Dear Carolyn.

Here is the ms of an article I wrote for a nun's magazine  
— to enlighten the teaching sisters. It is for the collection in the  
University but I thought Victor might like to read it first.  
Also I thought you might like the photographs — I have been  
cleaning house, as you see. The photographs are for you + Victor, +  
were taken by lax. I need some others to be filed in the University.  
Care should be taken that they do not get printed as long as I am  
a living member of the Order.

I have no special news for you. J. Langhein plans to come here  
about the middle of December + we might all meet then. If  
anything comes up before that, I'll let you know.  
always, best wishes + blessings to you both.  
In Christ our Lord
