

F. D. Herbert was present, charged with drunkenness on the night of the 6th. He confessed his crime and promised total abstinence from all intoxicating drinks in future. After a short discussion of the case it was resolved that F. D. Herbert's general conduct be reduced 20%, and that he be allowed to remain in this College only so long as he conforms rigidly to the rules of the Institution. Drs. Patterson was requested to make a public statement of the case to the students.

J. O. Slett having left College without permission was publicly demanded. Drs. Patterson reported the names of twenty seven (27) matriculates of this College who desire the organization of a class in German.

In consideration of the great need for such a class it was resolved that we recommend to Regent Bowman the organization of the class.

Mr. Payne, a matriculate of this College and also of the Commercial, was excused from drill, Regent Bowman having recommended that all such should be exempt.

The condition of the several clubs was reported, by their presidents, to be good. After the reading of the minutes of the last meeting the Faculty adjourned.
