat sometime in Taylors and Williams like we use to do when I was home. Some day real soon we can do all of the old things we use to do. All that I know that is I love you more than anything. Did any one flirt with you on the train. I can't understand why any one couldn't resist to flirt with you. You are so beautiful and cute. I look at your picture each time I have a spare minute. And I have lots of spare minutes. Oh damn my jaw is beginning to hurt now. They took out the two teeth in my lower left jaw that I chew with. I'll be in a hell of a shape when I want to chew on that side. The Army makes me so damn mad that I have half a notion to go over the hill at my first chance. Honey, I love you so damn much and can't wait until we can love again. I need your tender Carvers and kisses. I just woke up and I didn't get much sleep last night with my two teeth out. You can guess how many times I had to spit Blood in the nite. I didn't have them pulled until about 10 to 9 last nite and they didn't have a chance to heal up before I went to sleep. I feel like I have a hole large enough to drive a truck thru it. Boy it I'm madder than hell and feel like tearing things up around here.

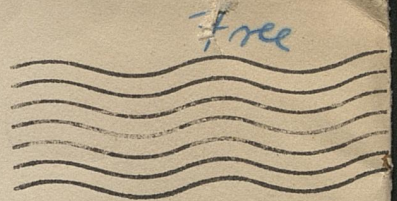

I hope you get this letter quick. I've been so busy all of the time and have so many things to tell you that I can't get time to finish it. You should receive it by Tues any way. They told us this morning when we got up our signal on pulls K.P. tonight (all night) so you can guess how much fun it will be for me with the big hole in my mouth. I didn't get much sleep last night and will be dead in the morning when we get off of K.P. I shaved last night and it looks like rain today. We are suppose to be out right now cleaning up the area but I'm not one for that, so I'm here in my tent writing you. Honey, I love you so much and adore you something awful. I miss you more and more each second. Please pray that I'll be sent some place else in a hurry. I love you more than anything in the whole damn world. Nothing else means anything to me without you. I know you feel the same way about me. Tell my Mom about my teeth. Also be sure and tell her the reason of my crack up. Two weeks ago today (Sat. morn.) I was looking forward to having a weekend in our little apt and last Sat was looking forward to seeing you for the first time in this part. Well, dear, it will be only a short time before we are together again. I can't wait and it can't be soon enough for me. God Bless you Angel and thank you Husband. Loads of love.

only a whole lot nicer. I think it will be possible if I'm sent to Denver Colo. It is a swell state. We could go and see Pikes Peak and all of the other sights. I know my way around Colorado Springs. It is full of show and rite clubs. It is only a few miles away from Denver. Or we might go to Florida. Either place would be swell. We can have loads of fun and have a wonderful time. I promise you after I get out of this place that I'll be able to be with you every rite. Even as much as living with you instead on the post. Some places let soldiers who have wives do that. I sure hope where ever I go that the kind of set up they have. A class A pass allow you time off as long as you want when you are out fore from classes. So, Honey we will have more time together when I send for you this time. I'll be thinking of you tonight while I'm on K.P. It is a all rite job and I won't get any sleep at all. Think of me a whole lot like I do you. You are on my mind all of the time

My Darling Sweet Little wife!

How is my sweet little Angel today? Have you began to miss your soldier husband as yet? I sure do miss you an awful lot and won't be able to stand it much longer. I want to send for you right this very minute. Do you want me as much as I want you. Dam, I need you so much and miss you more than if I lost my right arm. Honey, you are life it self to me in fact you are the only thing that keeps me going and want to live. So please hurry back so I can be alive again. I bet you are having a wonderful time at home with your family. I sure wish I was there with you all. I thought I would write you this afternoon for some of us go on K.P. tonight. You know unlucky me will catch it as sure as shooting. Tell your family hello for me and give them my love. Sweetness call my Mother each day and go over as often as you can for you know she is also your Mum too. Have you told them the

Darling, my Cold is much ⁽⁴⁾ better and I feel
as good as can be away from you. How it, I'm
so awful lonesome and blue without you. You
have no idea how much I miss you. I was
looking at your picture this morning and almost
got a crying spell. And don't cry so loudly.
Oh! I'll be so damn glad when this war is over
and we can act like real married people do.
When I'm with you all of the time my love will
burn me up in white heat. No wonder people
are always raving about married life. I
can understand how they feel. I'll bet you no
other two people was ever in love as much as
we are. I didn't think it was possible to be
so much in love. Darling, I just can't express
my feelings as I want to. I'm not a poet or
a writer. You'll just have to take my word for it.
What I would not give for one of your hot, passionate
kisses right now. I can see you so clear, just
as if you were here with me. What do you know
that you are at home? I bet you are having a

reason that washed out. ⁽²⁾ If not do so at
once. How do you like this nice green paper?
They sell it to green recruits. Ha Ha! get it.
Honey, if you hear any good jokes please
tell me them and I will do the same. Well,
we just had a formation and I was called
on K.P. I go in at 6:15 tonight in one of the
tent mess halls down by gate where I met
you the first time. Boy how do I hate K.P. You
sure do catch all of the dirty work around here.
I sure hope we leave here in a few days or it
will be the last K.P. I'll have to catch on this
damn field. I would gladly take K.P. once a week
if I would be sent away from this field and
could have you with me. I love you so damn
much that I would do K.P. every day if I
could all night with you. You are so wonderful
that I would do any thing to be near you and
with you. Honey, do you think of me very often
and do you love me more or less. I love you
more and more each second. I can't wait
until we can love again and have our
own little home. Wouldn't it be swell if we
could find another apt. like the one in Sweetwater

