KENTUCKY COLLEGES TO CONVE.NE DEC. 5

Annual Meeting of Association to be Held at Transylvania.

DISCUSS DISCIPLINE

The annual meeting of the Association of Kentucky Colleges and Universities, which will meet this year at Transylvania University, will convene December 5. The membership in the association is at present confined to the University of Kentucky, Transylvania University, Center College, Berea College, Kentucky Wesleyan and Georgetown College, but it is probable that the membership will be increased at the next meeting. All the members of the faculties of the universities and colleges, mentioned above, are eligible to membership in the association.

The Executive Committee, which is composed of Dean A. M. Miller, of the University of Kentucky, president; Professor Frank L. Rainey, of Center College, secretary; Professor M. E. Marsh, of Berea; Professor T. B. McCartney, of Transylvania University; President M. A. Adams, of Georgetown College, and President Clark, of Kentucky Wesleyan, is at work on the affairs that are to be taken up at the fall meeting. Also the Committee on Arrangements has been at work arranging the detail matter for the meeting. This committee is made up of the following: Professor Henry Lloyd, of Transylvania University, and Professor A. C. Zembrod, of the University of Kentucky.

The general topic for discussion at this meeting is "Government and Discipline in Colleges and Universities." The meetings will be held in the rooms of Morrison College, in the morning and afternoon, with a luncheon at six o'clock in the evening. A paper will be prepared by a member of the faculty of each of the schools represented, and read at the meeting. Faculty men of all the schools in the association are invited to attend the meeting.

OUR THANKSGIVINGS DAY.

Just to see our Wildcats nimble,
Break the line of Tennessee;
Aye, Kentucky's men don't tremble,
But play fair for victory.

Just the watch the yearlings play,
Cross the goal of Tennessee;
As Tigert's Freshmen enter the fray,
And bring to State another victory.

Just a tender leg of turkey,
And the games with Tennessee—
Talk of balls, and wines and banquets—
That were wine enough for me.

Just a pale and dying Autumn,
And our dream of liberty,
Game and turkey, home and country,
That, let our Thanksgivings be.

WILDCATS LEAVE FOR THANKSGIVING GAME

Turkey Day Game With Un-defeated Volunteers at Knoxville.

FRESHMEN PLAY HERE

The Varsity held its last practice Tuesday afternoon on Stoll Field. The team is ready for the fray and received "some" send-off by the student body. The team left on the L. & N. Tuesday night at 9:55, and will arrive at Knoxville Wednesday morning.

This is the first time in the history of the University that the Wildcats played away from home on Thanksgiving. While the Varsity goes to Tennessee the Freshmen team will meet the Tennessee Freshmen on Stoll Field.

The outcome of the Varsity game is uncertain. Our team is in fine form and will be in the fight until the game is over. The Tennessee team is heavy and fast, with several individual stars. Dope is somewhat tangled up between the two teams. Tennessee defeated Louisville 66 to 0, while the Wildcats, with a crippled team and several subs only piled up 42 to 0. Kentucky and Auburn each scored 19 points on Mississippi A. & M. Auburn defeated Vandy 6 to 0. Tennessee defeated Vandy 16 to 14. This shows that the Wildcats are a great scoring machine and will write some football history at Knoxville.

The probable line-up is as follows:

Kentucky.	Tennessee.
Schrader	RE
Downing	RT
Thompson	RG
Balley	C
Corn	LG
Crutcher	LT
Zerfoss	LE
Park	QB
Hite	RH
Tuttle	LH
Scott	FB
	Lindsey

TUTTLE, LEFT HALF.

PARK (CAPTAIN), QUARTERBACK.

BATTALION AND STUDENTS WITNESS LAST PRACTICE

Demonstration on Stoll Field Followed by Rally in Chapel at Night.

MUCH SPIRIT AROUSED

The last practice of the football season was held on Stoll Field Tuesday afternoon. Mr. Brumage invited the battalion and students to witness the last practice. On this event many were present to pay their due respects to the Wildcat team that deserves much praise. The presence of the band, soldiers and students lent much joy to the afternoon and will be a lasting impression upon the whole team.

