

Irregularities

Minutes of the Meeting of the Executive Committee of the Board of Trustees of the University of Kentucky, November 23, 1951.

The Executive Committee of the University of Kentucky met in the President's Office at 12:00 noon Friday, November 23, 1951. The following members were present: Guy A. Huguelet, Chairman; H. D. Palmore, J. C. Everett, and Harper Gatton. Absent: R. P. Hobson. President Donovan and Secretary Frank D. Peterson met with the Committee.

A. Approval of Minutes.

The minutes of the Executive Committee of October 20, 1951, were approved as published.

B. Report of the Comptroller.

The Comptroller made the usual financial report for the period July 1 to October 31, 1951. The report contained a balance sheet and statement of operations of all funds.

Members of the Committee examined the report, and upon motion duly made, seconded and carried, ordered same received and filed.

C. Budget Changes.

President Donovan submitted a list of changes in the University budgets which have been submitted on Form 26 "Payroll Changes -- Budget Transfer." He read the list of decreases and increases in various appropriations and stated that the net decrease amounted to \$16,166.86. He recommended that the changes be authorized and approved.

Upon motion duly made, seconded and carried, the recommendation of the President was concurred in, and the Comptroller was authorized to make the necessary budget adjustments. The list, dated November 12, 1951, was ordered filed with the Secretary.

President Donovan stated that he had recently received a request from Dean White and Dr. George K. Brady for an increase of \$211.70, to pay for materials, typing and assembly of materials for some twenty sections of humanities courses which will be needed in the near future. The President stated that he was satisfied that the request should be approved, and recommended the increase.

Upon motion duly made, seconded and carried, the sum of \$211.70 was authorized paid out of the unappropriated surplus of the University budget and made available for preparing materials needed in connection with humanities work.

D. Government Security Agreement Authorized.

President Donovan submitted Agreement between the United States of America, through the Department of Navy, acting for the Department of Defense, and the University of Kentucky.

The Agreement provides that, whereas the United States of America, through the Department of Navy, acting for the Department of Defense, has purchased or may in the future purchase from the University supplies or services which are required and necessary to national defense, and the disclosure of information gained through knowledge of and working on Government materials might be detrimental to the interest of the national defense of the United States, the University agrees to set up controls and protect all materials classified "top secret" or "secret". The representatives of the Government are given the right to make inspection of procedures, methods and facilities.

Upon motion duly made, seconded and carried, the Security Agreement was authorized executed on behalf of the University, and the officials were given authority to enter into similar agreements and execute same on behalf of the University when other contracts for supplies and services which are required and necessary to the national defense of the United States are entered into by the University.

E. Military Uniform Deposit.

President Donovan stated that the Comptroller's Office had for a number of years required a deposit on military uniforms issued to students taking Military Science, and now that we have the Air Science, it becomes necessary to make a revision in our regulation for deposit on military uniforms. The following regulation was recommended:

"Deposit for Military Uniform

"Each student taking Military Science or Air Science is required to make a deposit of \$25.00. This deposit is refunded after the uniform and all equipment have been checked in at the close of the school year."

Members of the Committee heard the recommendation, and upon motion duly made, seconded and carried, all regulations previously enacted by the Board concerning deposit for military uniform were rescinded and the following regulation adopted:

"Deposit for Military Uniform.

"Each student taking Military Science or Air Science is required to make a deposit of \$25.00. This deposit is refunded after the uniform and all equipment have been checked in at the close of the school year."

F. Provisions of Annie Dillard Will Approved.

President Donovan stated that, under the provisions of the will of Miss Annie Dillard, deceased, the University has an option of paying \$3,089.65 to the executor of the estate and accepting title to 316½ acres of real estate in Young County, Texas, or permitting same to be sold by the executor and receiving the residue of the estate.

President Donovan and Mr. Peterson recommended that the University pay the sum of \$3,089.65, to make it possible for the executor to comply with all provisions of the will, and accept the deed to the real estate in the name of the Commonwealth of Kentucky, for the use and benefit of the University of Kentucky.