my soul my own ⁽¹⁾ we will never be apart.
I belong to the Army (no they say) I belong
to you and to you alone. you can do with me
as you want. Don't you flirt with any
soldiers at home thinking that it is me.
Don't worry about me going out with any
one else for I never have unless we went
steady. I belong to you and you belong to
me. This Army has no right to keep us apart
and no one else has neither. Please write
me each day and make them nice nice,
long, love letters. I run out each time I
hear mail call. I hope to get a letter from
you by Monday any way. Please love me
just half as much as I love you. All I
want out of life is a place where you and I
can be happy and have fun. Please excuse
this writing for I have to hurry for it is
almost time to fall in for N.P. It was a
good thing I wrote this afternoon or else I
wouldn't have time to write you tonight. I
think of you all of the time and like to write
to you in my every spare minute. I'll write
you long letters each day and you to the same.

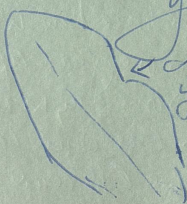

(5)
It won't be long before I'll be sending for you.
you'll be getting a letter any day now that I'm
moving and to be prepared to come to me on
the run. Honey, do you still feel like a
married woman or do you feel just like you
did before? I still can't believe that you are
gone and I won't see you for a couple of weeks.
I dreamt last night that I was a warrant
officer and got a few law home. Wouldn't
that be wonderful I could come home
any way. Sweets go over to my house and
stay a few days. you can sleep in my old
bed and in my room. you would be a little
closer to me any way. I just can't wait
until this damn war is over. We will live at
my house after it is over until I can get a
job and we find a place of our own. How
does that sound to you. I don't see how we
will be able to settle down in one place after
y'all of this chasing around. Some day we will
take a nice long trip in our car and take
our time. We can go where we like and

(8)

The nice thing about having K.P. in the tent mess halls is that you have no dishes to wash. They use mess kits there. We won't be on during meal times. All we will have to do is scrub the place up and help to prepare (read fast). We will have to wash pots and pans through (to get up pots) again I say that I love you more than any thing in the world. You are the world to me and with out you I'm a lost cause. I would die with out you. I wouldn't want to live with out you. Let's never have any fusses or arguments. We agree on every thing and like what the other likes. We were made for each other. Well, I must close now. God Bless my Sweet little Angel of a wife. Loads of love. Keep your chin up for it won't be long before we are together again.

also stay as long as we like. Sweetness after this war is all over and if you don't mind, I'm going to take up flying again. Some day I hope to have a ship of my own. I know that I can fly and always will want to. Then we can really go places if you want to. Tell your brother that I will give him that plane ride yet. How is Sister and John making out? Is he going to visit her very soon? Oh! All that I can think of is that I love you and want you back with me as soon as possible.

Do you love me more or less? Darling I'm so careful some about washing out and all that for I wanted to succeed for you so we could have all the things that you wanted. My whole goal and aim in life is to make you happy and buy what ever you want. I'll send you all of the money when I paid so you can buy you so new duds and come to me as quick as possible. Oh! I wish we could be together right now. I never want to be alone again. Some day when I can call

My Darling Sweet Angel wife!

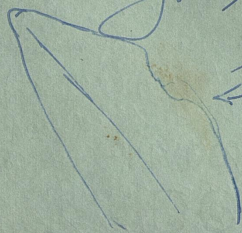

Ah! my little Sweet Angel.
today I had the grandest surprise. I received a
letter from you and didn't expect to hear from
you until about Tue or Wed. I feel much
better now since that I've heard from you.
I'm so glad that you had some one to talk to
on the train. And that all of our family's was
there to meet you. I hope by now you are
getting mail from me. Honey, I got about
6 letters today. 4 were forward from Sweetwater
and 3 new ones. Out of the 6 letters I've got
3 books including the one you sent me. So don't
worry about me and money for I have enough
to last a couple of weeks. I read your letter the
first thing and I've re-read it about 10 times
so far and the evening is still young. Honey,
you'll never know how much I miss you
and want you. This time two weeks ago we
were in our little apt. in Sweetwater. This time
last week, you were out here with me. I
love you so awful much and want some
of that powerful marriage love making.

catch the flu or something but the funny part about it is my cold is much better today and is almost gone. I've been on H. P. a lot of times before but none of it was ever as rough as this one was. I hate this damn place more each day. Monday, General George Marshall is going to visit here. They have had the rookies drilling up and down the past two days so they can be perfect in the review. They don't want us Cadets in the review for they are afraid that we will not shine the rookies. And also that Marshall will question some of the men how do they like it here. They are prepared to die he will talk to a Cadet. But if he does, will he get a lot full. All of the Cadets feel as I do and could do a lot of high grunting and hollering about this damn hell hole. I sure wish he would ask me what I thought. You know how I feel and I could make it sound even worse. Sweetness today I got up at 1:30 (No sleep or less) and dressed. I passed the gate at 2 pm like I met you last week only this time I had a buddy with me. We went to the service club and got some coffee and pie. Remember? Then we went to the four clock show. Just like you and I did last Sunday. Man, how

I want to feel your warm body in bed along side of me. I want a million kisses and never want to stop that real love making you are so beautiful and cute. When I use to look on you lying next to me in bed, you me a wonderful feeling and made me want to be married a million years. Remember how much fun we had removing your clothing and living. Remember how the first few times how bashful and afraid you were. The last times I had to practically beat you off of me. Oh! how crazy I am about you and I love you more each second. You are my whole life and I can't wait until we are together again. Darling, this H. P. on this field is hell. I went in last nite at 6 pm and was off this morning at 6 am. So you see I did not get any sleep at all. We had the tent mess halls. It rained all day and all thru last nite. We peeled the eyes out of 2 tons of squids. Also fixed a half ton of carrots. After each thing was fixed up we had to carry them in D. S. barrels to the kitchen tent that was 50 yards from the tent we were in. If I got wet once I got wet a hundred times last nite. I was afraid I was going to