Following the demonstration on Stoll Field in the afternoon a rally was held in chapel. A new custom entitled "Kentucky night" was inaugurated and many students were present. The cadet band furnished music for the occasion, rendering selections interwoven with interesting speeches. The speakers of the evening were J. J. Tigert, W. H. Townsend and Dean Massie. President Barker had an engagement which prevented him from participating in the rally. The student body as a whole showed much interest in the coming contest and performed admirably their part of the conflict. College spirit has been rather low since there has been no student gathering and student life and affairs has been eliminated from chapel exercise.

Breathes there a man with soul so dead,
Who never to himself hath said,
'Tis my last, last flitney; I need it for bread,
But I'll go to the movie show instead.

FRESHMEN MEET TENN. YEARLINGS THANKSGIVING

Game Called 2:30 on Stoll Field. Admission 50c. Coupons Good.

EXPECT CLOSE GAME

The undefeated Freshmen team of the University will meet the undefeated Freshmen team of the University of Tennessee on Stoll Field Thursday afternoon at 2:30. The students and friends of the University will have the pleasure of seeing one of the best games played in the city this season. The Kentucky Freshmen team has not been scored on but once this season, while the Tennessee team have been scored on twice so far. The weight of the two contesting teams are about equal and a royal contest will follow.

The Tennessee coach said that they had several Freshmen that they could have used on their Varsity and this explains that they are real players. Dr. Tigert has had a very successful season with his team and at present has a great machine for the last contest.

The line-up of the two teams as it will be Thursday follows:

Kentucky.	Tennessee.
T. Haydon	L.E.R.
Hickerson	L.T.R.
Simpson	L.G.R.
Dempsey	C.
Spalding	R.G.L.
Server	R.T.L.
C. Haydon	R.E.L.
Rodes (Capt.)	Q.B.
Grabfelder	L.H.R.
Britton, Kinney	F.H.
Gibson	R.H.L.
Substitutes:	Kentucky—Eubank, Kelley, Harrison and Flynn. Tennessee—Fowler, Wakefield and Stoval.

SENIOR RINGS HERE.

Seniors who have not received their rings can obtain same from J. T. Gedder. See him at once.

SCOTT, FULL BACK.

STATE HAS CHANCE AT CHAMPIONSHIP

If Wildcats Defeat Tennessee, the Southern Laurels Will Rest on Them.

PARK MAY START

(By Ed. Danforth—Leader.)

The Wildcats will hike to Knoxville Thursday to meet the football team of University of Tennessee on Falt Field. This is the game that the Wildcats have been working for every day since the first thud of the booted oval was heard on Stoll Field, and should Coach Brumage's men succeed in defeating the Volunteers, State would win the championship of the South.

No game was scheduled on the Wildcats' playground Saturday afternoon and the Blues were put through a hard scrimmage with the Freshmen eleven. The Varsity has never worked better, and Trainer Moore said that with the exception of Captain Jimmy Park, every man is in perfect trim. Park's shoulder is improving, and it seems certain that the able field general of the Wildcats will start the battle Thursday. Special attention has been given to strengthening the defensive play of the Blue and White forwards, and great improvement has been noted. The performance of the secondary defense has picked up, and Kentucky is in a better position to break up forward passes than ever before.

Down in Knoxville, they are expecting a hard game, and the Tennessee athletic committee has enlarged the field accommodations to take care of the big crowd expected. The spirit prevalent in the Volunteer corral is expressed in a recent letter from Coach Z. G. Clevenger to Coach Tigert of Kentucky: "We have one big battle yet to be decided, next Thursday. We are looking for as hard a game as we had at Vanderbilt, and I do not believe we will be disappointed."

The championship of the South is now doped out for Tennessee. Georgia and Auburn went to a scoreless tie last week.

The Tennessee and Auburn teams have never met, and it is now certain that the laurels rest with Coach Clevenger's bunch.

Coach Brumage says that if Tennessee does not show an improvement in the form displayed in the game with Sewanee last Saturday the Wildcats will earn a decision. Tennessee's strength is in her wonderful line, and if the Wildcats can check the Volunteer forwards, the Blue backfield can outscore the Yellow and White speed artists. Such is the belief of those who have seen both teams, and it will be on this, that the Kentucky supporters will base their hopes of pulling in under the wire ahead of the Volunteers.