The recommendation was discussed, and upon motion duly made, seconded and carried, the Comptroller was authorized to pay the sum of \$3,089.65 from the Haggin Fund, and to accept a deed to the real estate in Young County, Texas.

G. Luncheon.

At 12:30 p.m., luncheon was served to the members in the President's Office, and after luncheon, at 1:15 p.m., they again took up the material on the agenda.

H. Activities Appropriation for Northern Extension Center.

President Donovan read a letter from Dr. Leo M. Chamberlain outlining what had been done towards carrying on a Student Activities Program at the Northern Extension Center. He stated that he believed it desirable to continue a student activities program and suggested that the sum of \$385.00 be appropriated from the College Collection Fund, Account 3310, to supplement the activities of the Northern Extension Center on behalf of the student body. He explained that the students at the Northern Extension Center are separated from the main campus and have little opportunity to join in the many activities that mean so much to our students on the Lexington campus.

Members of the Committee discussed the desirability of assisting in a social program at the Northern Extension Center, and upon motion duly made, seconded and carried, authorized the sum of \$385.00 appropriated from the College Collection Fund and made available for a student activities program at the Northern Extension Center.

I. Gunras Arnold Klipsons to Pay In-State Fee.

President Donovan stated that Gunras Arnold Klipsons, displaced person, and his mother came to the United States about a year ago. His father had been a colonel in one of the European armies during the War and was killed in that conflict. Mr. Klipsons is a student in the University and has made a splendid record. Upon entering the University, Mr. Klipsons was charged the customary fee for Kentucky students, since he was residing in Lexington. There now appears some question of whether or not Mr. Klipsons, under our regulation, should be classified as an in-state or out-of-state student.

President Donovan recommended that the Executive Committee waive the regulation in that case to permit Mr. Klipsons to be charged only the in-state fee for the period of his stay in Kentucky.

Members of the Committee discussed the matter, and upon motion duly made, seconded and carried, concurred in the recommendation.

J. Gifts.

From: Grayson Foundation -- \$6,000.00.

President Donovan reported receipt of check for \$6,000.00 from the Grayson Foundation, and stated that this contribution was made to the Kentucky Experiment Station for the purpose of conducting cooperative tests with Vanderbilt University in furthering the studies and investigations on equine virus abortion. He recommended that the check be accepted.

Upon motion duly made, seconded and carried, the check for \$6,000.00 from the Grayson Foundation was ordered accepted and used for the purpose intended, and President Donovan was requested to thank the donors for their gift.

From: Various Donors to Black Shank Tobacco Program.

President Donovan stated that a number of checks had been presented to the University, to be used in connection with the development of the Experiment Station's Black Shank Tobacco Project. He listed these gifts as follows:

Western District Warehousing Corporation, Shelbyville, Ky.	\$ 200.00
George W. Helme Company, Inc., Hopkinsville, Ky.	250.00
Moss Tobacco Company, Inc., Horse Cave, Ky.	200.00
Farmers Cooperative, Inc., Madisonville, Ky.	50.00
Stemming District Tobacco Association, Henderson, Ky. .	500.00

James I. Miller Tobacco Company, Inc., Wilson, N.C. -- two gifts -- (1) \$200.00, and (2) \$200.00..	\$ 400.00
Western Dark Fired Tobacco Growers Association, Mul- ray, Ky.	600.00
American Snuff Company, Inc., Clarksville, Tenn.	400.00
United States Tobacco Company, Hopkinsville, Ky.	500.00
Eastern Dark Fired Tobacco Growers Association, Spring- field, Tenn.	900.00
R. M. Barker Tobacco Company, Inc., Carrollton, Ky. ..	200.00.

The Committee expressed its appreciation of these gifts and discussed the fine use to which they would be applied. On motion duly made, seconded and carried, the gifts as outlined were ordered accepted, and President Donovan was requested to write letters of appreciation to the donors.

From: Mrs. J. J. Goodwin, Cypress Manor,
Proctorville, Ohio -- Many Vol-
umes of Books to the College of
Pharmacy Library.