I sure hope he sees the real side of this
field. They probably will try to keep him away
from tent city as much as possible. If
people only knew. Well, I suppose we are
lucky for my Dad lived under the same
conditions when he was in the Army. I
think I will go to bed in a couple of minutes
in order to stay warm. Darling, don't
worry about me for I'll be okay. Just keep
you cute little chin up and we will be
together again before you know it. I am,
it all. I love you so awful much
and will go nuts with out you. I'm just
living with the thought that you will be
with me again in a couple of weeks or less.
Good night Angel. God Bless you and
loads of love.

Angels came down and danced around us.
I know what it feels like to hold a Angel in
my arms. I meanly you. I never knew before
that married life was so wonderful. And
that two people could mean so much to
each other. Darling, you are so beautiful and
pretty. I like every thing about you. I wish you
were here so I could carry you and take
you to bed with me. It gets awful damn
cold in this bed here in the tent at night. You
would be just the thing to warm me up. No
 kidding, it is colder than hell here now
after all of that damn rain. By the way, what
all of this you say about another flood at
home. Gee! I hope not. Suppose I was to
send for you and the message wouldn't
reach you or you were some place else. Honey,
if it does happen let me know all about it
as soon as you can. I sure hope that old
man goes back down. Honey, all that I can
think of is that I love you and miss you
something awful. I can't get it through my
head that you are really gone. Oh! Honey,
how I miss you and love you. Each time

at your picture I choke up with tears. I
cried an awful lot ~~at~~ Wed nite after every
we else was asleep. When I read your letter
tears came to my eyes and I would of let
love if I didn't hold my self. I'm in hell
ya consolation with out you. Oh! My little
Angel how much I love you no one will
never know. I know you feel the same way
about me. Please kiss the end of each letter
like I do. War is hell and awful to people
who are in love. Married people are hit
more than any one else. Please write me
everything that you do each day. Keep in close
touch with my Mom. If I'm I sent to some
place else in a couple of days maybe she
will give us the dough so we can be together
again. She said something about you two
coming to visit me when I'm moved to
another field. I hope that she comes with you
so you won't have to be ~~over~~ traveling
alone. Dam it is getting colder now. I hope
it warms up in the morning. we have to
wear Class A uniforms all the time now
while Marshall is here. These venturing Generals
are a pain in the neck to all of us.

I see another soldier ⁷⁶⁷ with a girl makes me
even feel worst. you have no idea how much
I love you and how badly I miss you. I do
any thing just to be with you again. If only
I could get a furlow home or still better why
can't this war end. There is some talk that
it will be over in six months. I sure hope so
first want to get out of this Army as soon as
I can. Sweets take some pictures and send
them to me. Still better send your self. If only
we won't be apart much longer. Just as
soon as I'm paid and can get the hell out
of this damn place. I bet you are glad now
that you can read Terry and the pirates etc.
I would give a million bucks if I could
come home to you. If I feel this bad in
that we have been only away for four days
how hell I feel when it is a week. Oh! Angel
I miss you so much. you have no idea
how much I depended on you. you said in
your letter you cried all the way back to your
room after you left me. Well, I did the same.
I wake up in the middle of the nite and think
of you. I smoked and dream of you about 2 or
3 every morning. Each time that I look

something awful. I never knew that I could
love you as much as I do. You mean so much
to me. In fact you are the whole world to me. You
are the power that makes me live. Just the
thought of being married to you gives me the
necessary stuff to make me live. You are like
food and the very breath of air. I mean you are
the thing that makes me live. Without you I
would surely die. So lets hurry up and be
together again as soon as possible. Honey, I'll
have to make this a shorter letter tonight for it is
now 10 PM and I should've been in bed at 9:30
I'll need all of the sleep that I can get first have
to get up at 11:00 and that only means 3 hrs of
sleep if it goes to be right now. I'll write you
another real long letter tomorrow night when
I come off of N.P. I love you so damn much and
I'm just going & living with the thought that soon
you will be with me again. I love you more than
you will ever know. God Bless my little wife
and send her back to be as fast as possible

My Darling Little Angel Wife!

How is my sweet little Angel
today do you miss me as much as I miss you. Damn
I can't go on much longer with out you sweetheart. I
love you so damn much and want you more than
any thing in the whole wide world. Well tonight I'm
writing this letter from over at our latrine. It
is after lights out. Tonight from 6 to 9:30 I was
busy fixing up something for you. You'll see.
They will take the first payment out of my April pay
and you will get it in May. It is a long time to
wait but it is a better deal in the long run. You see
I'll get a full payment for March and can send for
you as soon as I get it. Alther wise if they took out the
money this month, I would only have 22 bucks less
you would still have to wait a month for your
money. Darling, there is some red tape with this
damn thing. I have to prove that I'm married by
some documentary evidence of our marriage.
So here is what we have to do. You write to the Court
house of the County in San Antonio and ask for

(3)

