LIBRARY FACULTY

There will be a Library Faculty meeting on March 14 at 8:30 a.m. in Room 504, King South.

PROFESSIONAL POSITIONS TO BE FILLED

The following positions are being advertised to be filled in the coming fiscal year.

1. Cataloger. King Cataloging Department.
2. Business Librarian. This position will be made permanent and advertising is therefore required.

3. Collection Development Librarian. Since this position has not been described before I would like to quote from the "position letter" which is being distributed.

The primary responsibility of this librarian will be coordinating the activities of and, developing innovative programs for a Bibliographic Resource Unit. This Librarian will be the head of the unit and report to an assistant director. This unit is in a formative stage and needs critical attention and creative direction. The ability to work with large numbers of people - librarians and faculty, collection development expertise and experience in an academic library are essential as is a masters degree from an accredited library school.

The filling of this position appears essential for the resource utilization group in order to continue its effective beginning.

If you have an interest in any of these positions please let Dotty Green or me know. Candidates from within the Library system will be considered along with other individuals who might apply.

The Newspaper/Microtext position mentioned in an earlier issue of the Green Bean will not be advertised at this time.

P.W.