President Donovan reported receipt by the College of Pharmacy Library of a number of books donated to the University by Mrs. J.J. Goodwin, Cypress Manor, Proctorville, Ohio. He recommended that the gift be accepted.

On motion duly made, seconded and carried, the gift of books was ordered accepted and placed in the College of Pharmacy Library, and President Donovan was requested to thank Mrs. Goodwin for her generosity.

From: Colonel James H. Graham, Louisville,
Ky. -- Articles of Furniture.

President Donovan read the following letter from Mr. E. B. Farris, Chief Engineer:

November 14, 1951

Dr. H. L. Donovan, President
University of Kentucky
Campus

Dear Dr. Donovan:

Pursuant to your recent request for information on the furniture donated to the University by Colonel Graham, we furnish the following list.

1. 1 mahogany buffet - 6'-6" long, 2'-2" wide, 3'-10" high. This is an elaborately carved Victorian buffet made of mahogany with crotch veneering on all surfaces. Has bow front side doors, drawers have rounded fronts and it has a full length mirror 22" high across the back.
2. 2 large wing back chairs - 2'-9" wide, 3'-6" high with ball and claw feet. These are extraordinarily well built chairs.
3. 1 mahogany coat and hat rack, with mirror, 3' wide, 7' high.
4. 1 mahogany pier mirror, elaborately carved with adjustments right, left and vertical. Mirror size 2'-6" x 5'-6".
5. 1 Rosewood square piano made by Peters, Webb & Company - 3'-4" wide x 6'-6" long.
6. 1 Dining Room table, matching the buffet, complete with extension leaves.
7. 1 R.C.A. walnut combination radio and record player in an elaborately carved Jacobian cabinet, size 3' wide x 1'-10" x 5' high.

All of this furniture is in from good to excellent condition. The dining room table has already been delivered to the Women's Residence Halls. The radio cabinet is being fitted with a modern radio and record player and when this is done it will be delivered to the Women's Residence Halls. I understand also that the wing chairs are to be recovered and delivered to the Women's Residence Halls at a later date.

This furniture is all of the very best grade and should be a valuable and useful addition to the properties of the University. Dr. Stein is interested in the piano but wishes to examine it in more detail to consider the possibility of having it restrung and put into serviceable condition.

Trusting that this is the information you request, I am

Very truly yours,

(Signed) E. B. Farris
Chief Engineer.

President Donovan recommended acceptance of this useful gift, and upon motion duly made, seconded and carried, the Committee concurred in the recommendation of the President. President Donovan was requested to thank Colonel Graham for the gift.

From: Panhellenic Association -- \$500.00.

President Donovan read the following letter to the Committee:

November
Fourteenth
1951

Miss Mary Blanton Williams, President
Panhellenic Association
219 University Avenue
Lexington, Kentucky

Dear Miss Williams:

Dean Sarah B. Holmes has forwarded to me the check of the Panhellenic Association in the amount of \$500.00. This represents the Association's gift to the Frances Jewell McVey Scholarship Fund, which is administered by the Kentucky Research Foundation. As you know, this fund has been built up to honor the memory of Mrs. McVey, who did so much for the University of Kentucky during the years that she was at Maxwell Place. The fund now totals more than \$20,000 and provides annually an income sufficient to give a sizeable scholarship to a worthy girl. This is the seventh check in the amount of \$500 that the Foundation has received from the Panhellenic Association and the total contribution of \$3,500 represents a sizeable proportion of the total fund.

Please convey to all the officers of the Panhellenic Association our sincere thanks, both for the Kentucky Research Foundation and the University Scholarship Committee.

Sincerely,

(Signed) Leo M. Chamberlain
President.

President Donovan recommended that the gift of \$500.00 from the Panhellenic Association be accepted and added to the Frances Jewell McVey Scholarship Fund, and requested the President to thank the donors for their gift.

From: Ashland Oil & Refining Company --
\$1,595.10.

President Donovan reported receipt of check for \$1,595.10 from the Ashland Oil & Refining Company to be placed to the credit of the Ashland Oil & Refining Company Scholarship Fund. He recommended that the gift be accepted.