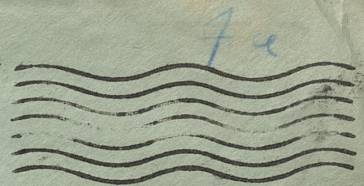

to write you this letter. I am it all I don't mind
K.P. once a week but this old stuff of every other day
is too damn much for any one. My whole system
is pulling it again. But don't worry they aren't going
to get much work out of me at all. I'm going to
get up and go over there for well @ all and then
I'm going to hide some place and do no work
what so ever. It makes me so damn mad.
They are sure giving us Cadets a raw deal
all the way around. This is too rotten for words.
Can you guess how mad we are and how all
of us feel now. Boy Oh Boy, we can't take much
more of this. They sure do hate the Cadets around
here by giving them all of the raw deals they
can think of. It'll be no damn time all day
tomorrow. This morning I ate breakfast in the
service club and was it good. It was one of the
best meals I've had since I've been in the damn
Army. Hey, what do you mean by sending me
such a short letter. I'm only kidding Honey. You
must of written me two letters in the same
day. I mean Friday when you got home. Oh
Honey, I love you so much and miss you

(2)

a record of our marriage required by the Clerk. Then
when they mail it to you mail it to me right
away so I can turn it in to the Army. They will pay
us anyway but we have to prove we are married in
such a certain time or else the allotment will
stop. So Honey, take care of this matter as soon
as possible. If you write to Dan Centon and
I was to send for you in the mean time, your
mother could forward it to us. I had it all
made out to be sent to your home address.
When the check comes at your home your Mom can
mail it to us. By the way if you could get a photo
of our marriage Certificate and have a notary
public sign that is the same as the real one, that
will be handy. We don't want to give them
our original marriage Certificate because we
want to keep that forever. So sweeties get on
this right away.

Guess what, tonight they told us we go
on K.P. again at 1:30 in the morning. How about
that. We draw K.P. every other day. I haven't gotten
over the affects of the one we had Sat nite. So you
see, I'm suffering sleep right now in order

My Darling Little Sweet Angel Wife!

Good evening my little Angel.

How is the love of my life making out, with out her old soldier husband? Darn, I miss you so much and want you more than any thing in the whole world. Oh! what I wouldnt give for one of our passionate love making nights now. Oh! Boy how I miss all of that wonderful love and heavenly bliss. Sweetness, please hurry to me when I send for you. I can't go on much longer with out you. Well, Sweetness, I just got off a K.P. again. Darn it all, we went on last nite at 1:30 am and got off tonight at 8 pm. How about that. Just about 20 hours of Centennial work. However, do you think you could steam on your feet for 20 hrs. We mopped, scrubbed, and resealed floor to the new. I so darn tired right now that I can't hardly keep my peepers open. So I'll have to make this a short

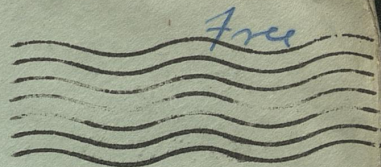

(3)

I feel ~~the~~ away as Cant, being away from you. Dear, I love you so much and can't ever get enough of you. When we are together again lets go to bed and love for weeks. You know how I'm about you and I know you feel as I do. Boy, I can't wait until we are together again. All that I can say is that I love you so damn much and want you more than anything in the world. Boy, my passions arise like lightning when I think of you, and that is all of the time. When I think of you at nights in bed and remember all of our wonderful loving making I get all hot and broken. Well Sweet's I have to go now for I'm so sleepy that I can't see the paper any more. God Bless you and loves of love. Your Husband

one tonight. Darling, I received two letters from you tonight. One of them said you drunk some beer at O'Breens for me. What do you mean for me. I bet you ever last drop was for your own little tummy. Oh! My Honey Angel, how I miss you, you will never know. I can't last much longer with out you. I love you so much and can't live with out you. You are in my blood and you are my soul. Every little part of me belongs to you and you alone. You are love and I crave my soul and my center nearly you. I know you feel the same way that I do. Tell your brother thanks a lot for his note. I'll write him real soon. In the morning my buddies and I are going to eat breakfast at the service club. We will be so damn tired that we want all of the sleep that we can get. I'm about to drop off to sleep. Honey, my cold is almost gone now and

I love you so awful much you will never know
nor understand how I do feel about you.
Honey, today I and the other five who traveled
down with us, were called out of ranks to report
in hq. We each had a check for \$11.25 waiting
there for us. I was to pay us for traveling
expenses. I'll pay that by who I owe 3
bucks to. I don't have 6 bucks plus the 2 I
have. So don't worry about me. I have enough
money to last me for a good while. If you
haven't any money, and need some, let me
know. I have more than enough to last me.
Honey, my cold is about gone now and I feel
ok. Just miss my little wife and can
so damn love some for her. Here I am, with
thousands of other people and I just as
lonesome as if I was on the moon by myself.
You are my whole life and the only thing
that I live for. I love you more than I
thought it was possible to love you. And
I love you more and more each day. I'll
never stop loving you more and more. Also
I'll never be able to get enough of you.

My Darling Sweet Angel Wife!

