"Yes, I know the NCAA starts Monday—but when's Monday in this town?"

No Change in Temperature

The unbelievable happened to most students Monday afternoon when the Wildcats lost, but an adequate reflection of student sentiment was found in the tophography winner of a local radio musical poll the next morning. The winning song was overwhelmingly voted, "Go, On, U of K."

Student opinion, aside from sympathy for the team's disappointment, was taking a rabid "we'll show 'em" attitude about the NCAA tournament that opens Monday.

And certainly nobody doubted for an instant if the team and accurate conclusion reached some months ago; that this UK team is the best in the country that is the greatest in the history of the University of any where else. And with even breaks, it'll win the NCAA.

Why Not Keep Cool

Since printing three articles by Ingeborg Dedering, a German girl who is studying at the University, the Kernel has received several letters applauding the author and calling the articles "something subtle but futile attempts on the author's part to evoke sympathy for the German people and instill in us a feeling of remorse for 'nanking' Germany," or "most outrageously bland examples of Nazi propaganda, etc., still perpetrated."

Most of the students who wrote the letters—Martin Lloyd Norton, Irving Millman, Albert Balows, James Wilson, and Frank Adler—mentioned having been in the armed forces, and they have had very similar and strong opinions on Miss Dedering's articles.

It is absurd to believe that the Kernel is acting as an agent for any Nazi propaganda.

The feature editor (also a veteran, incidentally) asked Miss Dedering, a journalism student, to write a few articles that might give students some insight into the viewpoints of one of UK's many foreign students.

The Kernel is certainly not going to get involved in any sort of international incident in the sub-basement of McVey Hall. But it does believe that a little understanding, of foreign students or anything else, will accomplish a lot more than name-calling and generalizations.

Just Say Ya Or Nay

The Student Union Board is going to put a polling box in the SUB hall next week, in an effort to find out if anybody is interested in its newest plan.

The idea is to provide a place to dance, to juke box music, at various hours during the day. If you want this, the Board wants you to say so, but if you don't, the Board emphatically wants you to say you don't.

It seems the Board has learned a lesson from the long series of dances, all failures, it has gone to the trouble and expense of putting on. Before it inaugurates any new plan, it wants to hear student opinion on the matter.

Prof. Trimble Named To Advisory Council
Prof. Ernest O. Trimble of the department of political science was recently appointed by Gov. Earle Clements as one of the four public members of the Unemployment Insurance Advisory Council of the Department of Economic Security.

Dance Class Planned By Cosmopolitan Club
The dance class sponsored by the Cosmopolitan Club will meet at 7:30 p.m. on Thursday, beginning March 24. A regular class will meet tonight at 7:30 p.m.

The class is open to the public and no admission fee is charged.

The traditional Saturday night barn dance did not originate in a barn. Early settlers entertained their neighbors with "barn" dances.

Letters

Dear Editor:
This is the first time I have aired my opinions in the Letters to the Editor. But I believe that this is once I should.

Today the Wildcats came home from the NIT. I have never seen so small a crowd as that which greeted the boys when they came home. When they are winning everybody goes and sees the team but when they lose hardly anybody tries to welcome them. I do not think that this is fair. Just because they lost one game why should anybody not honor the boys. This is not fair. Even the best teams lose a game once and awhile. Well, it is the same for these boys.

I admire those few who braved the cold weather and welcomed the boys home. They are the true Wildcat rooters.

In a couple of days again the team leaves for New York. I think sort of mass slaughter, so to speak, by eating 48 oysters at one sitting. The Phi Sig's, not to be outdone, produced a candidate who did away with 76 raw ones in only 10 minutes. The Michigan Daily, trying to keep up with the news, was represented by a sports editor who consumed 12 1/2 hamburgers in 35 minutes. The editor was a female!

Overnight stops!
Father stopped at the YMCA, mother stopped at the YWCA, and daughter stopped at nothing.

Borrower's Oath
I think that I shall never see
The dollar that I loaned to thee.
A dollar that I could have spent
For varied forms of merriment.
The one I loaned to you so gladly,
The same which I now need so badly.

For whose return I had great hope,

PHIL

Dear Editor:
For a minute, when I started reading J. Bruno Halifax's letter about the Kentuckian in last week's Kernel, I was stricken with the thought that it might be subjected to investigation by SCA again.

When I finished, however, my fears were gone. I know that Mr. Halifax is just another crank. Like that graduate student (an English major, I think) who pops in the office every day or so and scowlingly demands his copy of the yearbook, which, in his own quaint words, he has "bought and paid for."

I hope no one got unduly excited over Mr. Halifax's letter. If anyone did, let me calm his mind by saying that the yearbook will be out the latter part of May. This is definite.

Surely, if he did, he would know that the 1949 Kentuckian has been out for the past three months and is now gathering dust on the bookshelves of graduating seniors and others who purchased. Already word is halfway completed on the 1950 Kentuckian and the staff for the '51 book has been named and has started to work on that edition.

The foresightfulness and obvious efficiency of the yearbook staffs are in dismal contrast to Mr. Halifax's complete lack of being up with the times.

If he desires to obtain a copy of this year's book, he may purchase

one of our newstand or his neighborhood grocer's.

