# BULLETIN

UNIVERSITY OF KENTUCKY  
LIBRARIES

June 8, 1973 No. 3

---

SOLINET: The network is now incorporated under the laws of the state of Louisiana. Formal operating accounts for handling the money have been set up. And the search for a Director of the organization continues. "Considerable time was devoted by the SOLINET Executive Committee to the frustrating direction negotiations with OCLC and Mr. Kilgour have taken. There was general concensus expressed of disappointment with such a turn of events as seems apparent at this point. The SOLINET Committee hopes delays in contract negotiations with OCLC can be shortened and speedier progress can be forth coming." (SOLINET. Executive Committee Meeting. Minutes. May 14, 1973)

MUSIC: The division of the present Fine Arts Library into an Art Library and a Music Library is underway. The catalogs have been separated; since May 21, Ebba Jo Sexton, the library assistant, has been spending her mornings getting acquainted with the music collection and learning the routines of a departmental unit. Starting June 11, Adelle Dailey will assume limited responsibilities: reviewing the recent inventory, arranging transferrals from MIK to Music, initiating orders for new materials, and planning for the rearrangement of the music collection within the space of the present Fine Arts Library.

LAW: Mr. Ankrom of the Soileau Bookbinding Co. will finish refurbishing books in the Law Library approximately June 11. At that time he will have repaired, cleaned and put new labels on 10,000 volumes (7,970 buckram and other; 2,030 leather). He started working on April 9, 1973.

MAP DEPT.: Aside from acquiring maps of only research interest, the department will collect selected maps of general interest. A travel agency it is not, but it does have several excellent European road maps and guide-books from the Michelin Tire Co.; U.S. state and Canadian provincial highway road maps; many U.S. and Canadian city street maps; Kentucky county highway maps; Kentucky topographic maps (1:24,000); and detailed maps of most U.S. National parks.

WORTH READING: If you haven't yet, you really should. The article is entitled "A Conversation with Hendrik Edelman" and it's by Cecilia Reino. Mr. Edelman is the Assistant Director for Development of the Collections at Cornell. His impressions and thoughts after spending three weeks on the main Cornell reference desk are the subject of the article. (Cornell University Libraries. Bulletin. no. 182:4-7, March-April 1973)

EMPLOYMENT OPPORTUNITY: Assistant Director of University Libraries for Technical Services; State University of New York at Buffalo; MLS with substantial Technical Services background; \$18,000+; apply to Mrs. Madeleine Stern, Chairman, Search Committee, Lockwood Memorial Library, State University of New York at Buffalo, Buffalo, New York 14214.