How is my bunch of Honey
today? Do you realize we haven't seen each other
for one whole week. You left one week ago
tonight (me here at the field) it seems like
a year ago. I miss you so awful much and
can't wait until the day until we are
together again. I love you so damn much
and it grows more and more each day.
Sweetness, you are on my mind all of the
time no matter where I am or what I am doing.
I know you think of me as much as I do of you.
We are having mail call right now so I'll
run over and see if there is any mail over
there from you. Boy, I sure hope there is for I
can't get enough mail from my little wife.
Oh! Happy day! Yes I received one letter
from you tonight. The one you wrote Sunday
after you went to the show. Darling, I hope
you don't get sick any more like you said.
I guess it was the strain and all of that.

you. Honey, I miss ³ you so awful much and want you more than any thing. Just time 7 weeks ago we were all a flutter about our marriage. Just think this nite at 6:30 we will be married 7 weeks. Boy, those 7 weeks have sure flown by expect for the last one. I want to be with you again so bad. You are on my mind all of the time and I dream of you every nite. Darling, I want you so damn much. How I long for all of that passionate love making I want to feel your hot smacking lips pressed against mine in a kiss. I want to feel your precious, beautiful form lying in bed with me all snuggled up to me. I want to wrap my self around you. I just want to love and love until we had to rest and then love again. Darling, I read each of your letters over and over. I hope by now that you are receiving my mail each day like I'm getting yours. I sure do look forward for your letters each day. I eat each letter and word up. Oh! My little Angel

(2)

you be very careful and save your self all up for me when I send for you. We have a whole lot of love to make up and you know how I like to make love. I want you so damn bad and I want you more and more each second. I know you feel the same way about me. Darling it won't be much longer before I'll be sending for you. I heard today that the Lt said he thought we would be shipped out in 3 or 4 days. I sure do hope so for I want to get the hell out of here and send for you as soon as possible. Tonight, when I was coming out of the mess hall, I ran into Chester Redman. He just arrived here today. It is so damn crowded here now, that he is living in the hanger. Can you imagine that. He and a whole lot of other Cadets sleep in a hanger. We are signing the pay roll tonight and that means we will be paid around the 4th any way. So just as I get paid I'll send for you. (when I'm moved) damn, I hope those orders come thru quick so I can send for

like the meals you put up. They are plenty good and I sure want one right now. I saw it, they just came in our tent and said we have to drill for our tent wasn't good enough for the Sunday inspection. Well, I have to get out rife now and do a little drill. I saw it any way. It is after lights out now so I'll have to close now and hit the hay. Good night Angel. I love you more than anything. God Bless you and loads and loads of love.

Your Loving Soldier Husband

Sonny

As always for you

(5)

Sweetness, how did you like sleeping in my bed last night? I hope you enjoyed it as much as I did. Did you feel like I was there with you as you slept. Honey, I'm with you at all times in spirit and in thoughts. I love you so damn much and won't ever get enough of you. You are so wonderful and cute. Please love me as much as I do you. I know you love me as much as I love you. This married life is wonderful and I wouldn't trade places with any one in the whole world. I don't care about having a lot of money or any thing just as long as we can always be happy and together. I don't know what do you want to do after this war is over. All I want to do is be with you and nothing else. Let's go on a little trip for a while so we can be alone and have a honey moon. Won't that be wonderful. All I want is you and nothing else matters to me but you and you alone.

(7)

tell me you can't get rest in our passes
any more. you have to sit up there on the
benches by gate no 1. I suppose they don't
want people to see the conditions of this field.
you know how clean & crowded it is and
all of that. It is a crime the conditions we
have to live under. Oh! Honey, how I long
for one of your buses and comes. I'm so
hungry for you and want you something
awful. Honey it is almost bed time and
I have to fix up my bunk. We had a bed
clothes inspection today and had to mess
up our beds and show all of the bed clothes.
They check up on every thing around here
any more. They want to make sure
that you have no more that what is coming
to you. Honey, what's this I hear of this
meat ration all w. I sure hope not for
when you come back to me I want you
to fix me up one of those good good
steak dinners up again. Honey I really

(6)

What are you doing now with all of your
time? I hope you think of me a little bit
every once in a while. As I said before
you are on my mind at all times. I'm
glad you are getting your pills and
reading. See a couple of show for me. I've
only been to one since you left. Happy
go lucky was on tonight. Dear ender, we
saw that in New Orleans? Is your family
still waiting on your hand and foot? I wish
I had some one to write on me again. Boy,
we did quite a bit of drilling today. My legs
hurt like hell tonight. We went to some
training films this afternoon. One was
on rep and whores. Warnings of the stuff
you can catch from them. Boy, a guy
can catch more any thing from them and
it can kill you in time. By the way, tonight
they announced that we are going to get passes
to town. Boy, I wish you were here so I
could go in and be with you. Honey, they

(4)
interest me in least except the places where
you are. It won't be like going to town without
being with you. So I don't think that I shall
go in. I would much rather sit here and
think of you all night than wander aimlessly
around the streets of Balphi with the other
G. S. s. I love you so awful much and want
you more than anything in the whole world.
Darling, I miss you so much. I can't realize
that you are gone away from me. Just think
this time 7 weeks ago we were just being
married and preparing to go to our wedding
hotel sweet. Oh, Boy, I sure do wish we were
doing that all over again tonight. I'm the
luckiest guy in the whole world being married
to you. You'll make me so happy and I
love you so awful damn much. I know that
I'm not going to town now for it raining
cats and dogs right now. I would get all wet
and get my cold all back, so I'll just wait
until next time. I sure hope that next time
you will be there when I go in.

Thu Mar 23th 7

My Darling Angel Sweet Little Wife!

Honey, I didn't receive any
mail from you today and was awful
disappointed. You have no idea how much that
I look forward for your letters. I can't ever get
enough of them from you. So please keep writing
as much as possible. Well, tonight I'm getting
a pass to go to town. Don't that wonderful. Green
and I are going to drink a lot of beer and do
a little bowling. You know how he loves to bowl.
All that I can think of is that I love you more
than anything and want you something awful.
You are so wonderful and cute. You had no
idea how much I miss you and want you. I'll
never be able to get enough of your wonderful
love making and kisses. When I think for you
lets just love and love. I want you so damn
much. I think of you all of the time and
dream of you every night. You have no idea how
much you mean to me. I love you more &
more each day. I know you feel this way too.