Sincerely yours,
DUMBARTON WILLOWS,
Editor, 1951 Kentuckian

Dear Editor:
It is our solemn belief that there is a sport here on campus which has heretofore been excruciatingly neglected. We demand that something be done about it.

We believe that provisions should be made in the Athletic Department for a hop-scotch team! Tournaments could be held similar to the present bridge tournaments, high school basketball tournaments, or bowling tournaments. Courts could be marked off on the floor of the new field house. We feel confident that Coach Rupp wouldn't mind, because it would give opportunity for more student participation in sports.

After all, hop scotch is an up and coming sport on campus. A tournament is already underway in Room 28A of the Funkhouser Biological Sciences building.

Hop scotch develops leg muscles, breath control, throwing ability and general stamina. Also, it builds up ability to draw a straight line. And we all know that precision is important in obtaining a well-adjusted life.

Therefore, we deem it essential that uniting effort be made to promote this higher type sport. We will appreciate any help which you may give us.

out for the student-faculty party at the SUB Tuesday night. It seemed strange to me that, out of the thousands of students and the hundreds of faculty members here, only a handful attended.

Now I know the reason for the small crowd, and believe me, I learned the hard way. I, like a fool, sacrificed my studies for what I thought would be a step forward in this school spirit. I have heard so much talk about. The result, three pop quizzes on chapters I staff should have studied Thursday night.

Any future relationship between me and the faculty will be purely academic and I suggest that any future faculty-student get-togethers be confined to the classroom.

This gripe may sound trivial and a bit selfish, but I wish you would print it. By the way, were you at that howling success of a party?

A WISER POOL

Dear Editor:
Mr. Halifax expressed a sentiment dear to the hearts of UK students when he complained about the Kentuckian coming out late every year.

I have done a little investigation of my own in regards to this matter and have uncovered some information that may expose the yearbook.

First of all, no one ever stays in the office. All they do when they are in the office is drink coke or converse. "No work" seems to be their motto. How do they ever expect to publish a yearbook that way?

Secondly, they are rude. When

HE HAS BUILT A BRAND NEW CITY

The "telephone man" is mighty busy these days!

Since the war, among many other things, he has built or enlarged 2,800 buildings... scores of them large enough to fit into the skyline of a modern metropolis.

These buildings are more than brick, mortar and telephone equipment. They are jobs for thousands of men and women... more and better telephone service for millions of people... more business for the towns and cities in which they are located.

But most important of all, they are an indication of the Bell System's earnest efforts to keep up with the nation's ever growing needs for communications service.

On Your Way To Town

Picture above is part of the "regular gang" that gathers on the third floor above the Tavern every afternoon—all amateur radio enthusiasts.

Local Ham Radio Operators Engage In Bull Sessions Of Global Scope

By Bill Rafferty
There are no spatial limitations to student bull sessions these days, for students are taking to the air. If you hear these words cutting in on your favorite program "calling CQ, calling CQ, this is WATFG, WATFG, fixed portable, Lexington, Kentucky, calling CQ..." you are in on the makings of a very extensive bull session which may be reaching to any point on the globe. Yes, it's ham radio and two students are going at it in a big way.

Most every afternoon, on the third floor above the Tavern, you will find two students before two transmitters, contacting their home towns, or some far away place. Soon the regular gang begins to flow in—those who live in or near the Apartments, and with the room foggy with cigarette smoke, the mike is passed around so everyone gets in on the conversation.

What do they talk about? Everything which ordinarily goes into bull sessions. One has to be careful, however, what is said over the air is "batted about" by those who are not on the mike or when the other ham is talking back.

Describe Southern Traditions
There's plenty to say after one gets warmed-up to talking. First, greeting and information about the persons are exchanged, and then someone may start giving the low-down on a person in the room. One who called himself "Colonel," huh, extolled the merits of a Southern gentleman and described the belles of the Blue Grass, the fine bourbon and the beautiful magnolia trees of Lexington. However, the Colonel was brought to talk on the magnolia tree.

More Power Than WLEX
The sets which are being used here were built by Jene. It took him about eight months to complete the large transmitter which can contact almost any point in the world. It has about twice as much power as station WLEX. "We have 2000 volts from a stepped-up power line. Enough to burn you to a crisp," commented Jene. The smaller set is used most of the time.

Gets Kentuckian In Germany
"You've got to be careful what you say over the air, you don't know who is listening," Jim remarked. "The other day I picked up a ship off of Gibraltar and learned quite a bit. Just like the other day when a friend of ours was listening to a Kentucky soldier in Germany talking to Portugal, he didn't know someone in Kentucky was listening, but he was thrilled when he was contacted from his own state. I think our friend called his (soldier's) parents long-distance and let him talk to them."

Letters To The Editor

(Continued from Page Two)
I went in to ask them to change the spelling of my middle name in the book from "George" to "Gorge," they told me they couldn't because that section had been printed. This was an obvious falsehood.

But this is enough... I am just asking, "What is wrong with them?" Surely the Board of Student Publications can find more serious-minded persons to carry on with the Kentuckian.