TRANSYLVANIA ALL-STAR POST-SEASON GAME

The all-star aggregation, composed of men, who in times past have played with such teams as Vanderbilt, Army, Navy and State, will meet Transylvania December 1.

"Pete" Rodes, quarter for the all-stars, was once captain and quarter for Navy. Lieutenant Underwood was one of the best ends to have ever worn an Army uniform. J. J. Tigert is an old Vanderbilt star of renown. All other men were once stars on their respective teams. "Red" Reilley played for many seasons on the local high school team.

This will be one of the best games played in Lexington this season and should bring out a record crowd to root for these men, the greater part of whom are State men.

The game will more than likely be played at League Park.

UNIVERSITY NOTES

Prof. J. D. Turner, head of the Feed Department of the Experiment Station returned Monday night from New York.

Mr. Turner attended the meeting of the Feed Manufacturers' Association, the Association of Official Agricultural Chemists at Washington and was entertained at dinner by the Alumni Club of State University of Kentucky in New York. While in New York he attended a meeting of the Association of Alumni Secretaries.

Hywel Davies has returned to this city from Washington where he has been for several days, conferring with Secretary of Labor Wilson, in regard to the Colorado miners' strike.

Mrs. John C. Knote, of Ohio, National Inspector of the Alpha Xi Delta Sorority, guest of a local chapter this week, addressed the Pan-Hellenics Monday afternoon at Patterson Hall. The Alpha Xi Delta Sorority entertained with a tea for Mrs. Knote, the other Sororities on Tuesday afternoon.

J. L. ("Korp") Hall, of the class of '14, who has been located in Michigan with the Andrews Paving Company, since graduation, visited in Lexington last week.

H. D. Palmore, '14, was in Lexington for a few days last week. "Pal" is with the Duluth, Lake Shore and Southern Railroad in the Physical Valuation and Drafting Department and is making good. He is located at Duluth.

GIRLS' BASKET BALL PRACTICE TO BEGIN

The girls' basket ball practice will begin Monday at 3:30, November 31, in the Armory. Dr. Tigert will coach the team and about twenty candidates have already enlisted and more are expected to enter.

MISS BILLIE BURKE IN "JERRY."

The announcement that Miss Billie Burke is to appear at the Ben Ali next Wednesday, matinee and night, December 2, in a brand new comedy, "Jerry," the piece in which she made a phenomenal success at the Lyceum Theater, New York, last spring—ought to send every local theatergoer on the run to the box office to bespeak his favorite seat. Comedy is what the people want in the theater at the present time—if not all the time—and when as good as one as they say "Jerry" is comes along every one wants to see it. Besides Miss Burke is always charming on the stage and in this part she is said to be adorable. She has a splendid supporting company, too—Shelley Hull, Olive Oliver, Dorothy Dorr, H. Lawrence Leyton, Thomas Reynolds, et al.—all favorites and each in a congenial role.

HORACE MANN.

The Horace Mann Society met in Prof. J. T. C. Noe's room in the Educational Building, Thursday evening at 7 o'clock.

Miss Rachel Bohrer read a paper on "Walt Whitman," and Miss Ina Darneil read a few selections of his poetry. Miss Callista Bezold read a short story from Scribners to illustrate the trend of the modern magazine.

KENTUCKY GOES UP NOTCHES ON COAL

In a statement recently given out by Dean C. J. Norwood, of the College of Mines and Metallurgy, it was stated that the last two years Kentucky had advanced from seventh to fifth place among the producing states; that now there are 30,000 men employed at the mines, representing a population of 100,000, and that such an industrial population merits the attention of the Woman's Forward Movement.

KENTUCKY DEBATING SOCIETY AT WORK

Officers Elected and Preliminaries of Next Debate Are Discussed.

A meeting of the Kentucky Intercollegiate Debating Association, held at the Y. M. C. A. building, the constitution and by-laws were revised. S. D. Boggs, of Central University, presided. Four colleges were represented by the delegates: Richard Barbee, of Transylvania; C. P. Nicholson and Clyde Taylor, of State; S. D. Boggs, of Central, and Robert Hubbard and Wm. Holliday, of Georgetown.