(3)

Won't that be swell? We can share in on the rent and will have more money to spend as we want. Do you like that idea? I sure do. Please let me know what you think about it so I can let him know. I think you would like it. You would have Company in the day time, while I couldn't come in town. When I'm in a technical school I'll be able to get out each nite. How about that. Just think we can be together with each other every nite in the week. I sure do like that idea a couple lot. I'm just sitting here debating whether or not I want to go to town. I might do it and again I might not. There is nothing in there that attracts me very much only a few beers. I don't what I want to do as of yet. We are to sign the pay roll again tonight before we go in. Also you have to be back in by 11 pm and return your pass way up there by gate no. 1. That is no damn much trouble and I don't think that I will go in at that. No place

(2)

Today we drilled on the drill field by the bay of the Gulf behind the camp. We were out there all morning and was it tough and hard. I'll be so damn glad when we leave this place. We know that there are a whole bunch of shipping orders in our signature book. That are for this weekend. So I think I'll be on my way by Sat anyway. Then just as soon as I'm paid I'll send for you. Today we moved around from one tent to another. I moved from tent no 81 to tent no 4. That is that boy who traveled out of New Orleans with us who said he had to send his wife home, in my tent. Do you remember who I mean? Well, he is classified the same thing as I am and he is going to the same school that I will, where ever it may be. He is also going to send for his wife when he gets there. We have been talking and decided to double you and his wife up in a apt.

think of me real hard each nite before you go to sleep. Well do. And will think of you even harder tonight for it is our 7th week of marriage. I wish it was the 7th month and that the war was over. Soon I'll be home and we can live like normal married people. If we think this kind of married life is wonderful, I wonder how we will feel when we are like humans again. I bet that is wonderful. Can my home each nite from Wash to you and have all of our tents together. Don't have to worry about going back to the field or any of that stuff. Just living and loving all of the time. I will be a life like that. Well, Angel pie, I think I'll write you Mom a letter for I love her too. Good nite my Sweet little wife. Happy Anniversary. God Bless you and loads of love. God speed you back to me.

Always
I love you
Your Loving Soldier, Her Brave
Sonny

(5)

How, how would you like right now if you could feel my arms around you and my hand caressing your leg. Also our lips pressed in a breath taking kiss. Boy, I would give a million if we were doing that right now.

Remember how much we use to love and how wonderful it was. We have a whole life time before us to love in. Just think in a few weeks or days, we can do all of that and more. I hope to able to send for you in a week. I hope that I leave here by Sat or Fri next. Boy, the sooner we get the hell out of here the sooner that I can send for you. How, are you tired by now, of being away from your husband? Do you miss me very much as I do you. I can't stand it much longer being with out you. This time last week you were on the train heading away from me. How! Sweetness, do you want to come back to me and live in strange towns again or do you want to stay at home until the war is over.

(5)
lay here writing this letter. The rain is
beating down on the tent. It will be a
good thing to go to sleep by tonight. I'll
dream of you tonight as I do every night. You
are on my mind constantly. No matter
what I am doing. Even when I was in
Germany and was flying I would think of
you. You have no idea how much you mean
to me. I am the rain is dropping on this
paper and it makes it hard to write on.
Darling, don't worry about me needing
anything for I have all the things I need
at the present. All that I need is you and
I need you awful. Oh! Honey, I miss you
so much. I'm lost without you. I feel so
blue and here come all night. I don't know
what to do any more. All that I think of is
that soon we will be together again. That is
the only thing that keeps me going from day
to day. I hate this army so much and
get madder and madder each second. I
think of you and clam down. Darling do

(6)
I want you to come to me just as soon
as possible. It can't be soon enough for me.
I love you so awful much and adore you.
You have no idea how much I love you and
never will. I love you so much that it is
impossible to measure by any earthly
means. I can't express how I feel about
you in words. The only way is by my actions
and love making. Darling do you really
like to love like we do? You say in your
letters you love like it. Boy, I think it
is wonderful and I can never possible
get enough of it. Oh! Darling, I love you
so much and miss you terrible. I'll
go nuts without you in a few days. So
lets be together again as soon as we
can. Making is wonderful and there
is nothing like it in the whole damn world.
I have only one regret and that is that
we didn't get married when I was home.
I admit I was hard headed and
realizing my mistake. Darling as I

that I was going to ⁽⁴⁾hide again. But now
I don't have to worry about that any more
for we are leaving there are about 50 going
in my bunch. I sure feel sorry for the
guys who aren't going with us. They are
cracking down on us now. We had a
talk by a Captain today and he said
the Cadets better snap out of it or else
they wouldnt give them train passes any
more. Oh, how happy I am to be
getting out of this damn place and to be
able to send for you again. Tonight the
mess line was so damn crowded that
I went way over to the P.X. Cafe and ate
supper. Boy, it was really good. I had
a steak supper and all of the trimmings.
I cant wait until you fix another
meal for me. Darling, I love you so
awful much and cant hardly wait
until we are together again. You will
never know how much you mean to me.

Fri Mar 26th 8

My Darling Sweet Little Angel Wife!

Honey, good news at last.