Vehemently yours,
EARLY G. APLEY
Dear Editor:
This is a partial reply to the letter from "Crystal Set" in the latest Kernel, about installing FM radios in the dorms. A good idea. Let's put in one of those useless time-wasters known as a petition.

Also if he knows a graduate CE (communications) student, Crystal Set might be able to talk said student into designing him a converter for the FM band. Close as we are, a one-tube converter would do the trick nicely, for about ten bucks.

Next question: who's got ten bucks?
CQ
Dear Editor:
All of us have heard of a term paper but we have as yet to see one similar to the "invader" which was given us in Sociology 109.

TIPS ON TOGS

By Link
BELMONT - - - rings the bell (pardon the attempted pun but it's the gospel truth) for spring suit styles. Belmont Suits have always been known as leaders in the fashion parade and this year they are about two blocks ahead of the band, their "Olde Leauge" model is one of the most knocked out deals I have ever seen these weary eyes upon.

J. P. Hancock, of Phi Delta Theta, fraternally, purchased one today. He picked out a single breasted, powder blue sack of the very new four patch pocket style with hand stitched lapels. Don't forget gentlemen, Easter is descending upon us by leaps and bounds and when you acquire the current "Little Lady" around that day.

LAVENDER BLUE - - - dilly dilly - - - Equire socks have actually sent us some new spring socks of lavender blue, fashioned after the same but - - - this light weight, ribbed sock also comes in pale pink, yellow, blue and grey - they blend perfectly with the pastel shaded shirts that are now so popular, and I believe pastel shades will gain more and more popularity as the season advances.

ENCORE - - - to those of you who bought "Mirror-Test" rayon summer suits last summer, and know how wonderful they are - I am passing along the tip that we are receiving them again this year, and to those of you who do not have any - well, when old Sol turns on the heat you just can't beat a "Mirror-Test" suit for coolness, appearance and pocket book ease. - incidentally they are now in stock.

P. S. POWER OF THE PRESS - - - I got my top hat back. Thanks bud, very much!

Abraham Lincoln did not deliver the Gettysburg address. A farmer named Getty wrote the famous speech on the back of an old newspaper. At the last minute he was called upon to take the president's place. Since he also wore a beard, he was mistaken for Lincoln himself.

UK Graduate Finds Swiss Papers Differ In Many Ways From Ours

By Earl L. Conn
Newspaper work is pretty rough in the United States but it is murder in Switzerland.
At least this is the way Crawford Ferguson, graduate of the UK journalism department, is finding work as managing editor of the Swiss Reporter. English language weekly published in Geneva, Switzerland. He described the problems in a letter to Dr. Niel Plummer, head of the UK journalism department.
One of the first difficulties occurred when the Swiss government granted its permission to print the paper but refused to allow its sale. This problem was no sooner solved than the travel editor of the paper, an Austrian displaced person, was declared persona non grata and was almost thrown out of the country.
Translator Important Man
One of the most important persons on the paper's staff is the translator. Much of the material for the paper is written in other languages and must be translated into English.
Ferguson's duties are many and varied on the Reporter. He covers American and British consular offices in Geneva in addition to serving part time as proofreader, make-up editor, copyeditor, advertising solicitor, and sports editor.
In his spare time, Ferguson attempts to teach the members of the staff some principles of journalism.

Increased Study Of Philosophy Shown By American Students

Since the war American college students have shown a steadily increasing interest in the study of philosophy, according to Dr. John H. Meizer, assistant professor of philosophy at the University of Kentucky.
This change is not due to any basic change of student attitude, he said, but is explained by a widespread fundamental change in teaching methods. Chief change noted by Dr. Meizer in a nationwide study of philosophy teaching methods in which he is currently engaged is that the historical approach to study of the subject is being replaced by more modern methods.
Philosophy teachers are recognizing more and more, he said, the importance of making their courses a practical approach to the solution of life's problems. Large numbers of college students are becoming first voyage to America.

So You Don't Like The Weather? Well, Just Wait Around A While

Up in Yankee land they have philosophical way of looking at nasty snowstorm with the temperature huddling down in the sub-chilly zone. "We may as well have it now and get it over with," is their morbid point of view.
Most UK students took a look at the past week's see-saw weather between winter and spring and wished that if they couldn't have it and get it over with, at least the climate would decide to go one way or the other.
Sloshing along the snow covered sidewalks past the Union buildings Tuesday, a season-minded student announced, "I don't mind it snowing now, but when March 21 comes along I want it to warm up and stay that way."
Seasons Need Order
Looking under a radiator in the Social Science building, we got a comment from an aspiring political scientist: "If we can have winter and spring in order, that's okay. But it's idea of them taking turn about every other day is getting me down."
Of course a pun was in order and Dudley Saunders came through with the observation that the whole business was "no good."
Spring flowers are also being frustrated. A few crocus blooms popped up and the peonies made a one-day stand before deciding that they had their signals switched.
And what looks more dejected than a robin, the heard of Spring, sitting in a snow drift begging worms?
The US Weather Station at Bluegrass Field said the average temperature for this time of year should be about 44 degrees, and that the average is hitting below normal right now. They promised cold weather for the weekend with rain to make the repertoire complete.
Bermuda High Moved
It seems that the Bermuda high pressure area which wandered into the Glades-side vicinity and accounted for much of the mild winter in Kentucky, has finally moved back home and is drawing freezing weather down from west-central Canada, where this section's refrigeration is originated.
Reports are coming in that if the temperature keeps increasing at the rate it has in the past 200 years, obtained from the Alumni Association office at \$2 per person. Up to 500 reservations will be accepted.