The intercollegiate debating championship of the State will be decided in chapel March 19, when a debating team from Georgetown College will meet the Kentucky State trio. The subject will be: "Resolved, That the State of Kentucky Should Adopt the Unicameral System of Government."

The State team will be selected December 18, when the Patterson and Union Literary Societies will debate the question, "Resolved, That the Monroe Doctrine Should be Abandoned."

AMONG SOCIETIES

UNION LITERARY SOCIETY.

The Union Literary Society met in regular session Saturday night in the society hall. A large number was present and the following program was rendered:

Devotional exercises—C. Clark.
Declamation—Charles Boardland.
"Foot and Mouth Disease"—E. Bosley.
"Does Higher Education Pay?" was discussed by the society.

PATTERSON LITERARY SOCIETY

Dr. A. S. Mackenzie, Dean of the Graduate Department, spoke to the members of the Patterson Literary Society last Saturday evening. He took for his subject, "Thick Skins and Thin." The idea that he emphasized throughout the discussion was that the character of an individual is revealed in his walk, his manner, his look, and the configurations of the shape of his head. The society was unanimous in its appreciation and enjoyment of Dr. Mackenzie's lecture and "sermonettes."

Every member of the society is urged to be present at the next regular meeting of the society, December 5th. The Willet amendment to the constitution which has been postponed two different times already, will be brought up that night for final disposition.

bar meeting of the society, December 5th. The Willet amendment to the constitution which has been postponed two different times already, will be brought up that night for final disposition.

The declamatory contest will be held the fourth of December in the chapel.

PLEA FOR LOYALTY.

Although intercollegiate athletics may be detrimental to an institution as some seem to think, but in a University where this system is practiced the men who oppose it should show their loyalty to their institution by cooperating with the men who uphold the system. If their objection cannot change the situation then it is their duty to boost the policy approved by the University.

Is it for this reason that there is so little school spirit at this University? When the team is defeated all interest is lost, all spirit subsides. If they win our loyal (?) rooters carry the team off the field on their shoulders.

Some men say that the teams are coached to win and at any cost. If this is their objection, why is it that these same men forget their loyalty when the team comes home defeated? Our team plays in Tennessee Thanksgiving day and it will fight hard. Let the students of this Kentucky University show that they are behind their Varsity, win or lose, and that this University stands for clean, hard-fought contests in which the best may win and both thereby be honored.

C. U. GYMNASIUM RAZED BY BLAZE

The new gymnasium at Central University was destroyed by fire Sunday night. The new building cost approximately \$40,000 and was one of the finest exercise halls in the State. It was to be opened today. The old library building was destroyed also by the blaze but no books were lost.

MEAT CONDITIONS TO BE INVESTIGATED

One of the most important investigations that has been started at the Kentucky Station for several months has been undertaken by the United States Bureau of Markets in co-operation with the Department of Animal Husbandry. The object is to determine the cost of producing, slaughtering, transporting and selling meat animals in the Blue Grass.

The most complete data will be compiled to show what profits and expenses the farmer, each handler of the live stock, the railroads, the butcher, wholesaler and retailer receive. Each item that adds to the cost paid by the ultimate consumer will be shown in figures.

This is a sequel to the investigations of this sort that have been held for the last several months in the big packing houses.

The "home killed" meats are now being considered in an effort to show whether or not any one through whose hands the live stock or meat passes gets unreasonable profits or uses wasteful methods.

The results of all these investigations, which will continue for several months, will be published in bulletin form.

At present it seems there is reason to think the wholesale charges of extortion on the part of packers and middlemen will be at least partly refuted.

"FRESHMAN NIGHT" AT THE AG. SOCIETY

"Freshman night" at the Agricultural Society Monday was well attended and interesting. All those on the program were Freshmen. The principal event of the evening was a debate, the proposition being, "Resolved, That a successful farmer with ten years practical experience is better equipped for the work of a county agent than is a city-bred man who is a graduate of an agricultural college. The decision was unanimous for the negative. A short business meeting was held at the close of the program. One new member was admitted and other business transacted.