I'm leaving this damn place some time tomorrow.
I don't know where I am going as of yet or what
time but I don't care just as long as I am
getting the hell out of this damn place. So just
as soon as I find out in the morning I'll let
you know. Honey, I'll be sending for you in a
few days now. Just as soon as I get paid
and can find a place for you to stay. So be
prepared for in a week or so I'll be sending
for you. Don Green is going with me also
and so is Samell. Honey, Green is going to
send for his wife also and you all can double
up. So maybe the breaks are falling our way
at last. Honey, we will have enough money
so don't worry about it. You see plus the
dough the army gives you we will have plenty
and even more if some one shares the rent
with us. Darling, I think that we are being
sent to junior school first. That is a good

(3)

my mood has been up since you left. I know that in a few days that we will be together again. Honey, do you want to come back to me as much as I want you. Today I didn't get up until 7:30. We had a formation to go to a lecture at 8:00. So I went with the flight up to the lecture hall and inside, then out thru the window. I went over to the service club and ate breakfast. So I had the whole morning off and just laid around taking it easy. They didn't even know I was gone. This afternoon we went on the drill field down by the bay and drilled all afternoon. I like a fool I went along to. Half of my flight didn't go and took off the afternoon. I sure wish that I had done the same thing. They didn't even know that they were gone. I made up my mind that if we were going to the drill field again in the morning

(2)

deal. You see it takes six weeks in gunner school and you come out a week pay up to a master. You draw anywhere from \$20 to \$50 bucks a month. So you see that will help us a lot when I'm in armor school for 4 to 5 months. I hope that's where I am going to. With the strip I can get a better chance to be a officer. So pray real hard that I can win those ones. I know that I can get them. Honey, just think in a few short days we will be together again. I love you so awful much and can't wait until we can love again. I miss you so awful much and want you something awful. I long for your hugs and love making. Ah! Boy why a few more days and we will be able to do all of that and more. You have been home one week tonight and 8 days away from me. I hope by this time two weeks from now that you are with me again. Maybe we will be paid in the morning and that I can send for you even sooner. I sure hope so and I am praying real hard that will happen. You do the same. Ah! Boy tonight is the first time

(5)

Honey, maybe by this time tomorrow
nite I'll be on my way. There is a good
chance that I will be sent to I'll. I'll
know in the morning I hope. Just as
soon as I know I'll write or wire you
all. Damn it all, I wish I was coming
home in a few hrs. I love you so awful
much and want you more than any
thing. I want to love you really and love
like married people do. I miss all of
that wonderful love and want it more
and more each day. We have a awful
lot to catch up on and we will. Lets
just live all of the time when we are

Sat Mar 27th

My Sweet Darling Angel wife,

Well, Honey. I still don't know where I'm going or what time. We were supposed to leave here at noon today and again at 2 P.M. We have to report back at 4:30 P.M. I hope this time we leave. We are going they say for sure but it is just a matter of train schedules. I sure wish I knew where we are going so I could tell you. I'm not even suppose to write anyone and say that I'm being shipped any place. They don't want it known that troops are moving or else some one could do some dirty work. Damn. I'm so glad to be able to leave this hell hole at last. I'm writing this from the service club in just about the spot we watched that amateur show. Remember? Ah! Darling, I love you so awful much and want you so damn bad. Just think in a few days I can see you again. There is a damn good chance that we are headed for Florida. I sure hope so. I don't want any more of the west. So be on the look out for a letter telling you to throw your quarters in a bag and rush on down to where I am. Please excuse this pencil for my pen is stuck up in my bunches bag. Honey, you

know how far it is from my Squabron area
to gate no 1. Well I had to carry my two
Garruch bags = 780 lb plus my suit case up
there. Darling, you remember how those G.I.'s
looked on the train traveling, well I have to wear
my helmet and gas mask also. I think that
it is crazy but the Army says all soldiers
traveling while on duty must wear helmets
and gas masks. Honey since I've been here
at Hessler I've had a awful hunger for
chocolate bars. I've eaten so damn many of
them in the past week. Some times they had
lumpy food in the mess hall so I eat chocolate.
do you still miss me as you fruit did? I miss
you something awful. I'm so love some
for you and can't wait until we are together
again. I'm so proud of my little wife and
love her more than she knows. I'll never be able
to get enough of you. So lets do a awful lot
of loving when we can from now on. I never
knew that you could mean so much to me.
you are so wonderful and beautiful. I love
you more and more each day and second.
all that I wish is that you love me just half
as much as I love you. I know that you love

and feel the same way about me. Distance
or time makes no difference in my feelings for
you. Don't ever worry about me ever looking
at another female for all my heart and soul
is back in my with you. I belong to you and
you alone. Just remember that I will always
love you and each day it grows more and
more. This war can't last much longer and
soon we can have normal married life.
But for now we will have to take every chance
that we can get to be together. So hurry on
down to me when I send for you. It will be
in a few days just as soon as I can find
a place for you to live. I know you want to
come as bad as I want you to. I think of
you all of the time and will forever. I'll
think of you real hard while I'm traveling
on the train. I miss my wife so awful much
and want her so bad. I know you feel the
same about me. So Darling enjoy your
visit at home while you can for soon you
will be leaving to join me again. Well, I
better get back now in case they want me

for anything. Honey just as soon as I find
out where I am going I will let you know
as soon as I can. I doubt if they tell us
until we get there. All that I can say is
for you to be on the alert to come back to
me. I'll be paid around the 5 or 6th and
will send you money then. Then you can
buy a train and come on down. That's all
that I live from day to day on. The idea of
you joining me real soon. Good bye
for now. I don't know when I'll be able to write
again. I suppose not until I arrive where
I am going. Call my mom and tell her
all I've said in this letter (not the personal
thing) I want you & someone love making
again and I want to feel you in bed with
me. God Bless you angel and loads of
love. Also God speed you back to me.

and nothing else matters to me. I just live for you and without you much longer I will surely die. Honey, I'm in the Rio Grande Valley and only a few miles from Mexico. I'm going across the border some week end and visit old Mexico. So you better come on down here if you want to see it also. Another thing, I'm only 25 miles away from Brownville Texas. Maybe I can go see John's folks. Let me know there address and tell Sis to write and tell them I am here. Honey, I want you to be with me where ever I am and see all of the things that I see. I can't enjoy any thing without you. We can have so damn much fun together around here. No kidding, I want you to come here if you & I can find a place. Let me know if you want to or not. Pleasants, I wrote you a letter mail special yesterday in Houston and suppose you have it by now. I also sent Mom a collect wire.