Upon motion duly made, seconded and carried, the gift of \$1,595.10 from the Ashland Oil & Refining Company was ordered accepted, and President Donovan was requested to write a letter of appreciation to the donor.

K. Employment of Mrs. Robert G. Beavers Approved.

President Donovan read the following letter from Dean Terrell:

November
Twenty-first
1951

Dr. H. L. Donovan
President
University of Kentucky

Dear Doctor Donovan:

Attached hereto is a letter from Prof. E. B. Penrod, Head of the Mechanical Engineering Department and the Aeronautical Research Laboratory, requesting the appointment of Mrs. Robert G. Beavers to take the place of Mrs. Edna Overstreet, resigned.

As you know, Mrs. Beavers is the wife of Robert G. Beavers who is Supervisor of the Aeronautical Research Laboratory. Mrs. Beavers has had wide experience in both clerical and stenographic work and I am sure that she will be able to do the work we want done. We have made an earnest effort to find someone qualified to take Mrs. Overstreet's place, however up to the present we have not been able to find such a person. At the present time we have two government contracts and have some more in prospect and since it is so important that we keep up with our records and correspondence, I am asking that you approve Mrs. Beavers' appointment on a temporary basis.

Yours truly,

(Signed) D. V. Terrell,
Dean.

President Donovan recommended that the request be approved, and on motion duly made, seconded and carried, the regulation affecting employment of relatives of any member of the University staff holding the rank of assistant professor or higher was waived, and Mrs. Robert G. Beavers was approved for employment

L. Injury to Jesse Bond.

President Donovan reported an injury to Jesse Bond, employee of the Central Heating Plant. Mr. Bond fell down the steps of one of the staircases at the Central Heating Plant. He received lacerations on the face, and was taken to the Good Samaritan Hospital for emergency treatment. Several stitches were taken to close the cut and, after overnight observation, he was released from the Hospital by Dr. Ralph Angelucci. The Good Samaritan Hospital submitted bill for \$35.00 and Doctor Angelucci submitted bill for services rendered in the amount of \$25.00. Mr. Bond was carrying hospital insurance, and the sum of \$45.00 was recovered. President Donovan recommended the balance of the doctor's account, \$15.00, be paid.

Upon motion duly made, seconded and carried, the balance of Dr. Ralph Angelucci's bill, or \$15.00, was ordered paid, with the expressed understanding that the action on the case was without commitment as to future action of the Committee, and it did not establish a precedent and did not admit negligence or liability in paying this hospital bill.

M. Leave of Absence for Mr. E. J. Kilpatrick.

Mr. E. J. Kilpatrick, Assistant State Agent in Cooperative Extension Work, who has been employed by the University since March 1, 1914, requests sabbatic leave with half pay. Mr. Kilpatrick says he desires to study, travel, and accept a Fulbright appointment as visiting lecturer in agricultural extension at the Superior School of Agriculture, Athens, Greece. He will be gone from December 1, 1951, through June 30, 1952. He will receive as compensation 12,738,888 Greek drachmas per month, which is estimated to be equal to the cost of living expenses in Greece for the applicant and one dependent. While in Europe he proposes to study (a) agriculture in Greece, France and England; (b) analysis of Greek Extension Legislation recently enacted; and (c) intensive review of United States Extension literature in preparation of lectures.

Leave of absence for Mr. Kilpatrick was recommended by C. A. Mahan, State Agent, Extension Service, and Frank J. Welch, Dean and Director of the College of Agriculture and Home Economics and Agricultural Experiment Station, and approved by President Donovan.

Members of the Committee received the recommendations, and upon motion duly made, seconded and carried, authorized leave of absence for Mr. E. J. Kilpatrick, Assistant State Agent, on half pay, from December 1, 1951, through June 30, 1952.

N. Agreement between Cincinnati, New Orleans and Texas Pacific Railway Company and University of Kentucky.

President Donovan presented Supplemental Agreement with the University to cover track extension from the Central Heating Plant across the north of the Service Building. The Agreement carries a deed to that parcel of land covered by the track and extends a distance of 106 feet along the concrete platform north of the University of Kentucky Service Building. It includes the provision of a former Agreement concerning the track referred to as 82-39, used for serving the University of Kentucky Central Heating Plant, and authorized executed on behalf of the University March 17, 1937.