The Spice Of Life

By Huber Graham and John Anderson

The corner pea in the Cottage was in great agony Monday afternoon after the game. Smilin' Tilly McCarty couldn't even help the team with her singing!

Charley Whaley started a snow storm at Guinness Monday night. Bill Dale has persuaded his hair to be a Tomi twin to Pat Conway. George Tye can't make up his mind who he wants to date at the Tri-Delt House.

B. J. Vaughn would like to know who dedicated that song last Friday night.

Joe Gordon is "King Wolf" these days. He has six victims in Pat Hall.

Bryan Blount is giving Betty Shiresbury a big rush. Who is the Paul that Judy Swinford talks about in her sleep?

Charlie Woodward certainly looks new (to rhyme with Bauer) these days.

Dev Durham has returned to work the campus once more.

June Albrecht is bustin' 'em all over!

Emmett "Oats" Holbrook from "Red Rigger" is DT these days.

Skip Blaine is only going to the Cottage six nights a week now.

Sombody at the SAE House thinks that Hal Hughes likes flowers.

Betty Bush is having quite a time with Prince Rice. He's afraid she'll go overboard with one more date.

Ennie Triplett just won a life-size portrait—or something on that order. (Whaley, don't be so sadistic!)

The Sig Ep-Sigma Nu affair was quite a brawl. It ended up with a party in the Male Hole in the Sigma Nu rathskeller. Seems that Karl "Crusty" Chubb mistook the steps for an elevator.

Bill Lancaster was snoring the gals one by one at the SAE dance. The dance was held in the Lafayette Hotel Grill.

Dusty Rhodes deserves mention for having a Delt, Sigma Chi, and Sigma Nu on the book.

The Sigma Chi chapter shed tears in their house and wore black crepe under their pins after losing to the Delt. Their comments are censored.

Clude Spears is hustling Jane Hunter. Need we say more?

Mac Larkin is a regular feature on Delt Saunders' "Gloomy Monday" show at WBKY.

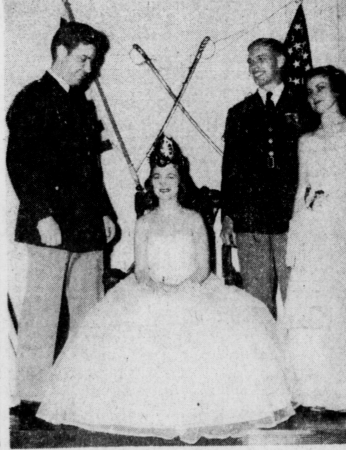

The Pi Kaps are setting a style of short pants and ties in preparation for their "buddy party" with the Tri-Delt.

"Floundering Herd" Dave Greenwald is looking for a new love.

Planned: Joan Searls and Ears Snowden; Doris Walker and Cletis Hite; Ann Tracy and Mike Carmichael.

Carolyn Critchlow, who was Hatt Haven's date at the Sig Ep-Sigma Nu dance, made quite an impression on Jack Barrowman. Sally Aruckle went stag—"Who look Carol Vaughn? And how did "Nails" Brumfield get home?"

A hint to the SAE gang: make practice before the campus sing! Will Ed Mills' date really turn

Nancy Brewer, Kappa Alpha Theta, is crowned queen of the Military Ball held in the SUB Ballroom last weekend. (Left to right) Fred Perkins and Ed Walters, ROTC cadet captains, and Helen Hetsley, Delta Delta Delta, first attendant ladies. Miss Brewer is also ROTC regimental sponsor, and Miss Hetsley is first battalion sponsor.

Phi Kappa Tau's Plan Founders Day Banquet

Members of Phi Kappa Tau from Transylvania, Centre, and the University of Kentucky, will attend a founders day banquet in the Fire-side Room of the Phoenix Hotel to- day at 3 p.m.

Upperclass Girls Give St. Patrick's Day Party

Phi Upsilon Omicron, home economics honorary, gave a St. Patrick's Day party yesterday at the Home Economics Building for upperclass girls with a standing of 1.5.

Betty Andes, Nerece Hatcher, Katherine Greenwood, and Amy Willis were in charge of arrangements.

Sig Ep's To Entertain

Sigma Phi Epsilon will entertain with its annual masquerade ball at Joyland Clubhouse tomorrow night from 8:30-12. Music will be furnished by the Troubadours.

Arrangements are being handled by Bob Bredson, chapter chairman.

KA Pledges Elect

Alex Herron has been elected president of the Kappa Alpha pledge class.

Other officers are Bill Knight, vice president and Warren Crockett, secretary-treasurer.

Sigma Nu Entertains

Gamma Iota of Sigma Nu will entertain with a costume party tomorrow evening from 8-12 at the chapter house on Euclid Avenue.

Gil Shirra, social chairman, is in charge of arrangements.