Wed Mar 31

My Darling Sweet Little Angel Wife!

Well, Pleasants, I am here in Harlingen Texas my new air field. This place is okay and I think that I'll like it okay. It is a small field with only about 6,000 men on it. It is about 3 miles outside of Harlingen and it is called H.A. HS = Harlingen Army Gunney School. How about that H.A.S. I live in a swell barracks now and have a locker to keep my duds in. We arrived here about 11:30 this morning and then had D.S. trucks at the station in town waiting for us. We ate noon chow here and it is good (thanks heavens) maybe I can gain back some of the weight I lost at Keesler. The place is okay and I'm going to like it okay. They treat you like humans here. It is more like the Cadets than the D.S. Army. We get the week ends off here and I think other nites in the week also. I know you can have visitors here.

Double up on a apt or a house. So you decide what you want to do and let me know as soon as possible. Darling lets not waste any more time. We ought to be together as much as we can. Who knows I might have to go overseas in next months or may be never. So we ought to be together as much as possible. I don't think there is any danger of my being sent overseas for they need armours in this country right now. I know some boys who just got out of armour school and two of them are at Plesker. Tell me what you want to do. I miss you so damn much and I can't wait until we are together again. I love you so damn much and need you more than you know. I'm just living on the thought of you coming back to me in a little while. That is all that keeps me going from day to day with that thought in mind. I know you want to come back as much as I want you too. You are the whole world to me

we will get this week ⁽²⁾ end off and then I can give the town the once over. I couldn't tell much about it when we rode through it on trucks. Don Green is in the reserve barracks with me and his bed is next to mine. He wants to look the town over before he sends for his wife. Darling, do you want to come here to me or wait until I am sent to armour school? I'll be here about next weeks. I can't wait until I send for you for I miss you so awful much. I want you more than you know. Damn, I'm so love some with out you. Honey, lets be together again as soon as possible. I love you more than your uncle stand and love you more each day and second. I need you and want you to be with me right now. So please tell me what you want to do. I haven't been paid as of yet but suppose we will be paid in a few days. Don is going to send for his wife as soon as he can find a place for her. He wants us to

a wifes place is with her husband so get
the hell on down here where you belong. No
doubt my Angel, tell me what you want to do.
you can tell what I want by this letter and
I mean every word of it. I'll let you know
all about the town of Harlingen as soon as
I go in this weekend. There won't be any soldiers
to bother you for there are only a few here
and when they get out I'll be out also.
We also are wearing our summer uniforms
here for it is a bit warm. It is just like
Spring time. I'll write you again tonight.
Please write me real often. Even better hurry
in down to me. Again I say I love you more
than any thing. God Bless you Angel and
all of my love. God Speed you back to me.

Always
for you

(57)

Oh! My little Angel, I love you so much.
I want you more than any thing. I want to
kiss you breathless until you holler to stop.
I want to crush your wonderful, lovely body
up to mine. I want to wake up in the
morning and find you wrapped all around
me. I want to be happy again and have fun.
Being with you is the only way that I can.
I want to make real passionate love to you.
I want to love you and love you. Each nite
I pretend you are in bed with me and I put
my arm around my pillow. It doesn't
work. When I read your letter or look at your
picture I choke up and have to hold back the
tears. Some times after taps I do cry for you like
a baby. Angel, I miss you so awful much
and can't stand it much longer. I dream
of you every nite and think of you all day
long. Last nite in the train I dreamt you

back to me. The war news sure sounds
good. Some claim it will all be over soon.
I sure hope so for I want to go home and
live a normal married life. Darling,
I didn't mean to make this letter sound
so blue but I just had to let you know
how I really feel. Last nite in the train
I had to stand guard in the kitchen from
2 to 4 am. And I thought of you all of the
time. So you can see how I feel and I know
you feel the same way too. Let's not
waste any more time. Let's be together as
soon as we can. Oh! Angel, you have no idea
how much I miss you and how lovesome
I am for you. You are my whole life and you are
all that I want. Remember what that saint
said eight weeks ago tomorrow. He said, to
love, honor, obey, for better or worse, in sickness
in health and for richer or poorer. He also
meant that we should be together all of the time.

we're traveling with me just like we did from
Sweetwater. God love you have no idea how I
love you and miss you. You are a part of me.
Honestly, nothing matters to me. I can't
have any fun or a good time unless you
went away. When I walk down the street
or any place with out you I feel so strange.
Honey, at nites when I get real lovesome
for you, I go for a walk by my self. I look up
at the stars and say those same stars are
shining down on my little wife. I take a
walk each nite and do that. Some times at
nite when I feel so bad about being away
from you, I get out of bed, put on my overalls
and take a walk. I've done that a number
of times. Every time I light up a Cigarette
I think of how I use to light yours too.
Each little thing we use to do I remember.
I think of you all of the time and miss
you more each second. Please hurry