Members of the Executive Committee were advised that the Agreement had been checked by Acting Dean W. L. Matthews, of the College of Law, and recommended for approval by the Comptroller.

On motion duly made, seconded and carried, the Agreement was authorized approved and executed on behalf of the University.

O. Surplus Property Authorized Sold.

Mr. Peterson explained that the University owns two 20 MM Cartridge Cases, MK 11, SHEFFIELD Multichek, ME 1345. He stated that these cases were surplus to the needs of the University and that one of the cases might well be disposed of.

Upon motion duly made, seconded and carried, the Comptroller was authorized to sell one 20 MM Cartridge Case, MK 11, SHEFFIELD Multichek, ME 1345, upon receipt of competitive bids.

The Comptroller reported the University owns one two-ton chain hoist. This hoist is too large and heavy for most efficient use in the Machine Shop. The Comptroller requested permission to exchange this hoist for a one-ton new hoist of comparable value, and stated that the manager of the Machine Shop, Mr. Mangelsen, and Dean Terrell had requested and recommended the change.

Upon motion duly made, seconded and carried, the Comptroller was authorized to complete the transaction.

P. Request to Televisе Kentucky-Tennessee Football Game Denied.

President Donovan reported that WHAS-TV, through its manager, Mr. Victor Sholis, had requested permission to televisе the Kentucky-Tennessee football game to be played on Stoll Field November 24, 1951. The request was discussed at the meeting in Birmingham, Alabama, on November 17, by the presidents of the member institutions of the Southeastern Athletic Conference. He reviewed the request

that he and President Brehm, University of Tennessee, had made to the member institutions by telegram for permission to televise the game. The action on the part of many people in the State, including the Governor of the Commonwealth, United States Senators from Kentucky, and the Attorney General of the United States, was noted.

The Committee for the NCAA having jurisdiction over telecasts of athletic events of member institutions, had steadfastly declined to permit the game to be televised. The University of Kentucky was a party of and agreed to the experiment of selecting certain games throughout the nation to be televised and refusing to permit other games to be telecast. A great many telephone calls, telegrams and conversations had been had regarding telecasting the game.

The members of the Executive Committee discussed at great length the problem at issue, and upon motion duly made, seconded and carried, directed that the game not be televised, and authorized the Chairman to issue the following statement:

"At the regular monthly meeting of the Executive Committee of the Board of Trustees held here today a great deal of time was given to the matter of televising the Kentucky-Tennessee football game to be played here tomorrow. Every effort had been made by the University to obtain the voluntary permission of the NCAA for this telecast. Such permission has not been forthcoming. Under the circumstances, the Executive Committee reluctantly concluded and so decided that permission by the University to televise this game will not be given because it is apparent now that the NCAA will not voluntarily permit same. We all regret that this cannot be done. The University was a party to the NCAA television experiment and feels that no other decision would be consistent under the circumstances.

PRELIMINARY STATEMENT OF THE JOINT MEETING OF THE
EXECUTIVE COMMITTEE OF THE BOARD OF TRUSTEES, THE
BOARD OF DIRECTORS OF THE ATHLETICS ASSOCIATION, AND
THE EXECUTIVE COMMITTEE OF THE ALUMNI ASSOCIATION OF
THE UNIVERSITY OF KENTUCKY.

In November, 1951, after the basketball scandal broke, Governor Wetherby, as Chairman of the Board of Trustees of the University of Kentucky, called Mr. Vincent O'Connor, the Assistant District Attorney of New York, and urged him to come to Kentucky and make a complete investigation. In December, Mr. O'Connor had numerous meetings here with Governor Wetherby, President Donovan, members of the Board of Trustees and of the alumni. Mr. O'Connor was given the full cooperation of all. Due recognition of that cooperation has been made by Mr. O'Connor and by Mr. Frank Hogan, the District Attorney.

