

Kentucky University,
Treasurer's Office, June 12, 1877.

To the Curators of Kentucky University:

In accordance with that provision of the Charter of Ky. University which requires the Treasurer to "render a true account current of the State of his office to the Board of Curators at its annual meeting", I beg leave to submit the following report.

I. Endowment Fund

The amount collected of this fund, as reported June 1, 1876, was \$215,412 10. This has been augmented by amount collected by the General Agent \$416,85, plus interest while in his hands, \$31,15; total \$448; and it has been diminished by amount refunded to Mercer County \$99,87; leaving the amount of this fund, June 1, 1877, \$215,760 23.

The uncollected portion of the Endowment fund, as reported by the General Agent, June 1, 1874, was \$38257 08. As the business of collecting this has not been placed in my hands, I can make no report of the same.

II. Investments.

The amount invested in Stocks and bonds in the hands of the Executive Committee, June 1, 1876, was \$157,486 66. Early in May 1877, the Lexington & Frankfort R. R. bonds (\$25000 00) were paid by the Receiver of the Louisville, Cincinnati, & Lexington R. Road, leaving the amount invested \$132,486 66. The mode of investment is as follows:

Northern Bank of Kentucky,	16 Shares,	cost	\$ 1600 00
Farmers Bank of Kentucky,	50 "	"	5000 00
Commercial Bank of Kentucky,	400 "	"	41574 00
Bank of Kentucky,	110 "	"	10826 00
Danville and Frankfort Turnpike,	30 "	"	1500 00
Danville and Nicholasville Turnpike,	8 "	"	800 00
Louisville, Cincinnati, and Lexington R. Road,	54 bonds	"	46686 66
Kentucky Central R. Road,	8 "	"	8000 00
Lexington City Bonds,	16 1/2 "	"	16500 00
Total			\$ 132486 66

The dividends on the stock of the Northern Bank of Kentucky have been during the last fiscal year 9%; of the Farmers Bank 6%; Bank of Kentucky 10%; The Lexington City Bonds, pay 8% annually; the Kentucky Central R.R. 7%; the Danville and Frankfort Turnpike paid 3%; the Danville and Nicholasville nothing.

The Commercial Bank of Kentucky has paid no dividend since July, 1873. Its stock, then worth 70 cents to the dollar, has since greatly declined. ~~Its present value is an unworkable one. I would earnestly~~ Its directors propose reducing its capital to one-fourth of its present amount, thus cutting down the four hundred shares of the University to ~~call the attention of the University to the condition of this portion of the invested~~ ~~one hundred.~~ ~~As the Executive Com. By instructions of the Executive Com- mittee I have accepted acceded to their proposal.~~

The Louisville, Cincinnati, and Lexington R. Road bonds, usually denominated Short Line Bonds, are seven per cents, and are secured, principal and interest, by the first mortgage of \$3,000,000 on the property of the road. Till recently none of their past due Coupons have been paid, but about a month since the first set, namely those bearing date Jan'y 1 1874 were paid with accrued interest. The amount of past due coupons ^{of bonds} held by the University, ^{including those paid to the Professors on their salaries} will, by July 1, 1877, be \$13230. These coupons have appreciated very much in value during the past year. A sale of the road with all of its franchises is set for Oct. 1, 1877.

III. Real Estate and Building Fund.

The indebtedness of this fund to the Endowment fund, as reported June 1, 1876, was \$23,557 08. This has been augmented by transfers from the General Expense Account to the extent of \$5868 53, making the present balance to the debit of this fund \$29,425 61.

The amount of uncollected subscriptions to this fund, as reported June 1, 1876, was \$25,461 64 by the General Agent June 1, 1874, was \$23,557 08. The amount since reported to me as collected by him to Oct. 15, 1875, is \$3950 89. As the ^{collection} management of these fund subscriptions is not in my hands, I am unable to report what amount has been received since the date last mentioned.

IV. Apparatus Fund.

The balance to the credit of this fund, June 1, 1876, was \$2,838 98. This has since been diminished to the extent of \$600 by transfer from General Expense Account, leaving the present balance \$2,238 98.

V. Prize Fund. (2)

This fund, composed, Jan'y 1. 1871, of Coupons given by E. D. Sayre, S. K. Hunt, and Jas. C. Stone, to the nominal value of \$3000, has remained in the hands of the General Agent. I am, therefore, unable to report the number of Coupons sold, or the amount received for them.

Net indebtedness June 1, 1876			51870 64
Decrease during fiscal year (apart from accrued unpaid interest)			\$4208 23

The net indebtedness by Notes and Accounts as above is	\$ 47,662.41
The estimated interest on Bills Payable to June 1, 1877 is	3,275.00
Making a total of	50,937.41
To which must be added the floating debt - say	1,000.00
	51,937.41
From which deduct income to be received by July 1, 1877	6,374.00
Leaving a balance of	\$ 45,563.41

This sum is subject to another deduction of the cash value of 378 coupons Short Term bonds which will have matured by July 1, 1877. The face value of these is \$13,230, and the accrued interest \$1,190, a total of \$14,420, which deducted from \$45,563.41 above, leaves \$31,143.41, the net indebtedness after exhausting the available resources. A similar calculation in my last report gave \$34,475.64, showing an improvement during the fiscal year of \$3,322.23.

XII. Entire Indebtedness.

The collected Endowment Fund is	\$ 215,760.23
" " Apparatus Fund is	22,389.98
Making Joint fund	\$ 217,999.21
Deduct, Investments in Stocks & Bonds	\$ 132,486.66
Endowment money (uninvested)	25,000.00
Bills receivable (\$3,271.19 + 448.00)	3,719.19
Total	161,205.85
Deficit in Endowment & Apparatus funds	\$ 56,793.36
Net Liabilities as given above	\$ 47,662.41
Debit balance of Gen. Expense ac	3,792.63
Excess of liabilities over balance Gen. Ex. ac	9,736.04
Making a total to be accounted for of	\$ 66,529.40

This may be done by the following items:

Due from Rd. & B. Fund	(See trial balance)	29,425.61
" " A.M. College	" " "	17,936.25
" " Meek Dept.	" " "	14,163.50
" " do. do. (G. W. York's note)		5,000.00
" " W. H. Marquand (amt. overpaid him)		4.04
Total		\$ 66,529.40

It will thus be seen that the Endowment and Apparatus funds have been used for the benefit of the R. E. & B. Fund, the A. & M. College, and the Mechanical Department, to the extent of \$56,793.36, and that the General Income of the University has been used for the benefit of the same to the extent of \$9,732.

To make good the Endowment and Apparatus Funds will require
~~\$56,793.36~~ No sum of \$56,793.36
And to meet the Bills Payable, accrued interest thereon,
and sums due on account, after deducting the income
to be received by July 1, 1877, will require 45,563.41
Making a total of \$102,356.77

A similar calculation in my last report gave \$107,158.87
The available resources to reduce this sum are the Short Line Coupons
(\$13,230) previously mentioned, with their accrued interest, the amount that
may be collected of the R. E. and B. Fund, and the sum that may be
received from the sales of wagons, reapers, &c. in the Mechanical Department.

Annexed will be found the Trial Balance of the books of the Treasurer,
presenting the State of each account June 1, 1877.

Respectfully submitted,

D. S. Grover, Treasurer