Greek's Calendar

The following list of sorority and fraternity social affairs is the official social calendar listed with the Social Director on March 16.

Any changes should be cleared through Miss Margaret Bruce Cruise, Social Director, Room 122, SUB, by Wednesday noon of each week.

Friday: Alpha Xi Delta house party; House.

Saturday: Sigma Nu costume party; House; Sigma Phi Epsilon masquerade party; Joyland; Delta Tau Delta house party; House.

Home Management Group Entertains With Party

The Home Management House entertained with a desert party last night at their house on Harrison Avenue.

Mrs. Duard Thurman, Miss Marie Barkley, Miss Helen Wilmore, Miss Mary Louise Mitts, home economics staff members, were guests at the party.

Aristides was not a Greek restaurant. He was the horse that won the first Kentucky Derby, in 1875.

Greeks Plan Dance

The Stray Greeks will hold a semi-formal dance tomorrow from 9 p.m. to midnight in the SUB Ballroom. Bob Blundin and his orchestra will play.

Blanket bids have been sent to sororities, fraternities, and dormitories.

Greek Bridge Tourney To Begin March 28

The second annual Greek-letter bridge tournament, sponsored by Alpha Sigma Phi, will begin March 28 at the chapter house.

Dish Don, tournament chairman, announced that all sororities and 17 fraternities have entered.

Dean said that play will be divided into sorority and fraternity brackets. The winner in each bracket will compete for an engraved trophy in the finals. The runner-up in the final will receive a trophy also.

All Greek-letter organizations competed in the first tournament last year. Zeta Beta Tau and Delta Zeta were winner and runner-up respectively.

TAP's Elect Freedman

New officers of Tau Alpha Phi are Bea Freedman, president; Roberta Clark, secretary-treasurer; Gloria Travis, rush chairman; and Frances Goldstein, pledge trainer.

Roberta Clark, Gloria Travis, Frances Goldstein, and Beatrice Freedman have been initiated by Tau Alpha Phi.

Excellence WITHOUT Extravagance

...and all of them made possible through profits!

In THE LAST EIGHT YEARS International Harvester has increased the number of its employees in the United States from 60,000 to 90,000.

This means that 30,000 new jobs have been created—good jobs at good pay for junior executives, engineers, draftsmen, technicians, among many others. And every one of these jobs carries with it plenty of chance for advancement.

This great progress in job-making has been made possible by the profits which over the last 20 years the company has plowed back into the business. That is why we like to say **PROFITS MEAN PROGRESS** for every one.

For example: During the eight year period in which our force was increased from 60,000 to 90,000 employees, the average straight-time hourly earnings of our non-salaried factory employes have increased 92.6% per cent.

Customers have benefited from the fact that our margin of profit on sales today is two-fifths less than in 1941.

And our stockholders have had a fair return on the savings they have invested in our company. Dividends on common stock this year are 4.65% on the book value, as compared with 4% in 1941.

In 1948, the company had profits, after taxes, of 4.7 cents from each dollar of sales.

We know it is our continuing ability to earn a reasonable profit that has made it possible for International Harvester in the past year to serve more people—customers, employees and stockholders—in greater measure than ever before. *Profits mean progress for everyone.*

We hope to be able to continue to make a reasonable profit with each succeeding year in the future—to keep right on creating more and more jobs at good pay for young men entering industry, just as we have done in the past.

Kentucky Basketeers:

By Bill Samuels

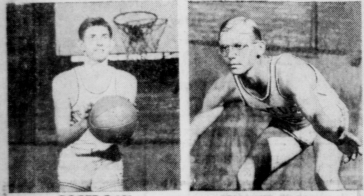

Unsung heroes today...hardwood kings tomorrow. That is an allegation which applies to five members of the University of Kentucky basketball team. Although they have won their spurs for varsity competition, this quintet of Wildcat understudies will have to pass a proficiency to gain first string positions next season.

This crew, consisting of Roger Day, Johnny Stough, Garland Townes, Bob Henne and Al Bruno—have witnessed most of the Wildcat court play from the bench this winter. All of these boys, with the exception of Bruno, have seen two or more years service with the Kentucky squad and both Day and Stough made the trip last year to the N.C.A.A. tournament.

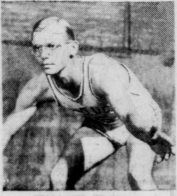

For the past season, including play in both the S.E.C. and the N.I.T. tournaments, Day has posted the best record appearing in 18 games the Frostsburg, Md., sophomore has tied 49 points to pace the second five scoring. At the foul line, Day is second only to Stough, who has led the entire Kentucky team with an average of 85.7. Stough also heads the second stringers in longevity with a total of 200 minutes in 29 contests. He has harvested 38 points during the present campaign.

Scoring laurels among the remaining trio shows Townes with 31 points in 16 games, Bruno with 20 points and Henne with eight. The latter two have played in nine games each. The entire squad was coached by Day on absents from the field. Day has amassed a shooting average of 55.5, with Alex Groza being his nearest rival at 49.8 percent. Bruno ranks sixth in shots from the field.

Stough is the oldest of the five. He has just completed his third season in a Kentucky uniform. It is true to say that he has been a steady presence on the court, and his experience is a valuable asset to the team.