Subsequently, Mr. Robert P. Hobson, a Trustee; Mr. A. D. Kirwan, Dean of Students; Mr. Bernie Shively, the Athletics Director; and Coach Adolph Rupp, went to New York and conferred with Judge Saul Streit of the Court of General Sessions of the County of New York. President Donovan also offered to go to New York in order to give him any information which would be of help to him. In addition, financial records of the Athletics Department of the University were furnished Judge Streit in order to give him as complete a picture as possible of the entire athletics situation.

In spite of this, Judge Streit has seen fit to make public a denunciation of the University of Kentucky, its officers, its faculty, its alumni, its basketball coach, a public official of the State of Kentucky, and the community of Lexington.

Much of Judge Streit's statement reflects only his personal opinions based on meager and sometimes erroneous information. Interspersed with his statements of opinion are statements of fact. But these statements of fact, removed from context and taken together with his statements of opinion, have produced a distorted and untrue picture of the athletics program of the University.

Many of Judge Streit's opinions are controversial, even among his colleagues on the bench. On April 26, in sentencing two Manhattan College players on fix charges, Judge Barrett of the Bronx County, New York, Court said, "I see no harm in athletic scholarships; in fact, I think they are a good thing. The fault lies with the public. If they continue to bet on the games they are responsible."

The specific charges which Judge Streit makes against the University are several in number and they will be discussed specifically.

1. Judge Streit attributes the athletics scandal at Kentucky to "the inordinate desire by the trustees and alumni of Kentucky University [sic] for prestige and profit from sports". In the first place, it should be said that the Athletics Association of the University is a non-profit agency. All of its income goes for the support of the entire athletics program of the University as well as for other educational and cultural purposes. In the second place,

the desire for winning teams is not a characteristic peculiar to the alumni of Kentucky. As Judge Streit points out, this is equally true of the alumni of most of the educational institutions in America as well as the American public generally.

2. One of the most serious charges in Judge Streit's statement is that unqualified students have been admitted to the University on athletics scholarships. Judge Streit referred specifically to the cases of Nicholas Englis and Walter Hirsch. We have before us the high school transcripts and the college records of these two students, together with University bulletins for the years in which they were admitted, wherein are published the entrance requirements of the University. There can be no doubt that these students were technically qualified to enter the University under the rules of the University Faculty. In fairness to Judge Streit it should be pointed out that his statement was based upon an erroneous remark made to him by the Dean of Students who did not know that an earlier admissions rule had been changed in 1943 at a time when there was no football team at the University.

3. Judge Streit charges that cribbing by Groza, Beard, and Barnstable was "encouraged and tolerated by University officials". The basis for this charge is statements by the three boys that when they had been absent from examinations they were permitted, in some cases, by their instructors to take the same examination which had been previously given to the class. This, of course, gave them an opportunity to converse with other students and to learn something of the nature of the examination. However, this opportunity was available not only to athletes but to any student who might for any legitimate reason have missed the examination. This practice was confined to a few members of the faculty whose trust was sometimes betrayed. We believe that faculty members should use every possible means to remove temptations for cheating. But we are of the opinion that Judge Streit's conclusion that these few instances actually constitute condoning of cribbing by University officials is a gross distortion of the truth.

4. Charges were made that Coach Rupp discussed point spreads with his teams and there is an insinuation that he was in liaison with gamblers. Coach Rupp has stated that on a few occasions he pointed out to his team that they were favored to win by a lop-sided margin. This information was published in every metropolitan newspaper in the land for all who were interested to read. We can understand how Judge Streit, from his point of view, might read a sinister meaning into such an act. We can also appreciate that Coach Rupp and other coaches would use this information only to stir their teams to greater efforts.

5. It appears to us that Judge Streit has labored to establish a relationship of intimacy between Coach Rupp and a Lexington bookmaker. He points to two occasions during a week in New York when this individual visited Mr. Rupp's table in a night club and two visits which Coach Rupp made to the bookmaker's home in Lexington. However, Judge Streit's own statement explains that the bookmaker was not a member of Mr. Rupp's party in the night club but that he happened to be there coincidentally with him and called for a short time at Mr. Rupp's table. Judge Streit also explains that the visits to the bookmaker's home in Lexington were for the purpose of securing a contribution to the Shrine Crippled Children's Hospital. While we certainly do not condone even a casual relationship between any University employee and a professional gambler, it appears to us that Judge Streit has taken a rather accidental affair and given it an appearance of evil that is not warranted.

