I haven't seen the old waiting room or herd of the exchange girls either that trolley road hasn't gotten open yet. they have been ~~been~~ tied up for nearly a month now on account of the snow. and the D. & C. on our road is on the bum. nearly all the time they only run cars on two hour times.

Fannie was telling me you were coming down on April 11th that news Ha Ha. When you report at the school do you intend to stay down then.

I am glad to hear your foot has gotten better, and you can go out a gain well Grossie's are out a gain, and I'll tell you Art, has been having a good time. Well the nice Miss is all right she was over to see me Saturday I was sick in bed but am better a gain. I got a pair of

Dear Willie:-

I have been waiting until you should come up to thank for that which you sent me, but you have not yet appeared on the scene.

It is a perfect likeness not some thing grand, as a photographer once asked a lady.

Charity said and so did Harry that you were going to stay home now.

That was not your plan when you were up here that Sunday. Was it? You talked as though you would continue staying at Plymouth.

I should like to have you come up to our I mean the Senior entertainment about the last of March. We are to render Shakespear's tragedy of Macbeth. Perhaps you think it is a long way off. But then think it is only five weeks until the first of April and then will come Commencement. Oh, dear me how this time flies. It really don't seem

any time at all since school began.

I should have liked to go skating tomorrow but the weather has spoiled all my plans.

Charity said you had not forgotten your promise and should fulfill it.

I trust you are all well. How is Eula and Vada. Give them my love.

Sincerely,
Florence Ellsworth.

weather and fine sleighing.

Our ~~the~~ teacher bought a horse off of Mr Hall, he is a fine little fellow. they had a horse sale at the Danboro Hotel. they ~~for~~ sold several fine horses.

I suppose I had better stop talking about horses, or I will get you horse crazy like some girl down here is boy crazy but I can't help liking horses.

I have been sewing made two cushions tops and made a collar and been embroidering a dolley of Strawberries you know like that one I was making when you

none of the rest of the family got it, I was talking the his son Arthur. to-day he can't hardly wait he says he is missing all the sleighing.

I guess our John has given up going out west and I am so glad for we didn't want him to go.

I haven't been to school for two weeks, and was at the barn doing the noon work and had the horses and told Fannie the fat horse that some of these days her Harry would come and ride her to water, and she looked at me and looked as though she was smiling Dolly: our little driver has been a little lame. Dear Harry.

I received your letter about one week ago. You must Pardon me for not answering sooner for we have had a fierce blizzard down here the mail has not been going or the cars or any thing more.

And Danboro is turned up side down there ever so many folks sick with the sore throat, John C is in bed Ma & Pa are complaining and I have nearly all the work Mr Grosses next door are

quarantined in with the
Diphtheria, know one knows
how many more make before
the week is out. the weather is
fierce and cold. I suppose I will
have to cut this short and get to
work. Johnny Louder is still at
our house ~~is~~ storm stayed
I hope your foot is getting
better.

I have something to ask you
did you mean when you had
the stamp on up side down in
the right hand corner that I ~~sho~~
should write know more? Ha Ha

John has a book of Love
and I saw it in their, and
I looked at your letter and
found the last three that way.

Well if you don't hear from
me right away don't get excited
for mabe if we get the Diphtheria
and are quarantined in, you
know no mail can go from
the house.

Well I will close hoping
you will excuse this writing
and the style it is wrote.