ALPHA ZETA ENTERTAINS PROF. C. B. HUTCHISON

Prof. C. B. Hutchison, professor of forage crops at the University of Missouri, Columbia, Mo., was entertained Tuesday by Scovell Chapter of the honorary fraternity of Alpha Zeta. A new chapter is to be installed at the University of Georgia, at Athens, and Prof. Hutchison was en route there to preside at the installation.

HOME ECONOMICS CLUB.

The Home Economics Club held its regular meeting Monday afternoon at 3:30.

Miss McCann, of Lexington, gave a delightful stereopticon lecture on old furniture. In her lecture Miss McCann emphasized the influence of dress and the style of the art of the period on the furniture of the period. All who heard Miss McCann were delighted with the afternoon's entertainment.

At the conclusion of the program a short business meeting was held after which the society adjourned.

CHANGES IN LYCEUM COURSE.

The program of the lyceum course this year, arranged by Prof. E. F. Farquhar, chairman, and other members of the committee, will differ from programs of previous years in that it has been selected solely for educational value and to develop the better tastes of the students.

The first number offered in the Lyceum Course is a lecture by Dean Andrew West of Princeton University, on "Business and Education," on December 2. The next number will be an evening of entertainment by Mme. Alma Powell, vocalist, January 16. Early in February Dr. Fred Wolfe, who is regarded as the leading organist in the United States, will appear in this city at the invitation of the committee of the Lyceum Course. In the latter part of the season the grand concert by the Arts Club, utilizing all their talent, will be the attraction. A lecture by an aide of the Department of War at Washington on military operations in Europe and a discussion of the general situation promises to be very entertaining and instructive.

ATHLETES CONTEST IN TEETH OF UGLY GALE

Nasty Weather Compels Putting Off of Part of Non-K. Program.

In spite of the fact that the track was covered with snow and the thermometer registered about 20 degrees last Thursday, 25 men took part in the track meet held on Stoll Field for those who had not won their K. The remaining events will be held later under the supervision of Dr. William L. Anderson.

The points scored by the different Colleges were: College of Agriculture 26, mechanicals 6, civil engineers 5, law 4, arts and science 3. The Freshmen scored 42 points, the Seniors and Sophomores 1 point each.

The events with the winners follow: Two-mile run—First, J. D. Clark, Freshman Mechanical; second, W. J. Lindsay, Freshman Agriculture; third, J. P. Ricketts, Sophomore Agriculture. Time, 11:35 1-5.

One hundred yard dash—First, W. P. Grimes, Freshman Agriculture; second, J. R. Johnson, Freshman Agriculture; third, B. D. Sartin, Senior Law. Time, 12 3-5 seconds.

Fourth hundred and twenty yard run—First, W. P. Grimes, Freshman Agriculture; second, A. Zimmerman, Freshman Arts and Science. Time, 66 seconds.

One mile run—First, H. Whaley, Freshman Civil Engineering; second, D. Glichman, Freshman Law; third, C. Roberts, Freshman Mechanical Engineering. Time 5:34.

High Jump—First, E. W. Wilder, Freshman Agriculture; second, H. Lewis, Freshman Agriculture; third, W. T. Adams, Freshman Agriculture. Distance 5 feet 2 inches.

ANNUAL STAFF SETS LIMITATIONS FOR COPY

Business Staff is Announced for the Coming Publication by Students.

The Annual staff makes the announcement that all individual, fraternity and club group pictures, together with all copy that is to appear in the 1915 "Kentuckian," must be in their hands on or before January 30, 1915. The pictures should be submitted to either Roger M. Parrish, business manager, or to S. E. Cooke, assistant business manager, and any picture received after that date will be accepted only on the payment of a forfeit. This announcement is made necessary by the fact that in order to obtain a creditable result, the engravers must have the proofs in their hands for one month. Much time is consumed in dispatching the proofs to and from the engravers and to the binders and printers, and the printers must have several weeks in which to allow the books to remain in the bindery if a lasting binding is to be expected. Firms doing college annual work have their busiest season at that time, and all matter which is not in on time must be paid for by the "Kentuckian" at an increased price.