6. We are somewhat confused at the charge that Mr. Rupp "deliberately sacrificed the physical welfare of the players". We know of no incident which would justify such a charge. On the contrary, all information shows that he has always been extremely solicitous of their care, and that players on his teams are always in superb condition. The only instance cited in Judge Streit's charge is based on an incident that occurred in Madison Square Garden in 1948. Ralph Beard, suffering from a sprained ankle, was taken by the team trainer to the official physician of Madison Square Garden. This doctor injected Novocain, taped the ankle, and Beard played that night. We have before us statements from two of the most eminent surgeons in Kentucky explaining that this was proper medication for the injury, that it in no way should be associated with the use of narcotics to stimulate players, and that in their opinion there could be no harmful result therefrom.

7. Coach Rupp has stated that he had information of the payment of sums of money to certain players beyond the legitimate scholarship allowances of the Southeastern Conference. This practice is not condoned. The Southeastern Conference at its last meeting in December, 1951, upon the motion of Dr. Kirwan, our representative, adopted a rule which now requires all athletes to make affidavit that they have not received and will not accept any inducements beyond the legitimate Southeastern Conference scholarships. It was also stated by Coach Rupp that certain players received rather generous expense and entertainment allowances following bowl games. Steps have already been taken to eliminate such practices, and we charge officials of the University to exercise such diligence as to insure that they will not recur.

8. We note that one of the players is quoted as saying that when the team lost, "We were lucky to get something to eat." The impression created by such a statement is that the team was paid excessive subsistence sums when it won but that it was made to suffer privations when it lost. We have before us records showing the subsistence payments to all players in connection with every game during the years 1947-52. We find that in all instances the same subsistence allowance was paid all players on these trips. We find that these amounts were adequate but not excessive and that variances in amounts for different games reflected the number of days covered by such subsistence payments.

9. Judge Streit is of the opinion that the University is spending an excessive amount of money on its basketball program. Others may share his opinion. However, in the \$107,000 budget for 1951 there was \$17,000 for travel, which included trips from New York to Seattle and New Orleans; guarantees paid other teams; cost of transporting the Band and SUKY to the S.E.C. Tournament; and other items charged to the basketball team only for bookkeeping purposes. We would point out that amounts of money spent on the athletics program, duly recorded and covered by C.P.A. audit, were honestly and openly administered. Furthermore, it should be emphasized that this was money realized from gate receipts and that not a dollar of taxpayers' money was spent on the athletics program. It in no way reflected a burden on the general funds of the University. We point out that a complete report of the finances of the Athletics Department is periodically made in the press. So far as we know we are the only university which does this.

10. Judge Streit charges that athletics are "highly systematized and commercialized enterprises" at Kentucky. We agree that they are "highly systematized" but see no reason why this should be condemned. Our teams are superbly coached and equipped and are well organized. Their finances are administered and audited as is proper in the case of any public enterprise.

The same is true of every department of the University. To do otherwise would properly subject the University to criticism.

Judge Streit obviously reads some evil connotation into the term "commercial". Certainly athletics are commercialized at the University to the extent that they must be self-supporting. It might be preferable if this were not so, but opinion in Kentucky and throughout most of the nation holds that athletics as an extra-curricular activity must not be a financial burden on the educational system. We repeat, no dollar of taxpayer money goes into our athletics program.

11. The statement condemns the University for illegal recruiting. Judge Streit is in error in his opinion that the rules of the Southeastern Conference and of the N.C.A.A. forbid recruiting. We are concerned with the problems attendant upon recruiting and we are gratified to learn that University officials and coaches months ago took strong affirmative action to see that undesirable practices not continue. Specifically we refer to the limitation which Coach Bryant has placed on recruiting, and to the University of Kentucky sponsored regulation requiring all athletes in the S.E.C. to make affidavits that they have not received and will not accept illegal subsidies. Finally, in this regard, we charge all officials of the University to use extreme diligence to ensure that in the future not only the letter but the spirit of all rules of the Southeastern Conference and of the N.C.A.A. shall be adhered to.

