**A Plea to Kentucky Teachers**  
**KENTUCKY NEGRO EDUCATIONAL ASSOCIATION**

OFFICE OF SECRETARY

1925 W. Madison St.

Louisville, Kentucky

April 7, 1933

Dear Fellow-Teacher:

Below is the copy of letter received from Prof. Cooper at Mayfield. It expresses the feeling of K. N. E. A. officers and makes a plea that I desire to sanction. **IF YOU HAVE NOT PAID YOUR K. N. E. A. DOLLAR, WILL YOU NOT DO SO AT ONCE?** Urge also those about you to enroll immediately.

Yours for Education,

A. S. WILSON, Sec'y-Treas. of K. N. E. A.

DUNBAR HIGH SCHOOL

Mayfield, Kentucky

April 5, 1933

Prof. A. S. Wilson,  
Madison Junior High School,  
Louisville, Kentucky.

My dear Mr. Wilson:

I have your general bulletin dated April 4, 1933. I am quite alarmed that so few of the teachers of the state have sensed the professional necessity of enrollment in the K. N. E. A. at this time.

It seems I should injure myself no more if I were to assume that since my salary has been considerably reduced, I am no longer able to purchase shoes to replace those that endanger my health. If I should omit consideration of my health and those apparels that promote health, I should soon be in a condition, where I should need no job since my health would not permit me to function in it.

Should I assume that since my salary has been ruthlessly slashed and since I am forced to live on a rigidly curtailed budget, I will dispense with any connection with the functions of the K. N. E. A.? During these critical times in our profession such an assumption is as suicidal as to neglect to replace shoes that endanger health.

I think every teacher who has followed Mr. Richmond in his published statements, found almost daily in the press, should not only enroll himself but demonstrate a sincere interest in having other teachers sense the import of our present plight and join us in making the best stand possible to save the profession from bankruptcy.

We have enrolled 100%. We are hopeful that every teacher in Kentucky will say, "as body covering is essential to body health so are the K. N. E. A. functions essential to the well being of the individual teachers of the state."

Very sincerely yours,

J. BRYANT COOPER, Principal.