The staff which will handle the business end of the annual this year has been selected and Business Manager Parrish announces the following members: Roger M. Parrish, Business Manager. S. E. Cooke, Assistant Business Manager. Minott Brooke, Subscription Man-

ger. Kenneth C. Clore, Assistant Subscription Manager. Miss Bessie White, Assistant Subscription Manager. Clarke Rogers, Advertising Manager. Lester Grady, Assistant Advertising Manager.

ALUMNI TO VOTE ON DIRECTORATE DEC. 1

Much interest, heretofore lacking, is being taken by the alumni of State University over the election of alumni trustees to the Board of Trustees of the University, which closes at noon Tuesday, December 1. Total votes cast up to this date have been 490.

The list of names of those who have already voted discloses the fact that many of these had shown little or no interest on former occasions. From this it is estimated that about 800 votes will be registered before December 1.

Many of the old graduates have taken up and pushed the work vigorously and the result of the election is being watched with interest.

OUR TEAMS

For the first time in the annals of the University, two football teams will meet combatants on Thanksgiving day. Since the annual football rally and the inauguration of Kentucky night, a custom that should always be followed, every student knows that this will be a day long remembered.

Both the Varsity and Freshmen deserve the support of all students. They have labored that they might bring honor to the University. We have had this delight and thrill in former days to see them leave the field victorious. Down the annals of gridiron Thaumaturgies these teams have always continued to fight for State's glory. Better quarterbacks never performed on Stoll Field than the generals of these teams. Those who do not go to Knoxville should be glad to support the Freshman team and have the supreme confidence that these courageous yearlings will play a great game on Stoll Field.

Co-eds at the University of Arkansas participate in snake dances in honor of football victories. For the benefit of the curious it is stated that they have not as yet taken part in any of the night-shirt parades.

Carlson, governor-elect of Colorado, kicked off for Colorado in the Utah game. It is a good thing that he didn't play through the game for some of the players would have rough-housed him considerably so that they might say, "Did you see me kick the Gov. in the slats?"

The Independent calls undergraduate wit the best wit in the country. The term "undergraduate" also includes freshmen.

Several colleges have been practicing recently the so-called "ghost-ball." Judging from the scores some of them have been piling up, it would seem that their opponents have reason to believe in and fear those things called ghosts.

Because the Clemson players failed

to get a formal permit from the college authorities before leaving for their V. M. I. game, the college authorities had them arrested. On what grounds—cutting classes with intent to kill?

News that K. D. White, a Civil Engineering graduate, is in the war zone causes some of the student to consider changing their course to one in which the graduates do not go to foreign countries.

Wellesley College girls are going to take in washing the rest of the year, the proceeds to go to the aid of the college fund. Some girls will do things at school they wouldn't even think of doing at home for mother.

While in Memphis recently, Mississippi students gave "15" for Rye, the Democratic candidate for governor of Tennessee. Tennessee is a dry state on the liquor question, but there is a chance that it may have Rye controlling it for the next four years.

Four Notre Dame students walked 102 miles to see a football game because they had lost all their money on a previous game and were "broke." They flirted with chance to see whether they would ride in a Pullman to Chicago or walk, when chance was not in a mood for flirtation.

The Persistent Freshmen can't understand why the Seniors should carry canes when they don't limp.

Says the University of Cincinnati News: "The feminist movement has won a great victory in California, by the sanction of plans for the establishing of a woman's lunch room which will give the women actual eating rights with the men." It is hoped that they don't take advantage of their equal rights in the lunch room, when it comes to eating soup.

Those war names sound like college yells, says an item. War names and college yells may sound alike, but the words to college yells are spelled so as to be pronounceable.

Weekly Sermonette

DEPENDABILITY.

It is remarkable how many fail to realize the necessity of being absolutely true to their promises.

It is not an uncommon occurrence to hear one tell how he "beat his board bill" or "put his name down" to get rid of so-and-so, or signed up for this or that, and slyly remark he "had no intention at the time" to fulfill his promise.