12. One further charge in Judge Streit's statement has been misinterpreted both by Judge Streit and by the public. He asserted that subsidies paid to players came from monies collected in 1948 for the Olympic Committee. This is not true. Three of the Kentucky players, Holland, Line, and Barnstable were not chosen on the Olympic team and were not eligible to travel to the Olympic Games at the expense of the Olympic Committee. A fund was collected by fans to send these three boys to England. After their expenses had been paid a small sum remained and this was the source of the subsidies.

13. Judge Streit has asserted that the University of Kentucky has no scholarships for students who find it necessary to work their way through college, the inference being that all student aid at the University is confined to athletics grants-in-aid. This is untrue, as anyone at all familiar with this institution or with higher education in general would immediately recognize. University records will reveal that there are awarded annually approximately 260 scholarships and fellowships - totaling in value more than \$75,000, none of which has the slightest connection with athletics, and practically all of which are assigned on the basis of scholastic ability and financial need. Athletics grants-in-aid are financed from the income from gate receipts, academic scholarships from the gifts of people genuinely interested in scholarship, and the amounts going to each are only indicative of the relative value placed by the public on athletics and on scholarship. We regret that a higher value has not been placed by the contributing public for purely scholastic attainment. We think it unfair, however, for Judge Streit to reflect on our faculty because larger funds for this latter purpose are not available.

The grants-in-aid referred to by Judge Streit in this connection have been given by the University of Kentucky in strict accordance with the rules of the Southeastern Conference and these rules, in turn, are quite similar to those of at least three other major conferences. This only argues that the University of Kentucky has been carrying out the policies of the conference of which it is a member, and that these policies have for years had the endorsement of the

people of the region who have been sufficiently concerned to express themselves. Every packed stadium or fieldhouse constitutes an endorsement of this athletics policy.

In conclusion, we would offer the opinion that Judge Streit went to unnecessary lengths in blackening the reputation of a University that has commanded respect throughout the land for its scholastic standards, for the high accomplishments of its faculty, and for its steady and sound development over the last three decades. It was totally unnecessary to the accomplishment of the purpose of the court for him to attempt to shake the confidence of the people of Kentucky in the entire structure of their University.

Our feeling about this is intensified by the realization that in sixty-seven pages of the attack upon the athletics policies of the University and upon its faculty, its alumni, its trustees, and its administration not one reference is made to the organized gambling in New York and the criminals that produced this scandal. We do not contend that our record in this affair is above criticism and we are firmly resolved to make such reforms in our athletics program as will assure the people of Kentucky that never again shall a scandal besmirch the name of their University. But in establishing an athletics program for the University we affirm that we shall be answerable to the people of Kentucky, to the N.C.A.A., and to our regional associations, and that our policies will not be dictated by Judge Streit.

For what has happened in respect to basketball, the administrative officials and the athletics staff are partially responsible, and they are ready to acknowledge that responsibility. But the blame for the tragic events of the last few months does not rest completely on any particular group or individual. It must be shared by the public that persists in gambling and in protecting gamblers, by over-zealous alumni, real and synthetic, who place athletics victories above all other considerations, by radio stations, newspapers, and magazines that have featured college sports out of all proportion to their importance, and by college and university administrative officials and coaches throughout the land. And it would be well for Judge Streit to remind himself that not the least responsible, by any means, are those who have tolerated the unsavory environment in which Madison Square Garden operates. It is a fact of some significance that there were no basketball fixes in America before the game was featured in Madison Square Garden and that no school, whether located in New York City or elsewhere, was ever touched by scandal until its teams had participated in one or more games in that arena. University administrators and coaches have erred in several respects, but one of their gravest errors was in ever permitting a basketball team to play in Madison Square Garden.