BOB HENNE

has been said of John that he came to the University of Kentucky because as a boy he had always dreamed of playing in Madison Square Garden. Stough, a bespectacled blonde junior from Montgomery, Ala., is a cringing guard who shines on defense, but like all cagers he loves to shoot too.

A highly congenial and easy-going guy, John is a popular student on the campus and takes an active interest in student affairs. He is a member of Phi Delta Theta social fraternity.

Not only is the six-foot, 174 pound Stough active on the basketball courts, but he holds the shortstop position on the University baseball team. Last spring John set a terrific pace for Wildcat batters by hitting .410 clip.

Day Shows Promise
One of the more promising sophomores is set shot artist Day. Roger, who tips the scales at 170 pounds and stands 6'2", has proven himself as both a capable forward and pivot man. Several sports writers in the state have said that Day will be one of the leading candidates for a starting berth next season.

Golfers Open Season Here Against Vandy

Kentucky's Fairway Fellows open their 1949 golf season next Saturday against the Vanderbilt Commodores at the Lexington Country Club.

Athletic Director Bernie Shively announced a 14-game schedule this week, including seven Southeastern Conference matches. The Cats will also participate in the SEC tourney, which will be held April 27, 28, and 29.

Six of the 14 matches are carded for Lexington. Home- and home matches will be played with Vanderbilt, Tennessee, and Georgia Tech in the SEC, and with Xavier, Cincinnati, and Miami, Ohio, in non-conference games.

Prospective golfers are requested to report to Coach Frank Atkins at the Picadome Golf Club for try-outs, whenever the weather permits. Atkins is also interested in organizing a freshman team, providing good prospects turn out.

Mainstays of this year's team are expected to be Captain Johnny Owens, Marvin Lear, and "Bud" Lewis.

Oklahoma Aggies Win Playoff For Tourney Berth

Oklahoma A and M won the right to represent District No. 5 in the Western N.C.A.A. play-offs this weekend by stopping Nebraska 52-35 at Kansas City Wednesday night.

Oklahoma A and M now joins Wyoming, Oregon State, and Arkansas in the Western play-offs. The Aggie team will meet Wyoming in the first game at 3 p.m. Friday.

Bob Harris led the Aggies to their 19th straight victory over the Cornhuskers. Harris tossed in eight field goals and four free throws for 30 points. The Aggies led 7-0 before the Cornhuskers could hit for their first point.

The famed Aggies defense once again was working to perfection in the Nebraska test. It only had 11 field goals during the entire game. The Aggies dropped in 18 from the floor.

Nebraska gained the right to meet the Aggies in the play-offs for the fifth division berth by defeating the University of Oklahoma in their play-offs for the Big Seven Conference championship.

and scrappy will to play that should put him out front next year.

The only native Kentuckian on the Wildcat second five is Garland Townes. A slick, six-foot, 180 pound sophomore guard, from Hazard, Garland is a red hot defensive player and is equally good on fast breaking offensive drives.

Cats Dominate All-American Selections By Press Services

Kentucky's Wildcats dominate the All-American polls the same way they ruled the balloting for the nation's top team.

UK Nine Meets SEC Foes In Sixteen Games

Kentucky's basketball team will play a 16-game schedule this spring composed entirely of Southeastern Conference foes.

Four four-game series have been announced with Georgia Tech, Vanderbilt, Georgia, and Tennessee. The games will be played on a home-and-home basis with each team, two at home and two away.

The season's opener will be against Tech in Atlanta, April 8 and 9. First home games will be April 15 and 16 against Georgia.

Cochair Frank Moseley issued an order call for players this week. Most of his veterans are tied up presently by either football or basketball, and the little practice that has been held so far has affected only a handful of players.

Bad weather forced UK basketball practice indoors most of this week. Pitchers and catchers worked out in Alumni Gym, and batting practice was held Monday evening.

Practice will be moved to the Legion Field as soon as the weather clears up, as the Wildcats prepare for their opener April 7 at Atlanta, Georgia, where they will meet the Georgia Tech eleven.

Only two and one-half weeks remain until the opening game and it appears that Coach Moseley will be hard pressed to round his squad into shape by then. Continued bad weather will limit batting practice and it is in this department where the Wildcats will meet most prospects.

Prospects are asked to report to Alumni gym Tuesday at 3:30. Moseley requested that no freshmen report before the time he wanted to organize a freshman team later on, and schedule several games for them, but at present it would be impossible.

According to Moseley, which will play its home games is still a mystery. The diamond on Stoll Field will be available until the end of football practice, which is between five and six weeks off. Although Legion Park will be available for practice as soon as spring conditioning and repair work is completed, it is still doubtful whether the Cats will be able to play their first home games there.

Several games with nearby Kentucky colleges may be added later on.

Three Cats Included In Look All-American

Kentucky fans had something to cheer about during this dismal week. LOOK magazine announced its three All-American teams for the season. Alex Groza received a first team berth; Ralph Beard was placed on the second team; and Wallace (Wah Wah) Jones was named to the third five.

The magazine also named district all-star teams and the three Kentuckians were placed on the South team along with Paul Walther, Tennessee, and Johnny Oldham, West Virginia.