One of the most necessary qualities any man can have, who would succeed in business (and all living is business) is **DEPENDABILITY**. It must be fixed **NOW**, during school days, as a habit of life, if he is ever to occupy a place of leadership.

The treasurer of the Prohibition Club is named Redwine. The members may be on the water wagon but they can't get away from the fact that they usually have Redwine at their weekly gabfests.

THE HONOR SYSTEM.

It is gratifying to know that the student body took such an interest in the Honor System when the question was brought up for discussion in chapel. It was evident that all who took part in the discussion were sincere in the position they took. And now since we have voted to have the Honor System it is the duty of all to stand by it.

We would not say for a moment that the honor of a Kentucky student was not of the very highest type, yet if we are to continue with that reputation, our work must prove it. Our honor in athletics is of the truest type, yet is not the preparation for the game of life, which we get in college, of greater importance than any athletic contest.

If a student "fakes" his way through

The serious thing is not always neglect of the issue for which the promise was made, but is rather the effect upon himself of a man's breaking his word.

As a matter of fact, most men learn to be dependable and trustworthy in the good hard school of experience, often after they have paid a rather costly price.

Is there not as much of an obligation on the part of our faculty to teach our students such fundamental traits as this as to train their hands or minds to technical tasks?

Matt. 5:37: "But let your communication be, yea, yea! Nay, nay! For whatsoever is more than these cometh of evil."

school it is evident that he will lower the standard of the University and its graduates. It is an old saying that "he who steals my purse steals trash, but he who filches from me my good name, takes that which enriches him not but makes me poor indeed," and this is what the dishonorable student does for the University. If a student's personal honor is not high enough to be trusted through an examination, then he should be helped to attain that degree of honor.

If the student body will put its moral force back of the Honor System like it has voted to do, then to use the words of Judge Barker, "we will put State in a class by herself."

A STUDENT.

How doth the little busy bee
Improve each shining minute?
He lights upon the freshman's head
And wonders what is in it.
—The Holcad.

He lights upon the freshman's head,
For he is too tired to roam;
But why should he wonder when
He knows there's nobody home?

Mechanical and Electrical

J. M. GRAVES VISITS MECHANICAL HALL

Mr. James Madison Graves, prominent Pittsburg engineer, and wife, are making a short visit with his family in this city. Mr. Graves is superintendent of power stations for the Duquesne Light Company of Pittsburg, and has charge of power stations with an aggregate output of over one hundred thousand kilowatts.

Mr. Graves graduated from the Colleges of Mechanical and Electrical Engineering of the State University of Kentucky in 1900.

On Monday, November 23, Mr. Graves met the Senior class of engineers in the Senior room. He spoke informally upon the subject of a new fifteen thousand kilowatt installation, and remarked that the war was affecting the work in the East seriously. He predicted a great engineering impulse at the cessation of the war and spoke encouragingly of the prospects for the class.

J. G. SCRUGHAM HERE

James Graves Scrugham, Dean of Mechanical and Electrical Engineering of the University of Nevada, is visiting Mr. J. A. Graves on South Broadway, and will be here for a day or two. Mr. Scrugham is a graduate of the College of Mechanical and Electrical Engineering in the class of 1900. Mr. Scrugham is the son of Mrs. Mary Scrugham.

Mr. Scrugham is one of the most successful graduates of the University and is building up a remarkable school of engineering in Nevada. He is very enthusiastic over the prospects of this new state and believes that in time it will develop into one of the richest sections of this country.

N. E. PHILPOT TO ADDRESS A. I. E. E.

At the regular meeting of the Institute at 11:30 Wednesday morning, N. E. Philpot will present an illustrated discussion upon the development of power at Niagara Falls.

Mr. Philpot has personally inspected the immense hydro-electric installation at Niagara Falls and has gathered together a number of interesting photographs depicting the various mechanical features, which will be shown with the projectoscope.

TAU BETA PI INITIATES.

Tau Beta Pi, the honorary engineering fraternity of the University, held its annual banquet at the Phoenix Hotel when the following new members were initiated:

M. C. Baisel, G. B. Arnold, K. P. Howe, C. S. Rollings, H. Y. Barker, T. F. Eichorn, L. S. O'Bannon and G. L. Cherry.

RIGHT AND WRONG VIEWS OF ATHLETIC SPORT

(Issued by the National Collegiate Athletic Association.)

