FOREWORD

A review of the accreditation of elementary schools of the state for the school year 1970-71 continues to indicate that major progress is being made in most areas of elementary education.

Progress in the various areas reflects the great concern that elementary personnel have for meeting the individual needs of children. The importance of this concern is shown by improvement in the following areas:

- √Expansion of curriculum offerings
- √Increase of experimental programs
- √Greater variety of teaching procedures and techniques
- √The use of various teaching aids has greatly increased during recent years

Elementary schools with eight or more teachers are classified as Extended, Standard, Basic or Approved. Appropriate standards and criteria adopted by the State Board of Education are written into regulations for accrediting the elementary schools.

You will note that there are still relatively few schools classified as Extended but you will also observe a gradual increase in the number of Standard schools and a slight decrease in the number of Basic schools.

We trust this bulletin will be helpful to both elementary school personnel and others striving for a qualitative elementary school for each child in Kentucky.

ELEMENTARY SCHOOLS FOR THE SCHOOL YEAR 1970-71

There were 1,068 elementary schools accredited by the State Board of Education during the school year 1970-71. Of this number 721 were under the control of the county school districts and 219 were under the control of the independent districts. Nineteen (19) were state or federal and 109 were private schools.

Table I below shows the number of accredited elementary schools classified according to the type of control for five years from 1966-67 to 1970-71.

Table I

NUMBER OF ACCREDITED ELEMENTARY SCHOOLS CLASSIFIED ACCORDING TO THE TYPE OF CONTROL 1966-67 to 1970-71

Year	County District	Independent District	State or Federal	Private	Total
1966-67	655	233	17	123	1,028
1967-68	695	205	19	120	1,039
1968-69	699	218	19	116	1,052
1969-70	713	216	19	108	1,056

The total number of elementary schools operating in Kentucky including all of the elementary schools of seven teachers and below as well as the 1,068 accredited schools, numbered 1,525 schools. Of this number, there were 81 one-teacher schools compared to 111 one-teacher schools last year.

Table II gives the enrollment in the accredited elementary schools according to the grades and the control under which the school operated.