The mythical teams were selected by some 200 basketball writers throughout the nation. The magazine did not announce the individual point totals of each player, however.

Who They Picked
The first team is composed of Alex Groza, Kentucky; Tony Lavelli, Yale; Ed Macaulay, St. Louis; Vern Gardner, Utah; and Vince Boryla, Denver.

Second team cagers were Ralph Beard, Kentucky; Jim McIntyre, Minnesota; Ernie Vandeweghe, Colgate; Bob Cousy, Holy Cross; and Slater Martin, Texas.

Third team are Dick Schuttler, Ohio State; Cliff Crandall, Oregon State; Bill Sherman, Southern Cal.; and last, but certainly not least, Jack Kerris, Loyola of Chicago.

The West lead in men picked for the teams with five (Gardner, Boryla, Crandall, and Sherman) while the Middle West had four (Macaulay, McIntyre, Schuttler, and Kerris). The South had three (Groza, Beard, and Jones) as did the East (Lavelli, Cousy, and Vandeweghe).

Fencers Top UL 13-4 In Third Straight Win

The UK fencing team scored a 13-4 victory over the University of Louisville swordsmen Saturday in Women's Gym.

It was the third consecutive win for Coach Breckenridge's team, and brings the record to three wins against one defeat. The lone defeat came at the hands of the University of Illinois team in the first match of the season.

Charles LeGette again led the UK team, scoring wins in three foil bouts. Others winning all their bouts were John Ford, Alan Solomon, Charles Mitchell, and Doug Brown.

Scoring for UK were: foil—LeGette, 3; Solomon, 2; Brown, 2; sabre—Ford, 2; Christian, 1; dual.

INTRAMURALS

Jewell Hall won the Women's Intramural Basketball tourney last Thursday by defeating the Kappa Alpha Theta team, 15-14.

Hall won three games in the divisional play-off defeating Delta Zeta, Kappa Delta, and Theta. Matches in the table tennis tournament are being played this week from 5 to 6 p.m. nightly.

A call was issued for all girls wishing to play intra-mural softball this spring. They are to sign up in the Women's Gymnasium office.

If any girl wishes to play but does not live in a dormitory and is not a member, she may contact the Women's Intramural Department for a place on the Town Team.

Sixteen teams are entered in the badminton tourney. Finals will be played Monday, March 21, at 5 p.m.

Villanova Game (Continued from Page One)

A single rebound shot in the second half, hit 28 percent of their shots.

Rupp admitted this week that he knew next-to-nothing about Villanova, except they have a center who scored 85 points in one game this year. That astronomical tally was turned in by Paul Arizin against Willow Grove N.A.S. near the end of the season.

Arizin is one of the trio of the nation's leading scorers appearing in the NCAA. In 29 games, he burned the nets for 543 points, an average of 21.7 per game.

Groza leads in total point production with 614 in 31 games, but his 19.8 average is lowest of the three. Lavelli's 22.7 average is best of the three. He leads the nation in that department. The accordion-playing forward has scored 613 points in 27 games.

Villanova has won 22 and lost three this year by winning their first 12 starts, they were one of the last teams to drop from the unbeaten ranks. Undefeated Duquesne handed them a 65-37 lacing, and then a few nights later was dropped from the unbeaten elite.

Lost To Loyola
The Philadelphia school's other two losses were to teams also played this year by Kentucky. In their first game after losing to Duquesne, Villanova was trampled by Loyola, 75-42.

A few nights later Bowling Green (O.) handed them their third setback, 57-46. Bowling Green lost to Kentucky 63-49. Since then they have won nine straight games to enter the NCAA play-offs with a great deal of support from the East.

Offensively, they are about even with Kentucky in the scoring department, having averaged well over 60 points a game, but their defensive average is about a half-dozen points higher than the Wildcats' 42 a game.

Rupp announced right after returning from New York that only 10 of his 113 squad members would make the trip to the NCAA. Who would stay at Lexington had not been decided Thursday morning.

BASEBALL

Last spring there was considerable talk around the Athletic office about the baseball team going South this spring for a week or 10 days.

The trip was to be taken during vacation between the winter and spring quarters. Baseball Coach Frank Moseley figured the Cats could bank in the Florida sunshine and play at least a half-dozen games with Florida teams when the SEC baseball race got underway, his boys would already have the kinks worked out.

He figured, and so did a lot of others, that the Cats would be big winners if they could get in some practice.

But when the quarter system was dropped for the semester system, the pipe dream went kaput, and probably Kentucky's chances for an SEC crown, also.

Last spring the Cats played their first games with less than a week's practice and lost four of their first five games. Warm weather came along and after a few good practice days, the Cats came back to win 8 out of the next 11 games, all against SEC teams.

They got progressively better, winning five out of the last six games. With most of last year's team back, the same thing will probably happen again this year: no practice because of bad weather, lots of wins in the early part of the season, and then come back strong in the finish.

Most of the other SEC schools arrange so their teams can start early, and train in the South against non-conference schools before the SEC season starts.

Considering the good quality of baseballers here it is a shame that UK doesn't follow suit, and help build the Wildcats into a conference power.