Athletic sport, if honorably and wisely conducted, can hold its own in any institution of learning; but to gain a position of dignity, it must be saved from many of its friends, and maintained on so high a level that no reasonable man can question its value. Rightly administered it strengthens the weak, improves the weak places in the strong, clears the brain, teaches boys and young men to respect their bodies and to know the relation of a clean, vigorous body to an active mind and an honorable life. Rightly conducted it is a school of manly skill, courage, honesty, self-control, and even of courtesy; wrongly conducted it is a school of bad manners, vulgarity, tricky evasion, brutality—the ideals not of a sportsman but of a sporting man.

We are constantly told that in England men play for the sake of playing, whereas in America men play for the sake of winning. The more serious the question of winning, the more serious the need of winning honorably. Sport in America is not mere fun; it is a test of character, and nothing that makes the player less a gentleman belongs to it. The football player who wantonly injures his rivals, the baseball player who persists in shouting to rattle his opponents, the schoolboy or student who takes money for summer baseball and conceals the fact, should be put out of the team. Nor should any school or any college have secrets as to the legitimacy of its athletic representatives.

To maintain high ideals in athletic sport is the chief purpose of the National Collegiate Athletic Association. This Association brings together representatives of more than one hundred universities and colleges in three meetings held on one day every year. Sometimes a group of colleges sends a joint representative; oftener a college sends a man of its own, or two or three men, of whom only one represents it officially. A number of school and academies have associate membership. Committees working throughout the year prepare business for the meetings, when the delegates listen to addresses from men who know much about athletic sports, and reports from committees on the various athletic sports cultivated at college. The evening meeting is devoted to the discussion of vitally important questions in college athletics.

Though strictly the Association has no power over the colleges it represents, it has unlimited opportunity of influence. Its discussions of athletics are the most important in America; and its opinions find expression in "Rules Committees" and in standards of athletic games throughout the country.

The Association encourages "Faculty control of athletics," believing that the man in charge of physical education should be a member of the Faculty and as good a man as any in it; that he should have a thorough acquaintance with athletic sport and a strong sympathy with youth, knowing, and able to teach, the difference be-

tween cleverness and trickery, between the amateur spirit and the professional, between the sportsman and the sporting man.

QUIZ CLASSES TAKE UP IMPORTANT WORK

Quiz classes among the students of the College of Law were organized recently, the plan having been originated last year by Judge Lyman Chalkley.

The groups are composed of from five to eight members and their work is purely voluntary. The purpose of these classes is to give law students opportunity to discuss matters encountered in class recitations from day to day.

These groups meet once a week at a time and place convenient to the students. Six groups have been organized so far and success seems assured.

MADE IN GERMANY.
(By M. P.)

I take for my subject the word Love, plain everyday love; the kind found on the street, on park benches, and elsewhere. The elsewhere love is best displayed in summer houses and in swings. Beware of seaside love. Its worse than seasickness. Love is what makes a man leave his home to fight for his country; yet he sometimes leaves home for lack of love. Some men go to war and face great armies for love; some stay at home and face worse for what they thought was love. That love is blind can be easily understood by the husbands that some women choose.

Moral: Why is Love?
Nancy and Florence, with Hamburg, Cologne, Turkey and Greece, make the European war more bearable.

The principle principal of the principle is principally a prince of principles.

All preachers who address the students always say, "if you attend our church while you are in the city, we will insure you a warm welcome." We might add, "—and if you don't attend some church, you will receive a 'warmer' welcome—when you die.

HAZING BILL TURNED DOWN BY THE SOLONS

At an active session of the Legislative Assembly of the Henry Clay Law Society the hazing bill was defeated 8 to 7. When the reading of the Journal was completed the previous question was moved and the vote on the amendment to substitute "hair cutting" for "hazing" in the original bill was a tie. Speaker Roundtree sustained the amendment. When the second roll was called for a final vote on the original bill the count resulted in its defeat.

If you think you can't do a thing you're probably right about it.