What does the future hold for intramurals at UK? Right now it doesn't look too bright from certain angles. Research tells us that the present IM field behind the Gym was once a swamp, but even now, everytime it rains, children start launching rafts on the field.

Breck Hall Beats K Club For Intramural Crown In Tight Battle; Deltas Take Fraternity Title

By Earl Conn

Breck Hall won the University Intramural Basketball Championship Wednesday night at Alumni Gym by defeating the K Club 21-29.

Delta Tau Delta won the Fraternity championship in the preliminary game from Kappa Sigma, 42-40. Both fraternity teams had defeated Tuesday night in the fight for the university championship.

Breck Hall led at the half 19-16. The K Club knotted the score time and again in the second half, but Breck managed to pull ahead 29-27 with two minutes to go. Boiler hit one from the free throw line to knot the game again 29-29.

With thirty seconds to go, Auer took a long leading pass and, after taking one man aside, dropped in a close shot and Breck Hall led, 31-29.

The K Club snuffed its next shot and Breck Hall grabbed the ball with fifteen seconds left. A wild pass went into the hands of Endler with two seconds remaining. He passed to Chalborne, but the horn sounded before he could shoot.

The Kappa Sigs led the Deltas 24-19 at the end of the first half in their preliminary contest. The Deltas came back strong in the last half to outscore the Kappa Sigs 25-16 to wrap up their title. Delta Tau Delta

PU OLD Story				

DisKintucky Sports Review

By Tom Diskin, Sports Editor

NEW YORK CITY, March 14—This date should go down for the State of Kentucky as Black Monday for both the Wildcats and the Hilltoppers were upset in the quarterfinals of the National Invitational Tournament in Madison Square Garden before 12,562 surprised spectators.

The Cats, a 12-point favorite, lost to Loyola of Chicago, 67-56, in the season's greatest upset. In the first game of the doubleheader Western Kentucky's Toppers were taken, 95-58, by a sharpshooting Bradley University quintet.

Individual shooting averages for the Cats were: Ralph Beard, six goals in 16 tries, Alex Groza, 5 in 17 shots; Walt Jones, 2 in 10; Cliff Barker, five in 10; Jim Line two in six; Dale Barnstable, one goal in seven shots; Walt Hirsch none in two attempts. Roger Day did not shoot in the short time that he played.

Roger Day did not shoot in the short time that he played.

It was largely through the excellent play of Kentucky's great little guard, Ralph Beard, that the Cats kept as close to the Red and Gold of Loyola in the second half of the game.

Ralph hit five baskets in 11 shots in the last 20 minutes of action and held his opponent, Jim Nichol, to just five points. Nichol made only one goal in three tries for the game.

Cliff Barker played an excellent first half, scoring four buckets in 11 tries. In the final semester, Cliff collected one for five Groza racked up 12 tallies in the first period as he scored five chips in 14 losses.

However, after the rest stop, Big Al went against the Bills and Bowling Green upset St. Louis, 62-74.

Sam Corenswet, of the Sugar Bowl committee at New Orleans, was up for the tournaments. He is busy looking over teams for the next

PU OLD Story				

Alas, Alack, We Didn't Bring It Back Wildcats Fall Before Onslaught Of Determined Loyola Ramblers

Kent Hollingsworth Madison Square Garden, New York, March 14—I saw it. I saw Kentucky beaten and beaten badly by a bunch of hometown boys from Loyola in Chicago.

Kentucky wasn't just off on their shooting; the Wildcats have hit less than 28 percent of their shots and still won games.

Kentucky came on the floor and the whole team seemed to have adopted an air of indifference. Even after the game started, they seemed to wait around for the Wildcats to start "hitting" and run away. Loyola just didn't wait around.

Ralph Beard alone stood out for Kentucky. He hustled all the first half because he didn't shoot; he passed to Groza and Jones. The fans, cheering wildly for underdog Loyola, groaned loudly whenever the defensive man backed up on the Louisville Lad. In the closing stages of the game, one fan behind me jumped up and yelled, "Don't let that man shoot! He'll beat ya by himself" and he almost did.

It was Beard who tied the score; it was Beard who put the Cats in front; it was Beard who played his best when the going was tough.

Not since Big Jim Nolan came up from Atlanta and dumped in 39 points, have I seen Alexander the Great outplayed as in this game.

Groza has made chunks out of Kurland, Kaftan, Boryla, Foley, and Brannum. But not this boy Jack Keris.

Loyola's big pivot man played better than Big Al and that was the difference. Groza got all of his 12 points in the first half, mostly on rebounds.

Keris had played by 11 minutes, scoring eight points when his coach pulled him out with four fouls. He was put back into the fray when Groza committed his fourth and Loyola took command.

Big Al didn't even attempt to

block Keris' pivot shot. He backed away and Keris hooked them up there unmolested; if they missed Groza took the rebound, if they hit Groza took it out of bounds. On the offense Groza wasn't himself. He didn't even try to get in front of Keris. Consequently Beard and Barker didn't get the ball into him.

This defeat was no complicated plot, filled with intrigue and brought about by thieving blackguards posing as referees. There are no excuses. Man for man, the Cats were probably better; but team for team, Loyola was tops at 5 o'clock Monday afternoon, in Madison Square Garden.
